Condemns Any Expenditure on New City Hall at This Time.

Members of the Real Estate Owners' sion on Friday night, passed a resolution condemning any expenditure of money in the building or reconstruction of the city hall at the present time.

The resolution reads as follows: "Resolved, that in the opinion of this association the aldermen are not acting in the best interests of the ratepayers by proceeding with the building of a new city hall at this time, and upon the Spencer site. The necessarily heavy expenditures for schools and public works does not warrant the undertaking of any new building, especially in view of the fact that only a few years ago large sums were expended for vaults and other service accommodation in the present premises, which are plenty good enough to conduct our municipal affairs in until such time as the finances of the city will permit the lavish expenditure of money upon something that is going to be more pleasing to the eye tnan of service to the taxpayers."

The encounter was the result of an altercation between the two men in the chamber yesterday, when Ferreyra gave the lie to Ceballos after the latter had denounced the government, insinuating that President Irigoyen was surrounded by ministers who were profiting personally at the expense of public interests. Each man fired one shot without result, whereupon the duel was called off. Ceballos also sent a challenge to another deputy who took exception to his remarks, but their seconds settled this incident without recourse to the dueling code.

VOTE OF CONFIDENCE INTENDED FOR BRIAND NOT FOR MINISTRY

Results of Premier's Conference.

Parls, Jan. 22.—Newspapers of this city today expressed satisfaction with the vote of confidence given the Briand ministry in the Chamber of Deputies, but there was a noticeable lack of enthusiasm. A majority held the view that yesterday's vote was an expression of confidence, not in the ministry, but in M. Briand, the champion of France in the approaching meeting of premiers. It was declared the chamber meant to give maximum authority to the man who will plead her cause, and that the Briand ministry was not judged on its declaration, but will be judged by the results of the conference of premiers.

credit of provisional confidence is
opened for M. Briand, and none desires
more than we to see him make the best
use of it for the interests of the country."

Some newspapers manifested a certain veiled skepticism, the Petit Giornale, one of the most influential provincial organs, declaring: "What the nation finds to be strange is that we have the strange is that we nation finds to be strange is that we should be obliged to negotiate cease-lessly with the Allies in order that they may help us to obtain the execution of a treaty signed by them. Therefore, if with the same methods M. Briand succeeds in getting better results than have been achieved in the past, we may then say he has deserved well of his country."

Judge F. L. Brooke Dies On a D. U. R. Interurban Car.

Mt. Clemens, Mich., Jan. 21.—Justice Flavius L. Brooke, member of the state supreme court for the last twelve years, died suddenly Friday afternoon a Rapid Railway interurban car, while on his way from Detroit, his former home, to his St. Clair country home. Apoplexy was the cause of death, it is believed. Mrs. Brooke, bride of two months, was with her husband when he was stricken. Justice Brooke had been indisposed for two or three days, his wife safd, but seemed slightly improved today, and after some hesitation they decided to undertake the trip from Detroit to St. Clair. They left Detroit on the 12:10 Rapid Railway car and a short time later the jurist was seen to be suffering. As he sank into a semi-coma, Capt. Frank L. Meno of St. Clair and other passengers came to his assistance. Restoratives failed to revive him, however, and he died shortly before the car reached Mt. Clemens.
