4. APPORTIONMENT OF THE LEGISLATIVE SCHOOL GRANT TO PUBLIC SCHOOLS IN ONTARIO FOR 1876.

The following is the apportionment for the current year of the Legislative School Grant to each City, Town, Village, and Township in Ontario.

The basis of apportionment to the several Municipalities for this year is the population as enumerated in the census of 1871. The total amount available for apportionment is the same as that of last year, and those Townships in which there are feeble Schools and a sparse population have been specially considered in an additional apportionment from the Poor School Grant. Such additional Grants appear in a separate list, and under the Regulations of the Department a municipal equivalent is required for them.

Where Roman Catholic Separate Schools exist, the sum apportioned to the Municipality has been divided between the Public and Separate Schools therein, according to the average attendance of pupils of both classes of Schools during last year, as reported and certified by the Trustees.

The Grants are, by law, payable on the 1st of July, by the Treasury Department, on the certificate of the Hon. Minister of Education. These certificates will be issued on or before 30th June, in favour of those Municipalities which have sent in duly audited school accounts and Inspectors' reports to the Education Department.
