

6. Pursuant to the provisions of Article XI of the Agreement, the capacity to be operated by the designated airlines of Canada shall be two weekly passenger combination flights with B-747 Combi or L1011-500 equipment in each direction, with a maximum of 300 seats per week available for sale in each direction.
7. Should a designated airline of Canada provide a service to points beyond its home country in connection with the routes specified above, public advertising or other forms of promotion by such airline in the territory of the other country or in third countries may not employ the terms "single carrier" or "through service" or terms of similar import, and shall state that such service is by connecting flights, even when for operational reasons a single aircraft is used. The flight number assigned to services between Canada and the Hashemite Kingdom of Jordan shall not be the same as that assigned to flights beyond the home country of the airline performing the service.
8. A commercial agreement between the designated airlines of Canada and the Hashemite Kingdom of Jordan covering the operation of all agreed services, subject to the approval of the respective aeronautical authorities, shall be required during single-track.
