

SUBSIDIZED FARMHANDS FOR ONTARIO FARMS

Chamber of Commerce Writes Farmers' Clubs Asking Their Co-operation in Important Movement.

Because Western Ontario has not been getting its share of skilled farmhands who have been immigrating to this country, the Chamber of Commerce has taken a decided step to remedy matters by issuing circulars to all the farmers' clubs in Western Ontario, asking them to adopt the proposals in the statement. It is believed that by maintaining the local immigration office and also the services of Superintendent John Riggs and by communicating with the Hon. Manning Doherty, minister of agriculture, requesting the establishment of a distributing immigration agency, the farmers of Western Ontario will establish personal contact with the immigration service which will greatly alleviate the trouble that is being experienced in getting capable farm help.

Following is the letter that has been sent:

Dear Sir:—The directors of this organization have asked me to bring the enclosed statement, and recommendations contained in this letter, to the notice of your organization.

If the conclusions drawn in the enclosed statement and recommendations are deemed reasonable to your members, it is suggested that action be taken, as follows:

(1) That your club address a communication to the Hon. J. A. Calder, Dominion minister of immigration and colonization, Ottawa, requesting the establishment of an immigration office at London be kept open, and the services of the present superintendent, John Riggs, be retained for the time being, at least.

(2) That your club address a communication to the Hon. Manning Doherty, minister of agriculture, Parliament Buildings, Toronto, requesting the establishment of a distributing immigration agency, so that Western Ontario farmers may establish personal contact with the immigration service.

(3) That your club address a communication to the Hon. John Bridge, president of the Western Ontario United Boards of Trade, 300 Dundas Street, London, Ontario, endorsing the proposal to establish a Western Ontario immigration office at London, and with similar organizations formed in other provinces and provide for Western Ontario's actual need for farm help. This matter will be considered by the United Boards at their next annual meeting in Chatham, November, and expression of opinion from farmers' clubs will greatly assist the movement.

For Consideration.

The following facts regarding agricultural immigration to Western Ontario are placed before you for consideration.

On account of the activity of the Western Canadian and the Maritime Provinces, and also of the railways, particularly the C. P. R. and the lack of similar effort on the part of Western Ontario, we have been receiving chiefly a class of immigration from

ELEVEN THOUSAND IS CONTRIBUTION TO GRENFELL FUND HERE

Arthur Little Pledges To Give Quarter of Total Sum Raised.

As much as \$10,790 has already been contributed to the Grenfell fund in London, and there is needed but \$1,000 more to bring the original objective of \$11,790. This feat in mathematics is explained by the fact that Arthur Little has pledged himself to give 25 per cent of the total subscription of all London. When Dr. Grenfell was in the city some time ago opening his campaign for an endowment fund to carry on his Labrador mission in perpetuity, there was a great deal of enthusiasm displayed in the cause. Now there lacks but a simple \$1,000, and it is known that this lack will soon be diminished to zero.

The following is a list of the major contributions to the fund:

Why Stay Fat?

The answer of most fat people is that exercise and dieting is too hard, too troublesome and too dangerous a method to force the sedentary body to move. In Marmola Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, exert no dieting or exercise, and have the added advantage of cheapness. One little tablet after each meal and at bedtime—no need to eat less, no need to exercise, no need to strain, no need to worry. The Marmola Co., 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Great Britain and elsewhere obtained largely without selection, and generally speaking left over, after the other provinces have selected the more desirable men.

Another factor which has the effect of giving Western Ontario a less desirable class of immigrants is that players, contractors and others have access to parties of immigrants from the time they arrive in Canada, and actually persuade numbers of them to change their destination.

Responsibility for agricultural immigration to Ontario has been handed over to the Provincial Government by the Dominion Department of Immigration and Colonization, and this department has decided to close the immigration office at London shortly.

This action makes it necessary for Western Ontario farmers to apply for farm help to Toronto where the new distribution office for immigration is now situated.

The London Chamber of Commerce and the Western Ontario United Boards of Trade claim that this condition of affairs is a serious handicap to agricultural production in Western Ontario, and that the immigration office at London is a serious handicap to agricultural production in Western Ontario, and that the immigration office at London is a serious handicap to agricultural production in Western Ontario.

The London Chamber of Commerce and the Western Ontario United Boards of Trade claim that this condition of affairs is a serious handicap to agricultural production in Western Ontario, and that the immigration office at London is a serious handicap to agricultural production in Western Ontario, and that the immigration office at London is a serious handicap to agricultural production in Western Ontario.

The remedial scheme to be in securing the following definite things:

(1) Continuation of the Dominion Immigration office at London under John Riggs until, at any rate, another office is established to take its place.

(2) Establishment of a provincial distributing agency for farm help at London or some central point in Western Ontario so that the Western Ontario farmer may have a chance to learn something more of the men he employs than is possible under the present system with distribution from Toronto only.

(3) Duplication of organization and efforts made by Western Canadian and Maritime Provinces in Western Ontario to secure hand-picked and suit Western Ontario's actual needs by supplementing the activities of the Government officials.
