pist (Sobieski) saved Europe from the Turks. Papist discovered the compass. A Papist (Alfred) is held up as a model of excellence for all succeeding princes: A Papist (Kosciuski) is quoted as the truest of patriots and most single-minded of men. The greatest novelist of any age (Cervantes) was a Papist. The first reviewer (Desalle) was a Papist. Two of the greatest poets of England (Pope and Dryden) were Papists.. Dante, Ariosto, and Tasso Dryden) were Papists. Dante, Ariosto, and Tasso were Papists. All the great musicians, (Mozart, Hadyn, Cimarosa, &c.,) were Papists. All the great painters were Papists. All that is grand in the architecture of England, York Minster, and Westminster, are the relics of Popish services and were built be Papists. To Papists the World is indebted for the by Papists. To Papists the world is indebted for the Holy Bible, the Greek and Latin classics, and for the preservation and cultivation of the sciences. In our own age the Papists have the greatest sculptor (Canova) the greatest political economist (Adam Miller), the greatest moral philosopher (Schlegel), and the most learned biblical critic (Wiseman), and the prince of the famous school of German rationalists (Knot), the greatest natural philosopher (Schilling). Militor, Stolberg, Veith, and Phillips of Berlin, were all converts to the Catholic faith. The first treatise on Algebra was given by Lucius Pacci-olus a Franciscan monk. The Arabian Arithmetic was introduced into Europe by Gerbert, afterwards Pope Silvester II. The first voyage around the world was performed by the ship of a Papist (Mageldan). The variation of the compass was discovered by a Papist (Sebastian Cabot). Barometers were invented by a Papist (Toricelli) Spectacles were invented by a monk of Pisa. The Court of Common Pleas was established by a Papist (King John). The boast of Englishmen, a House of Commons, was first called by the Papist Edward. England was divided into six judicial circuits by a Papist (Henry II.) The present names of the winds and months were given to them by a Papist (Charlemagne). The application of magnetism as a propelling power was discovered by a Papist (Rev. Mr. Magawley). The greatest lyric poet (Moore), and the first of tragedians (Mr. Siddons), were Papists.

UNITED STATES.

The Christian Brothers, in New York, now pay for school-houses, books, and other school requisites, besides the salaries of such assistants as they may need, and, after paying all the charges, afford an excellent education at an average cost amounting to a very little over four dollars a year for each pupil, while under the State system of Common Schools, patronized by the authorities, every child whose name is entered on the register costs the public twenty-two dollars for the same length of time.— These considerations alone should induce a careful contrast and examination of the merits of the two systems of instruction by our citizens. If such should be entered on we bave little fear as to the result, and know very well to which side unprejudiced and educated examiners would award the palm of merit.-In the mean time let not our Catholic population grow lukewarm or indifferent in the cause of Catholic education. Their duty-to themselves, their children, and their respective Pastors-in this respect is plain. Educational institutions in which religion is treated as of little consequence, if not entirely ignored, are not likely to produce pious, practical Catholics, and there is little necessity of resorting to them for the purposes of secular instruction when the schools of the Christian Brothers are open on every side .- N. Y. Metropolitan Record.

Union Meeting in New York .- The largest popular demonstration ever known in America transpired on Saturday April 20, at Union Square, under the shadow of Washington Monument, the pur-America on the absorbing question which now appeals to the hearts of the American Union. The President rend the following letter from the Most Rev. Archbishop :-

New York, April 20, 1861. Dear Sir-Unable to attend the meeting at Union Square in consequence of indisposition, I beg leave to state my sentiments on the subject of your coming together in the following words:

Ministers of religion are ministers of peace, according to the instructions of their Divine Master. I have not ceased to hope and pray that peace and union might be preserved in this great and free country. At present, however, that question has been taken out of the hands of peace-makers, and is referred to the arbitrament of sanguinary con-

I am not authorized to speak in the name of any judge, there is the right principal among all of them

whom I know. It is nearly fifty years since, as foreigner by birth, I took the oath of allegiance to this one country of freedom, under its title of the United States of sirous of peace, when the Providence of God shall have brought it about, I may say that since the period of my naturalization I have known but one country. In reference to my duties as a citizen no change has come over my mind since then. The Government of the United States was then, as it is now symbolized by a national flag, popularly called the Stars and Stripes. This has been my flag, and shall be to the end.

I trust it is still destined to display, even in the gales that sweep many an ocean, and amidst the the gentler breezes of many a distant shore, as I have seen it in foreign lands, its own peculiar waving lines of beauty, whether at home or abroad, for a thousand years,—and afterwards as long as Heaven permits, without limits of duration. (Signed,)

JOHN HUGHES. Archbishop of New York.

Hon. John A. Dix

DESTRUCTION OF PROPERTY AT THE NAVY YARD .-The Engineer of the tug boat "Yankee" reports:— We arrived in Norfolk on the 19th inst., when we Yankee; and upon this becoming known, the entire crew of the steam tug ran from on board, and proceeded to the Navy Yard, to put themselves under the protection of Commodore McOnuley. The Commodore came down to the Yankee with a force of sixty marines, saying the mob, "Take him if you can; I will blow her out of the water first." Two boats were manned from the frigate Cumberland, and held in readiness to give aid to the attacked steamer. After a while the mob dispersed, until last Sunday afternoon. The Navy Yard was then set on fire by the federal troops, the caunous cast into the mire, and everything connected with the yard destroved, including the Merrimac, which lay along-side the Cumberland. The Pawnes arrived with 800 volunteers on board on Saturday night. The Merrimac and Jamestown were alread burned and sunk when the Pawnee arrived. Between three and four o'clock, on Sunday morning, the government troops set fire to all the ships remaining in the Navy Yard. The Pawnee left the Oumberland at Navy Island, and the Yankee took her in tow and forced her over the obstructions of the sunken vessels which were placed there to block her in; and when the Yankee got out she towed one of the sunken vessels into deep water. The Merriman, Germantown, Pennsylvania, Delaware, Columbus, and Boston were burned, and the granite dry dock was blown up, and the entire yard levelled by the fire, some houses being burnt in Portsmouth. On Friday night the magazine at the navy yard was broken open by the rebels and all the powder stolen. The following is a list of the vessels destroyed — Pennsylvania, 3241 tons, 120 guns; Columbus 2480 tons, 80 guns; Delaware, 2633 tons, 80 guns; New York; 2683 tons, 84 guns; United States, 1607 tons, 50 guns; Columbia, 1726 tons; Raritan, 1726 tons, 50 guns; Merrimac, 3200

tons, 40 guns; Plymouth. 989 tons, 22 guns; Germantown, 988 tons, 22 guns; Dolphin, 224 tons, 4

guns—Total, (21,389 tons, 606 guns. 🚕 🗛 Nearly all the officers of the United (1) States Steamer Niagara, arrived from Japan, resigned their commissions; one of them has since been arrested

for treasonable language? NATIONER Mith, the exception of Commodore Dahlgreen all the Officers in the Washington Navy Yard have resigned. In two days there were three hundred résignations in the army, navy and departments.

WAR ITEMS .- THE GREAT INSTRUMENTS OF DE-STRUCTION .- The Scientific American says :- "The Columbiad or Paixban (pronounced payzan) is a large gun, designed principally for firing shells—it being far more accurate than the ordinary short mor-tar. A mortar is a very short cannon with a large bore-some of them thirteen inches in diameter-for firing shells. Those in use in our army are set at an angle of 45 degrees, and the range of the shell is varied by altering the charge of powder. The shell is caused to explode at just about the time that it strikes, by means of a fuse, the length of which is adjusted to the time of flight to be occupied by the ball, which, of course, corresponds with the range. The accuracy with which the time of the burning of a fuse can be adjusted by varying its length is surprising-good artillerists generally succeeding in having their shells explode almost at the exact instant of striking. In loading a mortar, the shell is carefully placed with the fuse directly forward, and when the piece is discharged, the shell is so completely enveloped with flame that the fuse is nearly always fired. A Dahlgren gun is an ordinary cannon, except that it has been made very thick at the breech for some three or four feet, when it tapers down sharply to less than the usual size; this form was adopted in consequence of the experiments of Captain Dahlgren of the U. S. Navy having shown that when a gun bursts it usually gives way at the breech. The Niagara is armed with these guns, and at the Brooklyn Navy Yard there are sixty weighing about 9,000 pounds each, and six of 12,000 pounds weight each, the former of which are capable of carrying a nine-inch, and the latter a ten-inch shell a distance of two or three miles; and there is one gun of this pattern which weighs 15,916 pounds, and is warranted to send an eleven-inch shell four miles.

EVANGELICAL CLERICAL COUNTENANCES. - Ministers may often profit by the criticisms of laymen, and even of men of the world, and with a view to such edification we insert the following from a recent number of the Springfield (Mass.) Republican: - The clerical cast of countenance is not attractive, as a general fact. We mean the professional expression which so many clergymen, of the old school more think it necessary to put on at religious meetings, and on all occasions when they feel that they are representing religion in public. The look is pretty well known and easily distinguishable, but not so easily described. It is solemn rather than serious vacunt instead of thoughtful, awful rather than good, ghostly rather than divine. It is not a pleasant expression of any human face, according to our no-tion, and on some faces it is decidedly a disagreeable and repulsive. It excludes that glow of kindness, of sympathy, of chastened happiness, which answers to our idea of a Christian clerical countenance. There were some faces in the meetings which seem to have been labouring to express "the horrors of law" for forty years and more, and made awkward work of it altogether. Such faces told a sad and dismal history; there was no ray of Gospel in them; not one glimpse of reconciliation to God or man or joy and peace in believing. There were one or two faces on which heresy hunting was marked on every line; a keen critical look, eager to detect the mote in a brother's eye, and merciless in its exposure, pose being to utter the voice of the metropolis of with only a cold and insolent pity for such as were caught in unsoundness of opinion or of words. There were also some hard, worldly faces, which told plainly that the religion of the owners was a matter of business; they had made the best bargain they could with the heavenly powers, and meant to get the most for the least pay, dealing with God just as they do with men. Such men always make their appeal to human selfishness and fear, and persuade men to be religious merely because it is a paying investment.

CRIMINAL STATISTICS IN THE STATE OF NEW YORK. -The Secretary of State has reported to the Legislature the criminal statistics of the State of New York for the year 1860. The report gives a list of all the criminal convictions in the courts of record and of special sessions in the several counties of the State during the year. A comparison of the report shows that while convictions for the higher crimes of my fellow citizens. I think, as far as I can have decreased, convictions for petty offenses in courts of special sessions have been from ten to fifteen per cent more than in any former year. The whole number of convictions in courts of record, Oyer and Terminer, and General Sessions, in 1860 America As regards conscience, or patriotism, or judgment, I have no misgivings to-day. Still, dewas 2,172. Of these, New York county had 477; tions for murder were 12; manslaughter, 44; assault with attempt to kill, 48; arson, 16; forgery, 141; the remainder were for larcenies, burglaries, etc .-The convictions for petty offences in the courts of special sessions amounted to 37,967, of which no less than 22,073 were for drunkenness During the year the governor restored 52 persons to citizenship and liberated 76 prisoners from state prisons, jails, and penitentiaries.

THE MAN WHO WON'T PAY THE PRINTER. - May be be shod with lightning, and compelled to wander over gunpowder. May he never be permitted to kiss a pretty woman. May he be bored to death by boarding-school misses practising their first lessons in music, without the privelege of seeing his tor-mentors. May his boots leak, his gun hang fire, and his fishing lines break. May his coffee be sweetened with flies, and his teacup seasoned with spiders. May a troop of printers' devils, lean, lank, and hungry, dog at his heels each day, and a regiment of cats caterwaul under his window each night. May the famine-striken ghost of an editor's baby haunt his slumbers, and hiss "Murder!" in his dreaming found there was a movement on foot to seize the ear. In short, may his business go to min, and he go to Congress .- American Paper.

A GLIMPSE AT THE BACK WOODS .- And such a rising ground! The dwelling stood on a terrace which extended to an unknown distance on either hand, with such regularity of beight, and such perfection of level, that it seemed to have been formed by rule and measure. It was richly grassed; and it descended to the prairie below by a grassy slope of about 60 feet. How level the prairie was shown by the prodigious extent that was commanded by this elevation of 60 feet. Where the blue and brimming river wound between belts of noble trees, those trees bounded the view; and in other parts clumps of forest-trees acreened the horizon; but there were wide intervals in which the range of vision was free till the haze of distance confounded the earth and sky. As far as one could distinguish colours from the grass, the prairie was a perfect garden of bloom. During the week that I passed at Dana's, when we were seldom within doors during the day, we lived among such wild flowers as I had never seen before. There were white convolvulus trailing everywhere, with blossoms as large as my hand; scarlet lilies, the pink and white moccasin flower, the American primrose, ground ivy, scabious, and strawberry blossoms still, though the fruit was ripe. Every morning on rising I saw the children below, some with tin cans, gathering strawberries up to the very housewalls; and below the slope they could pick enough for the family breakfast in the space of a few yards. Moreover, they were larger and sweeter strawberries than our New England gardens yield. One child was playing with a spotted fawn which he had tamed, and another was coming in with a basketful of eggs which he had been hunting up among the tall weeds. -Once a Week.

hand, and the proprietor respectfully solicits a visit which is all that is necessary to establish the fact that this is the largest, best assorted and cheapest

OWEN McGARVEY,

throughout Upper and Lower Canada.

P. K.

PERRY DAVIS & Son :- Dear Sirs-I feel happy to add one more testimonial of the value of your Pain Killer to the thousands sent you from nearly all parts of the world. On the 8th of this month I fell from a second story doorway to the pavements, striking on my feet, and bruising them severely; also straining the ligaments of the ankles. When carried home my feet were black and swollen, and the pain so intense as to cause fainting. I immediately applied your Pain Killer, and continued to do so at intervals of about ten minutes. The second day the appearance was a greenish vellow, with little or no pain, and to-day I can walk with case to my store. Yours Respectfully, I. SUGGITT,

Providence, May 12th, 1857.

The stain on linen from the use of the Pain Killer is easily removed by washing it in alcohol.

Eor Sale, at Wholesale, by Lyman, Savage & Co.; Carter, Kerry & Co., Lamplough & Campbell, Wholesale agents for Montreal.

NOTICE TO CONTRACTORS.

M'WILLIAMS' house, St. Paul Street, near the present Cathedral, Burlington, Vt.; and Scaled Proposals for the execution of the work will be received, by addressing Box No. 299 BURLINGTON Post Office, up to the FIRST of MAY next; also Copies of the Specification of the work can be obtained by addressing as above or by applications to the BISHOP'S PALACE or to the Office of the TRUE WITNESS Montreal. March 14, 1861.

INFORMATION WANTED

OF JOHN BUTLER, a native of County Tipperary, Ireland When last heard from, four years ago, he was in the State of Vermont; but is at present supposed to be residing somewhere between Richmond and Montreal. Any information respecting him will be thankfully received by his Sister, Bridget Butler, care of John Tennison, Esq., No. 1, Police Street, Quebec, C. E.

Ayer's Pills
Are particularly adapted to derangements of the digestive

derangements of the digestive apparatus, and diseases arising from impurity of the blood. A large part of all the complaints that afflict mankind originate in one of these, and consequently these Pills are found to cure many vari-

Subjoined are the statements from some eminent physicians, of their effects in their practice.

As a Family Physic.

From Dr. E. W. Carturight, of New Orleans.
"Your Phus are the prince of purges. Their excellent qualities surpass any cathactic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment

FOR JAUNDICE AND ALL LIVER COMPLAINTS.

From Dr. Theodore Bell, of New York City.

"Not only are your Pills admirably adapted to their purpose as an apprient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at longth a purgative which is worthy the confidence of the profession and the people."

DYSPEPSIA - INDIGESTION.

DYSPERSIA — INDIGESTION.

From Dr. Henry J. Knox, of St. Louis.

The Pills you were kind enough to send me have been all used in my practice, and invessatisfied me that they are truly an extraordinary medicine. So peculiarly are they adapted to the discusses of the human system, that they seem to work upon them alone. I have cured some cases of dyspepsia and indigestion with them, which had resisted the other remedies we commonly use. Indeed I have experimentally found them to be effectual in almost all the complaints for which you recommend them."

TYSPERSERY — DIABRICES — RELAX.

plants for which you recommend them."

DESERTERY—DIARRHEEA—RELAX.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have over found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses, for hillous dynamicy and diarrham. Their summercating makes them very acceptable and convenient for the use of women and children."

INTERNAL OBSTRUCTION-WORMS-SUPPRESSION. From Mrs. E. Stuart, who practises as a Physician and Midwife in Hoston.

"I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very offertual to cleame the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients."

CONSTIPATION - COSTIVENESS.

CONSTIPATION — COSTIVENESS.

From Dr. J. P. Vawyhn, Montreal, Canada.

"Too much cannot be said of your Pills for the cure of costweness. If others of our fraternity have found them as efficacions as I have, they should join me in proclaining it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in Itself, is the progenitor of others that are worse. I believe continues to originate in the liver, but your Pills affect that organ and cure the disease." cure the disease.'

IMPURITIES OF THE BLOOD — SCROFULA — ERY-SIPELAS — SALT RHEUM — TETTER — TUMORS — RHEUMATISM — GOUT — NEURALGIA. From Dr. Ezchiel Hall, Philadelphia.

"You were right, Doctor, in saying that your Pills purify the blood. They do that. I have used them of inte years in my practice, and agree with your statements of their officacy. They stimulate the exerctories, and carry off the impurities that stagnate in the blood, engendering disease. They atlumbate the organs of digestion, and infuse vitality and vigor into the system.

"Such remedies as you prepare are a national bonefit, and you deserve great credit for them."

FOR HEADACHE - SICK HEADACHE - FOUL STOM-ACH-PILES-DROPSY-PLETHORA-PARALYSIS -Firs - &c.

FITS — &C.

From Dr. Edward Boyd, Baltimore.

"Dear Dr. Aven: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purguite medicine. I place great dependence on an effectual cathartic in my daily contest with discase, and believing as I do that your Pills afford us the best we have, I of course value them highly."

Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Aver's Cherry Pectoral

Ilas long been manufactured by a practical chemist, and every ounce of it under his own eye, with Invariable accuracy and care. It is sealed and protected by law from counterfeits, and consequently can be relied on as genuine, without adulteration. It supplies the surest remedy the world has ever known for the cure of all pulmonary complaints; for Cougas, Colds, Hoarseness, Astrana, Crours, Whooping Cough, Bookhits, Inchest Consumption, and for the relief of consumptive patients in advanced stages of the disease. As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American peasant to the palaces of European kings. Throughout this entire country, in every state and city, and indeed almost every hamlet it contains, Cherry Perforal is known as the best of all remedies for diseases of the threat and lungs. In many fereign countries it is extensively used by their most intelligent physicians. If there is any dependence on what men of every station certify it has done for them; if we can trust our own senses when we see the dangerous affections of the lungs yield to tt; if we can depend on the assurance of intelligent physicians, whose business is to know; in short, if there is any reliance upon any thing, then is it irrefutably proven that this medicine does cure the class of diseases it is designed for, beyond any and all other remedies known to mankind. Nothing but its intrinsic virtues, and the unmistakable benefit conferred on thousands of sufferers, could originate and analitain the remutation it enjoys. While many inferior remedies have trinsic virtues, and the unimination center to the variety of thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies have been thrust upon the community, have failed, and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and remarkable to be lorgotten.

Prepared by Dr. J. C. AYER, PRACTICAL AND ANALYTICAL CHEMIST, LOWELL, MASS.

AND SOLD BY Lyman, Savage, & Co., at Wholesale and Retail; and by all the Druggists, in Montreal, and

Aver's Catherine Fills.

PIERRE R. FAUTEUX.

IMPORTER OF

DRY GOODS,

No. 112, St. Paul Street, HAS constantly on hand grand assortment of Merchandise, French and English, Carpets for Salcons, &c., &c.

SIONS, to be Sold WHOLESALE only. Mr. F. has made great improvements in his Establishment and is receiving NEW GOODS every week from Europe, per steamer. He has also on hands a large assortment of Ladies' Gentlemen's, and Children's Boots and Shoes-Wholesale and

Rotail. Apr 6, 1860.

PROSPECTUS

OF A LARGE AND ELABORATE

MAP OF CANADA WEST. MESSRS. GEO. R. & G. M. TREMAINE,

OF TORONTO, PROPOSE to publish an entirely New and very Comprehensive Map of Upper Canada, drawn upon

large scale, making the Map about five feet nine inches by seven feet in size, and showing the County and Township Boundaries, Concessions, Side Lines and Lot Lines, Railways Canals, and all Public Highways open for travel; also distinguishing those which are Thoroughfares or Main Travelled Roads between Towns, Villages, &c., and the Planked, Gravelled, and Macadamised Roads; showing the Capital of each County, and all Cities, Towns, and Villages, those with Post-Offices distinguished from

Also, all Lakes and Harbours; the correct courses of all Rivers and Mill Streams; the location of Mills the location and denomination of Country Churches; the location of Country School-houses and Township Halls. Also, complete Meteorological Tables; a Chart showing the Geological Formation of the Province; Time Tables: Table of Distances; and the Returns of the New Census, or so much of them as relate to the Population, &c.

The Names of Subscribers, in Cities, Towns, and Villages, will be published; also, if farnished the Canvasser, the Title, Profession, Trade, &c., of each making a concise Directory for each City, Town, and Village, which will be neatly engraved upon the Margin of the Map.

It is also intended to exhibit a History of the Province, Showing the First Settlements throughout the Country, with the dates thereof; the exact place where Battles have been fought, or where other remarkable events have occurred, &c., &c., &c

The Map will be published in the best style, with Plans upon the margin of the Cities and principal Towns, on an enlarged scale.

13" It will be furnished to Subscribers on Canvass

handsomely Colored, Varnished, and Mounted for Six Dollars per Copy; which sum we, the Subscibers, agree to pay to the Publishers, or Bearer, on delivery of the Map above referred to, in good order and condition.

ROBERT KELLY, Agent for Montreal.

MAGNIFICENT STEEL PLATE ENGRAVING

HIS HOLINESS POPE PIUS IX.

(Size - Two Fret by Three Feet.) AS a Work of Art, it cannot be excelled. We have

reason to believe that a more elegant portrait of the Holy Father has never been published. He is represented at Full Length, in his Pontifical Robes. We have determined to place it at the extremely low Price of

ONE DOLLAR

per Copy, in order to bring it within the reach of the most hamble. We shall also present each purchaser with a Medal or Rosary of greater or less value, some of which will possess real value.

In addition to One Dollar, subscribers in the States will remit four letter Stamps, and subscribers in the Canadas twenty cents in stamps, for pre-payment of postage.

Hear what the Metropolitan Record, the Official Organ of the Most Rev. Archbishop of New York,

says: -"We have received from the Publishers, Caldwell & Co., 37 Park Row, New York, two very fine Eugravings of the Holy Father, one plain and the other colored. The low price at which they have been issued places them within the reach of all. This is an admirable likeness of His Holiness, mild, gentle and benign-looking, and we doubt not that the publishers' anticipations of a large sale will be fully realized; for what Catholic family would be without so pleasing a remembrance of one of the most beloved and revered Pontiffs. It will make a very large and handsome picture; its size is 24

inches by 36, and its price One Dollar." We have also numerous other Testimonials of a

high order. A prompt order will receive the earlier impressions. With a Club of 10 Copies, we will present an ELEGANT COLORED COPY, valued at \$5, to the getter up of the Club.
