A WORD TO THE WISE IS SUFFICIENT.
UNIVERSAL FAMILY PILLS.

A purely Vegetable Preparation, for the cure of Jaundice, Dyspepsia, Fever, Nervousness, Impurity of the Blood, Inflammations, Costiveness, Pains in the Head, Breast, Side, Back, and Limbs, and whenever an ALTERATIVE or PURGATIVE may be required to restore the Secretions and prevent Disease.

These Pills are the result of many years' study, and never fail to produce good results when taken in time. They are mild in their operation, and yet powerful in the cure of Disease, by removing all impurities of the Stomach, opening and giving tone to the obstructed passages, cleansing the Blood, and causing a free and healthy circulation.

Directions for Use.

Dose.—For an adult, from two to four, when the patient is suffering from an attack of Fever, Inflammation, Pleurisy, severe Cold; or whenever an active purge is required, take from four to five. In case of great debility or weakness, begin with one and increase the dose as the patient increases in strength; and in all cases they should be taken every night on retiring to rest, until health is restored. Dose for a child in proportion to age.

It is a fact, evident to every person, that pills will operate with more power on some than others; hence, after all directions, it is necessary to use some judgment in taking purgatives. Still it is better to err by taking a little too much, than not quite enough. In cases of Stomach, these Pills may occasion sickness, which is a good sign, and should encourage the patient. Price, 1s. 3d.
