YORK COUNTY COUNCIL. Work Adjourned Till Next Tuesday -A Trial of a New Mode

The York County Council resumed business at the Court House yesterday, all the members being present, when the roll was

section 306 of the Municipal Act.

Control of New Bridges.

On motion of Councillors Gardhouse and Lev, it was proposed that the warden and two councillors representing the division in which bridges owned by the county are situated stall have control of new bridges, after the council shall have decided to build said bridge. If a bridge is situated between two divisions, then one representative shall be chosen from each. It was finally thought councillors might use their influence in such matters for their own aggrandizement and election and after much discussion the motion was dropped.

Mr. Tyson was introduced before the committee to explain the scientific tystem of voting, known as the Hare-Spence system, which is in use in Australia and Tasmania and has been used with success in hunicipal elections there. The system received a favorable consideration from many of the council, who are opposed to spending a great deal of time in balloting for minor offices. The Hare-Spence system promises to arrive at a conclusion on the first vote. The members indulged in a mock election for warden, the names of Baker f. Chester 7, Hartmann I, Hall 2. The votes cast for first choice were put opposite the names of the candidates and the votes of the lowest can-

didate taken and the second choice on hi ballots given to the other candidates. The result then stood. Baker 6, Chester 7, Hal 3. Mr. Hall being the next lowest, the second choice on the ballots cast for him gav. Chester 10, Baker 6. Chester was thus elected. This system was laid over untit the afternoon, when council promised to consider it, but when the afternoon came they took up two hours and a half casting ballots for the appointment of two county commissioners, which resulted in the election of Robert Norman and John Fisher.

High School Trustees.

A briaw to elect High School trustees for the High Schools of the county and Toronto Junction was read with the following appointments:

pointments:
No. 1. Weston—R. Pearson.
No. 2. Markham—Alex. Maclim.
No. 3. Richmond Hill—William Russell.
No. 4. Newmarket—George Rose.
No. 5. Aurora—James Legge.
No. 6. Toronto Junction—H. E. Irwin.
The council then adjourned until Tuesday next, but the Committee on Equalization will meet this morning at 9.30.

Immense Variety. The broad feature of this store is that it overlooks nobody. We think of all the classes when we buy-poor and rich. Therefore, by the side of costly merchandise are the simplest and cheapest—not cheap in the sense of being of no account, but from a standpoint of price.

Our contract with the public is that everything shall go from us at the least possible market price. Don't forget that when you look at these prices.

BESTTHEY EVER HAD. Markham Township Sunday, School Convention Closed After Thoroughly Successful Work. Markham, Ont., Jan. 27.-To-night

brought to a close the annual convention of the Markham Sunday School Association. The convention has been one of the most helpful to Sunday school teachers and workers ever held in this township.

Addresses full of suggestions for successful work in this (part of Christian labor were delivered by Revs. Stephenson Wilkinson, Duncan, Cameron and Reditt.

Delegates from Scarboro brought words of encouragement and greetings from our sister association to the south, and the delegate from the Provincial convention gave us many helpful hints and pleasing reminiscences of his visit to Peter. boro last October. The mass meeting of the afternoon was addressed by Mrs. Guy and Rev. Mr. McCulloch. Both addresses were apt, illustrative, interesting and instructive and the children and congregation listened in rapt attention throughout the meeting.

The evening meeting was one of the best ever held, the house being filled to the doors, and the greatest interest prevalled throughout the session, showing plainly that the interest in Sunday School work in the township is growing in importance year after year. and workers ever held in this township.

after year.

The Demon Dyspepsa—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless of unwise living invite him. And once he entersa man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmalee's Vegetable Pills, which are ever ready for the trial.

The City Council of Belleville will give \$100 to secure the holding of the Provincial Fat Stock Show there, and the County Council \$100.
