SAYS POLICE OFFICIALS ARE UNTRUE TO TRUST

Continued From Page 1.

man-st. who had gone to a policeman and complained, and he said that the policeman had asked him what business it was of his.

Seized the Letter.

The speaker said that he did not charge Chief Grasett with deliberate misstatement, when he said that the association had given him no information. The information had been given to the morality department. He said that when he had been arrested, the police had seized Staff Inspector Kennedy's letter to him in which the officer thanked him for valuable co-operation in the suppression of houses of ill fame. He said that he had asked for this letter and had been told that it was in a safe place, but that it had not been given up to him.

He continued that, among other things seized, was a recipe for making home-made coffee. "If some of the officers at police headquarters would drink more coffee and less of other things they would have clearer heads to deal with their business and ours," he declared.

He Didn't Worry.

He said that he had heard that there was a warrant out for him and had called up Inspector Kennedy to ask if there was. When told that there was, he had gone down to his office and had been there from 2 o'clock in the afternoon till 7.15 at night with his bondsmen in attendance all the time before bail had been granted to him. He had not worried, he said, for he had felt that he was doing a good work and that right must triumph.

He declared that while he had been in the cells an officer had come to him and asked him what lawyer he intended to employ. He had said that he would think of that when he got bail. He said the officer had told him that Mr. Corley had said that he would not get bail until he had chosen a lawyer. He said he sang a few hmyns, prayed a little and engaged in Christian conversation with the man in the next cell and then went to sleep. He ate 19 of 35 cakes, which were brought for him for supper. While in the cell he had discovered an unsanitary condition, which he had since reported to the medical health officer, and had been told by him that he had inspected the condition and ordered repairs, so that some good had already been accomplished by his incarceration.

Force a Trial.

He then let out at the Star Theatre, the police court and the police commission. He declared that the manager of the theatre had issued a writ against him for libel, which had not been served, but to which his counsel had entered a voluntary appearance, and which he would strive by every means in his power to force to trial.

Lax Commissioners.

"Denison said he would be glad if I would leave Toronto," he continued. "I have no doubt that he would, but I won't." He said that, sitting as a police commissioner, Mayor Geary said that he had gone into the Star Theatre and that he had gone out in a few moments. When he had complained of the style of the performance, Judge Winchester had said that such complaint was no new thing. He then declared that the commissioners were lax in their duty for allowing the theatre to be licensed.

Heaven and Other Place.

Speaking of the treatment which he had received in police court, he said: "We did not ask them to try us. Do you think that we would be tried there so long as there was any other court?" He said that he had been in one of the high courts, and "the difference between that court and the police court, is the difference between heaven and another place which I will not mention here," he concluded.

The speaker declared that his little girl had read upon a newspaper bulletin that her father was arrested for circulating indecent literature. "That's got to be reckoned for, somebody's got to reckon for that," he said.

Going on to speak of his trial, he said that "there will be some things come out that will be interesting."

A resolution of confidence in Mr. St. Clair was passed at the close of the meeting.

THE WEATHER

OBSERVATORY, TORONTO, June 12. —(8 p.m.)—A depression which developed during last night is centred tonight in the Lower St. Lawrence Valley. It has given rain in Ontario and Quebec and rain is now beginning to fall in the Maritime Provinces. In the Western Provinces the weather has been fine and decidedly warm.

Minimum and maximum temperatures: Victoria, 52—70; Vancouver, 56—68; Edmonton, 52—86; Battleford, 60—84; Winnipeg, 44—78; Port Arthur, 40—62; Parry Sound, 50—70; London, 57—69; Toronto, 56—70; Kingston, 52—68; Ottawa, 56—64; Montreal, 58—62; Quebec, 58—62; St. John, 46—64; Halifax, 44—56.

—Probabilities—

Lakes and Georgian Bay—Moderate to fresh winds, mostly northerly; fine, not much change in temperature.

HUCKLEBERRIES HAVE ARRIVED

First Shipment of Southern Crop Was Sold at 20 Cents a Box — Strawberries Still Scarce.

The event of the fruit market yesterday was the arrival of the first shipment of huckleberries this season. Five crates, the first of the southern crop, were secured by McWilliam & Everist, and put on the market at 20 cents a box. They will come in fast now, a car load shipment being due here Saturday.

This marks the close of the navel orange season, the crop being just over, in fact it is not thought that more than one or two cars additional will come in. These rule in price at $3 and $3.50 a crate. The price of oranges is now due for a sharp and sudden rise. The navel orange will be replaced by the late Florida orange, the first shipment of which is expected early next week. When they arrive the price will be $4.50 a crate.

Southern strawberries continue to get scarcer daily, and the Canadian berry fails to materialize. The strawberry shipment was educed yesterday by half that of the previous day, only one carload arriving to supply the wants of a city of four hundred thousand population.

Another fruit getting extremely scarce and high in price is the pineapple. The season is about over and they are now selling as high as $3.75 a crate—a dollar rise from the day previous.

A big shipment of watermelons arrived yesterday and they are now plentiful.

Fruit prices are: Oranges, $3-$3.50; huckleberries, 20c a box; pineapples, $3.75 crate; strawberries, 18-20c box; cherires, $2.75 crate; bananas, $2 a bunch, and watermelons, 50c-60c each.

CHARGED WITH FRAUD.

J. Welch of 84 Bellwoods-avenue is alleged to have passed a gogus cheque on Fred Heas, 357 Yonge-street, a restaurant keeper. He was arrested yesterday by Detective Taylor and will appear this morning.

ACCUSED OF FRAUD.

Lou Pancer, 47 Chestnut-street, was arrested yesterday afternoon on a charge of obtaining $100 on false pretences from Annie Katz of 173 Elizabeth-street.

Use Gibbons' Toothache Gum—Sold by all druggists. Price 10 Cents. 246

Recommends Teachers.

Dr. Embree will report to the board of education management committee this afternoon in favor of appointing V. W. Jackson, B.A., Brampton, teacher of art, science, etc., at Parkdale Collegiate, and that R. N. Shorthill of Dewson-st. school be teacher of manual training at Oakwood High School.

THE TRADERS BANK OF CANADA.

Notice is hereby given that a Special General Meeting of the Shareholders of the Traders Bank of Canada will be held at the Head Office of the said Bank in the City of Toronto, Ont., on Tuesday, the second day of July, A.D. 1912, at the hour of 12 o'clock noon, for the purpose of considering an agreement for the sale by the said the Traders Bank of Canada of its assets to the Royal Bank of Canada upon the terms set out in such agreement, a copy of which will be mailed to each shareholder with this notice, and if deemed advisable of passing a resolution or resolutions approving the said agreement and authorizing the President and General Manager of the Traders Bank of Canada to affix to said agreement the corporate seal of the Bank and to sign and execute the same for and in the name of and on behalf of the Bank; and also for the purpose of considering, and if deemed advisable, of passing, all such other resolutions for fully carrying out the said agreement and the terms thereof as the shareholders shall consider expedient or advisable, and for the purpose of authorizing the Board of Directors to give all such notices and make all such applications and to pass and execute all such other acts, resolutions, deeds, instruments, matters and things as may be deemed necessary for procuring the assent of the Governor-in-Council to the said agreement, and for carrying out the same and distributing the proceeds of the said sale.

By order of the Board.

STUART STRATHY,
General Manager.

Toronto, 13th May, 1912. 24

CONNEXION LAW AND JUSTICE

Methodist Probationer May Not Be Ordained Because of Lack of High Education.

At the ministerial session of the Toronto Methodist Conference yesterday a case arose where the law of connexion, as the Methodist body is technically termed, was, in the opinion of the president, contrary to justice.

One of the probationers had fulfilled all his duties as a probationer, but had come somewhat short of the educational regulations. He had proceeded with the advice of certain of the church authorities to prepare for ordination at the service next Sunday.

The ministerial session was asked to approve of his ordination. Rev. Dr. Briggs and Rev. George Washington opposed the motion as contrary to the discipline.

Rev. Dr. Speer, Rev. Dr. Hincks and Rev. Dr. Hazlewood considered that the spirit of the discipline had been lived up to, and supported the probationer's ordination. President Ferguson took a similar view.

A committee was appointed to draft a resolution affirming the young man's fitness for ordination.

GIVEN ONE DAY TO ANSWERS MEN'S DEMANDS

Toronto Railway Company Must Raise Wage Scale or Men May Strike — Emergency Meeting Will Be Called Sunday Night if Employers Refuse to Confer.

The executive of the Toronto Street Railway Men's Union have given the directors of the company until to-night to prepare a definite answer to the demands of the men. Should the company fail to comply with this request an emergency meeting of the men will be held on Sunday night. At this meeting a vote will be tken on the question of an immediate strike.

This action has been taken by the union as the result of the failure of the company to keep their appointment with the men for a conference last Monday. Definite arrangements had been made and the union represented, butthe company's representatives failed to make an appearance at the appointed time.

The men demand 28c to 30c an hour. They are now receiving 21c to 25c an hour.

Mr. Joseph Gibbons, business agent of the union, stated that the reason the strike meeting was not called for the same night as the time given the company for an answer expired was that according to the Lemieux Act, three days' notice must be given when calling a mass meeting of this kind. They have been prepared to go ahead with negotiations for a long time now and have had our basis for a new agreement for a long period," he said.

COLLECTOR OWES $6400 IN TAXES

Bondsmen of E. H. Broadbent of Raleigh Township Called Upon to Make Up Deficit.

CHATHAM, June 12.—(Special.)—An audit of the Raleigh Township treasury books recommended by Reeve James Clayton and made by Auditors Bert Shupe and L. A. Pardo, on May 29, showed that the tax collector, E. H. Broadbent, is short in his collections to the extent of about $6400. The bondsmen asked for and received time to make good the deficiency.

In his address before the county council in session here, Reeve Clayton commented upon the excellent financial standing of Kent County. He also advocated the building of good roads. This subject will come before the council at its present sitting.

The county clerk has several petitions from municipalities in Kent asking the county council to take up the question of good roads.

ASK EMPIRE PREFERENCE

Congress of Chambers of Commerce Votes 122 to 9—Next Convention in Toronto.

LONDON, June 12.—(Can. Press.)—The Congress of Chambers of Commerce of the British Empire to-day adopted the proposals of the Toronto board of trade in favor of preferential trade within the British Empire, by 122 votes against 9. Fifty-eight chambers of commerce abstained from voting.

Another resolution urgin gtrade reciprocity and close political union between the British West Indies, Canada and Newfoundland, in view of the approaching completion of the Panama Canal, was adopted.

The next congress is to be held at Toronto in 1915.

The resolution, which was proposed by W. F. Cockshutt, M.P., is as follows:

"Resolved, that this congress reaffirms its opinion in favor of preferential trade within the empire, and pledges itself to press upon the various governments concerned the desirability of taking action to give effect to this principle."

LOST WIFE AND THREE SONS

William Hall's Fourth Son Also is in a Dying Condition.

Diphtheria has reaped an awful harvest in one family in this city within the last three weeks. William Hall, 67 Arlington-avenue, has lost his wife and three sons. The mother died in the Western Hospital just three days after the three-weeks-old son had been buried. This was about twenty days ago. On Tuesday, William, three years old, died in the Isolation Hospital, and yesterday Thomas, a little over a year and a half old, died there also. The oldest son, nine years old, is in a precarious condition, too, and has the same disease. The funeral services of the last two little ones were conducted by Rev. Mr. McTaggart.

VIEWS DIFFER ON REQUEST FOR WAR RELIC

Local Imperialists Give Opinions on Appeal of Bunker Hill Memorial Association for Cannon That British Took, and Which is Now Stationed at Quebec Citadel.

"I think it a great mistake that anything has been said at all in reference to giving back to the United States the piece of ordnance we won in fair fight at Bunker Hill in 1776. If we return the cannon, which now is stationed, a trophy, at Quebec Heights, then why have we not the right to demand from the United States like trophies which are on exhibition in Detroit, and which American troops won from us in 1812? The principle is wrong and only serves to revive again the troubles of 1812. I don't think the matter should have come up for discussion at all," said Col. George T. Denison yesterday.

Some Mistake.

"The United States Congress voted, only a very short time ago, $50,000 to house one flag that United States troops had won in a hard-fought fight, and which was to be kept forever as a trophy of war. I think there must be some mistake in connection with the despatch in the morning papers relative to the asking of the United States that the cannon we won in 1776 be given back to that country. Surely the United States would not make such a peculiar departure from every recognized custom in reference to the treasuring of relics of valor which forefathers in every country won by their bravery, and which are treasured by us, their progenitors. I commend the United States for their valor and patriotism in making such a magnificent grant to house their flag. We should do likewise," said Lieut.-Col. Hamilton Merritt.

Give It Back.

"In the interest of peace and amity, I should advise that the ordnance be given back to Massachusetts. We did not get much from them in 1776, and if that state wants the relic we now possess let them have it. A trophy so small does not matter particularly either way. We should, however, make certain conditions before we part with it, such as that it should not be destroyed; that a tablet telling that British troops won it from American troops, be placed upon it. I think it is the thin edge of the wedge being entered, tho. Before long they will be asking for relics of 1912, also. When that time comes, however, our answer will be very succinct —'Nothing doing.' I am strong for national defence and for the victories of 1812-14, but I do not think it the part of wisdom to make so trifling a thing a cause for difference," said Judge W. R. Riddell.

TO RAISE MONEY FOR MEMORIAL

Between $150,000 and $200,000 Suggested as Necessary to Erect Monument to Heroes of 1812.

At a meeting of the Memorial Association of 1812-14, held in the Carnegie Library, College and George-streets, yesterday afternoon, the entire time of the members was taken up with discussing ways and means of raising a sum of money—from $150,000 to $200,000—for the purpose of erecting a monument to the heroes who fought in the war of 1812. Some members thought that the first portion of this amount should be raised by private subscription before the government was asked for aid, but Sir Henry Pellatt and the chairman of the committee, Sir John Gibson, thought otherwise. No action was taken, and the matter will be further discussed at another meeting of the association.

VIRILE 'HAMLET' BY E. H. SOTHERN

Excellent Company Gave Clever Portrayal of Shaksperian Drama Before Crowded House Last Night.

A crowded house greeted Mr. E. H. Sothern's presentation of "Hamlet" at the Alexandra last evening and followed the play with rapt attention. The star's conception of this historic role differed somewhat from the conventional Hamlet. It was more virile and spirited. The Danish Prince was presented, not as a high spirited man of action, strained to the point of nervous prostration and near-madness by the tragedy of his surroundings and with something of the cunning of insanity. Miss Nora Lamison made a winsome and acceptable Ophelie and the entire support was good. Mr. John Taylor as Polonius probably carried off the lion's share of the applause given by an audience too absorbed in the drama to freely award the guerdon of applause well merited by the truly artistic and excellent performance.

APPEAL TO TRADE UNIONS FAILS

LONDON, June 12.—(Can. Press.)—The strike leaders apparently misjudged the situation in calling a national strike. No more men came out to-day and the only ports seriously affected are Southampton, Bristol, Swansea and Manchester. Of these, the trouble at Southampton is less a question of supporting the Transport Workers' Federation than an out-blaze of long-smouldering local grievances.

The appeal to other trade unions for financial support has brought practically no response and the lack of funds is likely to cause the movement to die a natural death.

Day's Doings in YORK COUNTY West Toronto North Toronto East Toronto

NORTH TORONTO CEMENT WORK

Councillor Ball Says Townsmen Complain of Absence of Inspector — Grading of Yonge and Side Streets

NORTH TORONTO, June 12.—(Special.)—A meeting of the board of works was held in the town hall this evening, Councillor Howe presiding. Councillors Ball, Lawrence and Baker were the other members present.

Mr. Brookes appeared for the Dovercourt Land Company, presenting plans according to a former resolution of the council, to be approved and signed by the mayor, and to receive the seal of the board in order that they might be presented for approval to the railway board.

No Cement Inspector.

"A townsman," said Councillor Ball, "told me that there was not any cement inspector to inspect the cement at the joints of the sewer pipes."

Mr. James: "There are always people complaining about one thing or another. A man told me the other day that he had seen a large stone thrown in on top of one of the sewers. Upon investigation I found that such was not the case. We have a cement inspector on the work, and I also see that the work is done."

Mr. Howe: "We will order the sewer opened if any citizen complains that the work at that point was not properly done. If the work has not been properly done the contractor will have to bear the cost of opening and refilling the sewer."

Councillor Lawrence thought that the citizens living on streets unpaved, where the sewer was being put thru, should be requested to let the board know whether they intended to tap the sewer.

The town engineer said that cards were printed and would be sent out immediately to the people affected, requesting them to give the desired information.

Yonge St. Pavement.

In regard to the pavement on Yonge-street, Mr. James said that the cost would be $16,500; $10,800 of this would come under the appropriation for local improvements, and the balance of the cost the town council would have to bear.

Grading Side Streets.

Councillor Ball drew the attention of the board to the fact that there was not much progress being made in regard to the grading of the side streets.

Mr. James explained that this was due to the small number of teams his department had. He said, however, that the teams which were hauling stone at present could be used for grading purposes for a time at least. He said he would put three teams on the grading to-morrow and that he would do his best to keep them on permanently.

Chairman Howe here moved: "That the engineer prepare and have ready a report for the next meeting of the council as to the actual cost of paving Yonge-street for the double-tracking scheme. This report should show how much the paving from the east side of the track to the ditch would cost and the cost of the repairing of the other side for a double track. The cost of the actual roadbed should be separate from the cost of the street."

Strip for Street.

A letter was read from the Dovercourt Land Company in which they offered to give to the town a strip of land ten feet in width for the proposed widening of Yonge-street. This strip extends from the north side of Glencairn-avenue to the northern limits of the company's property. This offer was made only on condition that they were exempted from any taxation for the improvement of the street.

The town already has 4684 feet donated so there is still a balance of 8460 feet to arrange for.

Councillor Lawrence moved: "That Town Assessor Brennand be instructed to get the value of the houses and land that will be used for widening the street and also what property will be donated."

Bible Class Picnic.

One of the most enjoyable events of the season will take place next Saturday afternoon when the Bible class of the pastor of the Eglinton Baptist Church has its picnic at Kew Beach. Rev. Mr. Wearing wishes all those who intend to go to meet at the North Toronto tracks at two o'clock Saturday afternoon.

Annexation Situation.

All indications seem to point to victory for the annexationists. Practically all the storekeepers The World interviewed are in favor of it and against the double-tracking of Yonge-street. One prominent storekeeper, who for business reasons does not wish his name mentioned, said: "I think that annexation is the best thing for North Toronto altho we have built our own sewers and made other public improvements. By joining to Toronto we will get better car service and other privileges which as a part of the City of Toronto we will be entitled to."

EXCURSION TO GUELPH.

The North York Farmers' Institute will hold their annual excursion to Guelph on Wednesday, June 19. Train stops at all stations from Bradford to Davenport, inclusive.

The S. & A. Railway will run a special train to G. T. R. crossing.

The Metropolitan Railway will run a special from Sutton to Newmarket.

Among the places of interest will be the Ontario Agricultural College Experimental Farm and Macdonald Institute.

Special arrangements are being made for teachers and pupils to be instructed and entertained at the college.

AGINCOURT

The Agincourt branch of the Women's Institute will hold their June picnic on Mrs. J. Elliott's lawn, Agincourt, on June 14, at 2.30 p.m.

Dr. Jennie Smillie, Toronto, the delegate, will address this meeting.

The ladies will kindly remember to bring refreshments and enjoy lunch on the lawn. All are cordially invited to attend.

VICTORIA SQUARE

Victoria Square garden party, June 15, and Sunday services on the 16th.

When you read these headlines you know they stand for the best. And the best is none too good for those who favor us with their presence on these days. Don't forget that on whatever road you live it leads to "the Square," where you will be royally entertained. There will be a football tournament open to all organized teams. Intermediate prizes $15, Junior $10. Play will commence at 1.30. Draw for place Wednesday evening, June 12, at 8 o'clock. Teams are requested to be on hand promptly. Tea served from 4 to 8. Admission to games, tea and entertainment, 25c and 15c.

Markham I. O. O. F. Band will give a musical program afternoon and evening. Booths will furnish ice cream, etc.

At 8 o'clock the following artists will entertain: Miss Baynes, Toronto, soloist; Miss Stony, Markham, reader; the band and others. Rev. Dr. Smith, the pastor, will preside.

On Sunday, 16th, there will be special religious services, when Rev. Dr. McAteer of Toronto will address the children at 2.30 and preach at 7 p.m. Very special musical numbers will be rendered by Maple Methodist Church Choir at both services.

ROYCE ROBSON FREED OF BLAME

Chauffeur, Whose Car Killed Boy, Admitted Excessive Speed, But Jury Said Accident Was Unavoidable

"That the death of George B. Kettle, the eight-year-old youngster who was killed on Hampton-road on June 7 last by a motor car in charge of Royce Robson, was an unavoidable accident, and that no blame can be attached to the driver," was the verdict of the coroner's jury which met at the morgue last night to continue the enquiry adjourned from last Monday evening. A rider was also brought in, asking that measures be taken to inspect all automobiles and public garages.

The evidence submitted showed that altho Robson was traveling at about eighteen miles an hour, which he admitted himself, he had done all in his power to bring his car to a stop when he saw the boy. It was also shown by Arthur Visick, an automobile expert, of 91 Walmer-road, who tested the car after the accident, that the emergency brake was broken, and in his opinion might have been broken before the accident, as the end of the rod was rusted. Mr. Visick also said that the other two brakes on the car were in bad shape; in fact, one of them was practically useless. He had taken the car out the morning after the accident, and, running it at ten miles an hour, it had skidded 30 feet when the brakes were applied. Running it at 15-miles an hour, it had skidded 57 feet, and at twenty miles an hour 120 feet.

Summing up the evidence, Coroner Gilmour strongly advised the setting apart of more playgrounds for the children of the city.

"The teachers in the city schools are teaching their pupils to swat the fly," said the doctor, "instead of instructing them about the danger of playing on the streets."

The coroner also said that he could see no reason why Robson had been kept in jail without bail.

Ford THE UNIVERSAL CAR

You can buy a ton of steel for twenty-eight dollars. But a ton of steel made into watch springs is worth twenty-eight thousand. The difference? A matter of refinement. Ford Vanadium is the most highly refined steel used in automobile construction---lightest --- strongest ---safest.

Seventy-five thousand new Ford Model T's will go into service this season—a proof of their wonderful superiority. The price is $775 for the roadster and $850 for the five-passenger touring car—complete with all equipment, f.o.b. Walkerville, Ontario. Catalogue from Ford Motor Company of Canada, Limited, 106-110 Richmond Street West, Toronto, or direct from Walkerville.
