MAYOR, 1892

AND SUPPORT

Economy and Efficiency

An Improved System of civic administration.
An effort to obtain a new city charter.

Amongst other reforms, the apportionment of civic business into a few **Permanent Departments**, controlled as to officials and service immediately by competent heads under suitable by-laws; but ultimately by the Council, the people's representatives as a body, and not as individuals.

Also the institution of a **Board of Control**, composed of the Mayor, the Chairmen of Committees (as *ex-officio* members) and Heads of Departments to suggest methods to control, reduce and manage the expenditure.

Reduced Taxation as far as practicable, consistent with the necessities of the city. With this view, retrench and moderate all controllable expenditures in every department of work and service.

Equitable assessment and fair taxation on all property and classes, and so as to promote the influx of capital.

Utilizing to the best advantage **City Property** and assets, and reduce the debt and encourage improvements.

Equivalent value in work and material for moneys expended.

Business-like **financial arrangements** to increase the credit and prosperity of the city.

An effort to procure **pure water** and thorough drainage, to protect the health of the citizens.

To encourage **manufacturing industries** and induce the use of capital in the city, and thus provide employment.

A readjustment of the **Local Improvement System** to render it fair and equitable in its operations.

To establish a judicious **relief system** for paupers that will at the same time protect the citizens from street beggars.

To establish a means of **reformatory punishments** for habitual drunkards.

To provide **reformatory restraints** in cases of first offences of a trivial nature or of youthful indiscretions.

Support an earnest endeavor to uphold the moral, healthful, financial and educational features of the Queen City.
