Free Medical Treatment for Ex-Soldiers and Sailors

THOSE discharged soldiers or sailors who become ill or disabled again as a result of some disease or injury suffered during war service receive free medical and surgical treatment.

This service is provided by the Medical Branch of the Department of Soldiers' Civil Re-Establishment.

An ex-soldier or ex-sailor who has a recurrence of a war disability should, if he is not too ill, go at once to the local medical officer of this Department.

If he is too ill he should have that medical officer notified at once.

Should he be taken ill in a place where there is no representative of the Department, he should call in a local physician to give him the necessary immediate treatment and ask him to communicate immediately all details of the case to the nearest medical officer of the Department.

The name of the authorized medical representative of this Department for each locality is given alongside.

Treatment at the expense of this Department can only be secured through these representatives. The Department cannot pay any bills for treatment which have not been authorized by the Department.

If the medical officers recommend it, pay is given to patients, and allowances are granted to their dependents by the Department, during the period of treatment.

The established scale of pay and allowances that may be granted depends upon the extent to which the treatment recommended by the medical officer of the Department prevents the patient from doing his regular work.

Arrangements for special care of patients of the Department have been made with hospitals in all the larger towns and cities from coast to coast.

Sanatoria for treating tuberculosis under most favorable conditions are operated in every Province under the direct supervision of the Department.

Flourishing in the Department of Soldiers' Civil Re-Establishment.

NOTE.—At places marked (*) there are Medical Administrative Offices of the Department with Medical Officers in charge. Otherwise reference is given to Medical Representatives. Additions are being made to this list constantly.
