

of Canada would have the option, if United States reentry would disrupt a critical wartime industry, of offering to the United States, in lieu of reentry, access to other military or civil airfields or facilities which the United States determines would fulfill its military requirements.

The United States Government proposes that the Government of Canada Sublease, agreed in the exchange of Notes on June 6, 1978, be revised and replaced by this Note and its Annexes. The revised sublease would be in effect for a term commencing on October 1, 1985 and continuing up to and including the 25th day of March 2040, subject, however, to the terms and conditions set forth in Annex B.

I have further the honor to propose that, if the arrangement outlined in this Note with its attached Annexes A, B, and C is acceptable to your Government, this Note, together with its Annexes and your reply to that effect, shall constitute an Agreement between our two Governments made as of the date of your reply.

The Embassy of the United States of America takes this occasion to renew to the Department of External Affairs the assurances of its highest consideration.

PAUL H. ROBINSON
