

ELECTRIC CHAIR FOR 6 NEGROES

Rapid Progress Made in Trials Resulting From Arkansas Race Riots.

Hot Springs, Ark., Nov. 4.—Rapid progress marked the trials today of cases growing out of the recent race disturbances south of this city. One negro being convicted of first degree murder after eight minutes' deliberation by a circuit court jury, and five others suffering a verdict of guilty to a similar charge, all at the same time, after the jury had been out seven minutes. The verdict means electrocution for the six negroes. In the first of the two cases tried today, that of Frank Hicks, several witnesses for the state testified they saw Hicks fire the shots the morning of October 1, which resulted in the death of a white man, an ex-soldier of this city. The defense announced it had no witness, and the case was waived. In the second case, Moore, Ed. Hicks, J. E. Knox, and Ed. Coleman, charged with the murder of Lee White, a white man, were tried. The defense argued for a verdict of manslaughter, but the jury, after deliberating for seven minutes, returned a verdict of first degree murder, and sentenced the four negroes to the electric chair.

Lord Astor Finds It Difficult To Get Rid of Tile

Lady Astor Opens Campaign At Plymouth.

London, Nov. 5.—"Some people find it difficult to get tiles, but my poor husband finds it difficult to get rid of his," declared Lady Astor, in opening her political campaign yesterday in Plymouth.

Lord Astor said he was going to do all he could to get back to the Commons, but did not see why he should be deprived of his ordinary rights of citizenship.

The contest is likely to be extremely fierce. The Liberal candidate, Isaac Foot, is the local solicitor and town councillor. He unsuccessfully fought Sir Charles Hanson in the Bodmin election last December.

The Labor nominee is W. T. Gay, local co-operative stores manager.

A Witness Testifies SHE WAS WEAK AND NERVOUS

Brampton, Ont.—"About five years ago I began suffering with woman's trouble. I became all run-down and weak and nervous, I was so completely down and out that I could not do anything, and I had the doctor and took all the medicine but without getting better until I began taking Dr. Pierce's Favorite Prescription and his Golden Medical Discovery. It was only necessary for me to take about three bottles when I was completely restored to health and strength and I have been in better health than I ever was before. I have had no more medicine since, but should I need it I would take these same remedies, knowing them to be excellent."—MRS. HARRY KNIGHT, Jessie St.

OWES HER LIFE

Baskatchewan, Alta.—"It is with me a matter of life and death. I hope it will. In my many sufferings who do not know the good Dr. Pierce's medicines would do them if they would try them. In regard to my condition, I will say that I suffered from childhood from a very weak back; I had the misfortune of having spinal meningitis when I was one year old and until I was 12 I did not see a well day, but a very kind lady told my mother about Dr. Pierce's Favorite Prescription and to my surprise in three weeks I was out of bed and better. I owe my life to it and nothing else, and shall never be without it. If any sufferer wishes to write, I will answer with pleasure."—MRS. NOEL BARTHOLOMEW.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat, also take glass of Salts before eating breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Let less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse the kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

LABOR CANDIDATES WIN SEVERAL SEATS IN BRITISH RIDINGS

Municipal Reformers Successful in 14 Out of 28 London Boroughs.

London, Nov. 5.—Final results in the municipal elections show that besides the huge gain in the country, Labor candidates have won several seats in London boroughs. Municipal reformers, who correspond roughly to the Conservatives here, have a majority in twelve boroughs. The progressives, otherwise Liberals, have practically disappeared. The Daily Telegraph recalls former Premier Asquith's recent remark: "The Labor party has housed the Labor party. I hope it will be so again."

ESSENTIAL GERMAN TRAINS TO BE RUN

Suburban and Workmen's Trains To Continue—May Be Political Move.

Berlin, Nov. 3.—The German Government has taken a very drastic step in connection with the railway service. The coal scarcity, had locomotives and what not have reduced the railway system to a state of great disorganization and for some time past the running of certain trains has been discontinued because of the shortage of coal. The government has decided that from November 5 all the essential trains should be run at all. The only exceptions are suburban trains around large cities and absolutely necessary workmen's trains. After November 5, all other trains will be run, which are essential to the economic life of the nation.

This step is said to have been taken in connection with plans for facilitating the transport of coal for the military, and it is believed that the government is having difficulty.

The difficulty is created by the imperial cabinet, but as the separate states have still got rights over their own railways, it is expected that objections will be raised by them against the imperial authority.

Whether the action announced has any political consequences is difficult to say at the moment. Troublesome times are ahead in the ensuing days when the German government will be expected to celebrate the anniversary of the revolution and the stoppage of the train service would have the effect of pinning the population down to the houses and preventing any concentration of forces which might wish to get together.

PROHIBITION DRIVES U. S. LIQUOR ABROAD

Exports for Eight Months of 1919 Are Nineteen Times Imports.

Washington, Nov. 4.—Radical changes in the foreign trade of the United States in spirits, wines and liquors, due to the prohibition legislation, are reported by the department of commerce.

For the eight months ending with August, 1919, the value of liquor exports was nineteen times as great as the imports, while in the year 1914 the value of the exports was five times the value of the imports.

The first eight months of the present year totaled \$35,214 in value, or at least \$77,424 for the complete year, while in 1917 the import trade of the United States in this commodity amounted to \$17,579,132, and in 1914 to \$2,347,546.

Exports for the eight months ending with August, 1919, amounted to \$9,893,655, as compared with \$5,883,013 for the corresponding period in 1918, and \$8,117,178 in 1917. Continuation of this export trade is expected by the department in view of the great quantities of liquor now in bonded distillery and warehouse.

JOURNALISTS ARE MIGHTY HUNTERS

Irvin Cobb, Damon Runyon and William Macbeth Get Big Game in N. B.

St. John, N. B., Nov. 3.—Irvin S. Cobb of the Saturday Evening Post, Damon Runyon of the New York American and William Macbeth, assistant sporting editor of the New York Tribune, struck camp at 6 o'clock Saturday morning, and after a week in the New Brunswick woods back of Petate, they have a pile of eighteen miles through the woods in the form of an automobile and were driven back to Fredericton, where they boarded the train. Cobb had been with the party, but left on Thursday.

The members of the party were enthusiastic about New Brunswick and its beauties, and said that although they had heard much of its game, they had never expected to find moose and Adam all in one place. When they left Cobb to return next year, and if possible to make it an annual event.

Mr. Macbeth came back saying that they broke camp at 6 o'clock that morning and went to Petate at 12 o'clock, although the guide had given them two more hours to go. "Cobb fell in a stream on the way and went up to his neck," said Mr. Macbeth. "He had some time getting him out. Then he went to work and sprained a ligament in his leg, so his party here are here at all."

Mr. Macbeth said that they had had luck. "We brought down two moose and three deer," Runyon got the moose and Cobb got a deer. "I got a moose and Cobb got a deer."

REPUBLICANS GAIN

ably was the first time in history that president had congratulated a candidate of the opposite political party on his election to office.

MICHIGAN ELECTIONS WERE CONFINED TO FIVE LARGE CITIES

Detroit, Nov. 5.—The "off-year" election in Michigan yesterday was confined to five of the larger cities of the state. At Port Huron, where labor unions have been active in politics, John V. French, a street car conductor, was elected mayor by a small majority over John B. McIlwain, an attorney. Kalamazoo elected a new city commission.

Lackland elected John J. Bennett mayor and voted on long list of bonding proposals. At Muskegon seven over the city government recently adopted, and Mayor John H. Moore, brought as a result of the street car riots last August, was defeated. Muskegon was generally light owing to snow flurries, and the first cold snap of the year.

KENTUCKY AND OHIO JOIN 'DRY' STATES

New York, Nov. 5.—Ohio and Kentucky, the only two states holding elections yesterday in which prohibition was a direct issue, has enrolled commissioners to draft a "voluntary abstention," on the face of partial prohibition, at the state capital.

With more than half of the state returned, Secretary of State Smith predicted it would be found Ohio had the edge on all four prohibition proposals submitted to the voters, and that the majorities would approximate 60-40.

In Kentucky it appeared that the state-wide prohibition had been carried by a large majority. The Democratic candidate for governor, Edward L. Edwards, was elected yesterday by a plurality of approximately 12,000. With returns missing early today from only thirty-one of the 201 districts in the state, he had 209,471 votes as compared with 171,177 for Newton A. K. Buehse, his Republican opponent. The victor stated his political future upon the issue of prohibition would be decided by the results of the anti-liquor laws.

Leaders of both parties profess to believe this was the issue which had most to do with deciding the contest. Edwards pledged to oppose ratification of the prohibition amendment and to fight by "all lawful means" enforcement of anti-liquor laws. He has promised his support to women's suffrage.

Democratic governor-elect will have a Republican Legislature against him, for that party elected 15 of the 21 senators and 33 of the 60 assemblymen. The only Republican gain in the upper House was the election of a candidate to a seat which was vacant at the last session, but they won three new places in the assembly.

COOLIDGE IS ELECTED

Boston, Mass., Nov. 5.—Governor Calvin Coolidge was re-elected today by a plurality of 124,172 over Edward H. Loring, Democrat. The revised vote of the state complete: Coolidge, 319,004; Loring, 194,826.

The vote given Governor Coolidge was the largest ever cast for governor in this state, although his opponent's vote had exceeded. Long also opposed Governor Coolidge last year and was defeated by a plurality of 17,935.

MORROW IN KENTUCKY

Louisville, Ky., Nov. 5.—With ten counties missing, returns from the election returns early today gave Edwin P. Morrow, Republican, a majority of 23,712 votes over Governor-elect, Richard H. Black, Democrat. In the race for governor of Kentucky, Republican state returns from the ten missing counties will give Morrow a total majority of 30,000 votes.

DEMOCRATS CARRY MISSISSIPPI

Jackson, Miss., Nov. 5.—Additional returns from election day showed Democrats only to roll up the big majority by which Mississippi state officers were carried by Democrats. The vote polled by any of the Socialist candidates, the only opponents of the Democrats, was less than 10,000. The governor-elect is Lee M. Russell, and his successor as lieutenant-governor is H. H. Caudill. The legislature will be solidly Democratic, as there were no opposition candidates.

ROTH IS RE-ELECTED

San Francisco, Cal., Nov. 5.—James H. Roth was re-elected mayor yesterday, defeating Eugene Schmidt, a former mayor, by approximately 20,000 majority. Figures compiled early today showed that Roth carried by one-half of the vote of the city indicated.

RECOUNT WILL BE ASKED

New York, Nov. 5.—Complete returns of the vote for president of the board of education of New York City show that Representative F. H. Lacuardia, Republican, defeated Robert L. Moran, Democratic incumbent, by 1,363 votes. An official recount will be asked for in Mr. Moran's behalf.

MOORE DEFEATS WESCOTT

Philadelphia, Pa., Nov. 4.—Congressman Philip H. Wescott was defeated yesterday by a majority of 183,516 over Harry D. Wescott, his Democratic opponent, according to the complete unofficial count today.

McLEOD-LAWRENCE, BLENHEIM, Nov. 4.—A quiet wedding took place Monday at the home of Mrs. Mary Lawrence, when her daughter Mary Ellen was married to the presence of immediate relatives to Maxwell R. McLeod. The knot was tied by Rev. A. E. Jones. They were home to their friends after November 15. The groom is a railroad man, and the bride was assistant postmistress here.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

Hogs went back to \$15.75 this morning, and today's shipment, which promises to be a fairly large one, will go at that figure. Dressed hogs are down a little. The top price was \$22 a cwt.

Hay was up this morning, the average price being \$27.50. One load brought \$28 a ton. Quoted this morning at \$18.50 to \$19.00. Potatoes are firm.

Grain, Nov. 5.—The "off-year" election in Michigan yesterday was confined to five of the larger cities of the state. At Port Huron, where labor unions have been active in politics, John V. French, a street car conductor, was elected mayor by a small majority over John B. McIlwain, an attorney. Kalamazoo elected a new city commission.

Lackland elected John J. Bennett mayor and voted on long list of bonding proposals. At Muskegon seven over the city government recently adopted, and Mayor John H. Moore, brought as a result of the street car riots last August, was defeated. Muskegon was generally light owing to snow flurries, and the first cold snap of the year.
