The following is an extract from a letter received from His Excellency
the Governor General of Canada:

"It is in such Associations as yours are founded those principles of mutual
"help and support which bind communities together.
"They also teach the importance of laying by during the years of youth, health
"and energy, a provision for old age or poverty, and to those left behind in dis-
"tress, and thus impart provident habits amongst a large section of your fellow-
"subjects. Your Association has, therefore, my earnest wishes for its welfare,
"and I trust its branches will continue to spread in all parts of the Dominion."

We solicit all persons intending to secure protection on their lives for those
dependent on them, or to provide against sickness, infirmities, &c., in old age,
either to call and examine the plans of our new classes, or write for our circular.
After receiving all necessary information (which we shall always be most happy to
give) they will not fail to find them so equitable, safe, cheap, and on such easy terms,
as to convince them of being greatly to their advantage to join as members.

The best possible proofs of the popularity of the features of our new classes are,
first, the number of members increases at such a rate that within a few months
more we shall be the largest Mutual Association in Canada; secondly, the large
majority of our members are composed of the leading and most intelligent class of
citizens in the Cities and Towns of Quebec and Ontario.

We especially solicit an examination of "Our Provident Class," which pro-
vides for old age. This form of protection on the mutual system is new on this
continent, and its features are so well adapted to the ideas of the present age that
no plan ever proved so popular.
