Angus, in a speech here today, said  
the United States was hesitating to

"We stand fast by the treaty on the  
same status of nationhood as Amer-

## BOARD WILL SELL EAST BLOOR SITE

Reserve Price of \$220,000  
Placed on Property  
Bought for School.

The finance committee of the board  
of education last night submitted  
without recommendation to the board  
the offer of W. J. Hambly to purchase  
the property owned by the board on  
East Bloor street, on which it was  
proposed to build a new school, for  
\$220,000. This property was purchased  
in 1914 for \$150,000, but, by the figures  
of W. W. Pearce, inspector of busi-  
ness administration, it has cost the  
city to date \$216,414, counting all ex-  
penses in connection with the property.  
Its sale has been hanging fire for  
some time, and the board started out  
last night with the intention of coming  
to a decision in the matter.

**Good School Site.**  
The Rev. F. E. Powell thought the  
site admirably suited for the construc-  
tion of a large high school while Mr.  
Dixen declared that Bloor street at the  
viaduct is much too noisy and the  
site too expensive.

"We would do well to get rid of this  
site," said Trustee Boland. "It is noth-  
ing but a white elephant to Toronto.  
We are robbing the city of between  
\$100,000 and \$150,000 annually in taxes  
by holding up the construction of a  
new building on them."

Mr. Boland moved that the business  
manager be instructed to sell the Bloor  
street site for as much as possible, but  
not less than \$220,000, as soon as a con-  
tract is available for a substitute site.  
Trustee Edmunds, second of the opinion  
that the property would be a snap at  
\$300,000, and objected to the minimum  
stated in Trustee Boland's motion. The  
motion was put to a vote and carried.

**New Chief Draughtsman.**  
The question of whether ability should  
be the only consideration in the choice  
of a chief draughtsman for the building  
department was opened when the pro-  
perty committee referred back to the  
board the suggestion that D. R. Frank-  
lin be appointed to the position at a  
salary of \$4500 per annum. The matter  
came up under Finance Report No. 5,  
but was referred to the property com-  
mittee. W. W. Pearce explained that he  
had advertised the vacancy and had  
received seventeen replies, from which  
he picked Mr. Franklin as the most cap-  
able. Members of the board did not re-  
ceive him with open arms, because he is  
neither a Canadian nor a veteran, altho  
he has lived here four years, and has  
worked for the board of education on  
two occasions. By birth he is an Ameri-  
can.

Dr. Bear asked if a satisfactory Cana-  
dian could not be secured, which in-  
spector Pearce declared he was unable  
to answer.

Dr. John Hunter said: "We ought to  
get away from race hatred. You are  
hiding behind a smoke screen of racial  
hatred when you object to Americans."

Trustee John McLeod moved that  
the chief draughtsman be appointed by  
the board at a salary of \$4500 per year,  
and that the position be advertised for  
the next time. This motion was carried  
by a majority of 11 to 3.

**Without Objection.**  
Rev. F. E. Powell withdrew his ob-  
jection to the appointment of Mrs. F.  
Sheila Duff to the regular staff of  
teachers at the new school.

The recommendation of the manage-  
ment committee that a supervisor in  
charge of the new school be selected  
from the list of teachers was defeated.  
Trustee Mrs. Groves declared that there  
are too many supervisors now and ex-  
pressed herself as unfavorable to the  
uniform style of writing.

On a motion by Trustee McLeod, a  
committee of three was appointed to  
handle all questions relative to cadet  
instruction, both in high and public  
schools. This committee consists of  
Trustees Powell, Bell and S. Brown.

A motion, presented by Mr. Boland,  
that the board petition the legislature  
to have only one trustee elected from each  
ward and a proportionate representative  
from the separate school board was de-  
feated.

On a motion by Trustee McLeod to  
increase the finance committee to four  
members was also lost.

The following motion by Dr. Hunter,  
which was passed, may have a very  
noticeable effect on health conditions in  
the city.

"Whereas retardation, due to unde-  
veloped or impaired physical capacity,  
is a most serious problem, therefore,  
in order that all children reaching  
school age may be attained as full a  
degree of physical and mental capacity  
as possible, this board requests the medi-  
cal health officer to make an annual in-  
spection of all children in the city be-  
tween the ages of two and six, not at-  
tending school."

The motion, headed by Mrs. Irwin,  
of the home and school board, repre-  
senting the Local Council of Women, the  
ward and school boards, and the  
various city ratepayers' associa-  
tions, asked that the schools be used as  
community centres. Mr. Noble infor-  
med the deputation that the schools might  
be obtained any evening upon request.

Motion by S. J. Brown the board  
decided to give the preference to Canadian  
citizens and then to British subjects in  
filling the vacancies that occur from time  
to time in the city staff.

**JAPAN'S LADY MILLIONAIRE.**  
The richest woman in Japan, and  
probably one of the richest in the  
world, is a widow named Suzuki. Her  
husband had been in the habit of con-  
sulting her about his business, so  
when he died she was not left help-  
less. At first she left things to the  
manager, but he lost her whole for-  
tune. Then she took the helm her-  
self, and she has far more than made  
up for past losses.

The first great performance of the  
Suzuki firm was in exporting Japanese  
camphor to Europe. In 1907 the  
government of Formosa gave Mrs.  
Suzuki the exclusive right to make  
crude camphor out of camphor oil.  
Not long afterwards the famous fan  
steel works she has had fish-oil works,  
bean-oil refineries, smelters, and  
great amount of real estate. During  
the war it is believed she made \$100,  
000,000.

**GOVERNMENT-RUN FUNERALS.**  
In Brazil, according to an American  
correspondent, funerals and coffins are  
government monopoly, like many other  
things. There are eight different classes  
of funerals. A first-class funeral, com-  
plete, is a gorgeous affair, with a gaily  
glided coffin and a gilded hearse to  
match, drawn by six mules. This costs  
\$150. The pitiful little eighth-class  
funeral of the suburbs has some paper  
sleeves and little shilling, and costs only  
twenty milreis—45c.

**ROYALTY FOUND LIVING IN BOX CAR**  
Grand Duchess Olga, sister of the late Czar of Russia, and one of three mem-  
bers of Russia's royal family who have survived the revolution. The grand  
duchess has been found by Armenian Red Cross workers living in a box car  
in south Russia, where she had been toiling among fellow refugees from  
territory recently conquered by the Bolsheviks.

**SISTER OF LATE CZAR  
LIVING IN BOX CAR**

Washington, March 18.—Grand  
Duchess Olga, sister of the late Czar  
Nicholas of Russia, has been found by  
American Red Cross workers living  
in a box car near Novorossisk, South  
Russia. It was announced today at  
the headquarters of the American Red  
Cross here.

The grand duchess, according to the  
announcement, is one of three surviv-  
ing members of the house of Roman-  
off. She was found "toiling among  
refugees from the territory re-  
cently conquered by the Bolsheviks,  
although herself clad in rags and grieve-  
ful for any food and clothing she  
could find."

**WALLACE REID AT STRAND.**

Handsome Wallace Reid is making  
one of his big Strand The-  
atres this week in the romantic com-  
edy, "Hawthorne the Adventurer."  
Popular Wallie is at his best in this  
peppery Paramount picture of love,  
adventure and laughter, and he has this  
great supporting cast—Lila Lee, Theod-  
ore Roberts, Harrison Ford, Tully  
Marshall, Charles Ogle, Edwin Stevens,  
Guy Oliver. The picture of the Prince  
of Wales' Canadian tour are also pro-  
viding a great treat.

Next week the notable attraction at  
the Strand will be winsome Marguerite  
Clark in her latest picture, "A Girl  
Named Mary," based on the famous  
novel by Juliet Wilber Tompkins. It  
is a romance of youth and a mother's  
love, and it also bubbles over with  
adventure and laughs. Part two of the  
pictures of the prince's tour of the  
Dominion will also be shown next week  
at the Strand.

**A SILVER TELEPHONE.**

The Queen of Spain possesses what is  
claimed to be the most remarkable tele-  
phone in the world. It is of solid silver,  
by four bronze figures, among which  
a boy leaning against a Spar-an coat-of-  
arms is conversing by telephone—a  
golden wire with an English girl in  
close proximity to a British lion. This  
week of art stands on her majesty's  
writing table and connects with the  
royal nursery only.

**EAST END WEDDING.**

The wedding of Miss Waisie K.  
Potts and H. P. Vallor was celebrated  
yesterday in Beach Avenue Methodist  
Church, Rev. A. P. Addison, pastor,  
officiated. Miss W. Stephens was the  
best man and Miss Ethel Potts brides-  
maid. Miss Bessie Caswell played the  
wedding March from Lohengrin. A  
reception was afterwards held at the  
home of the bride's parents, 28 Ham-  
bly avenue.

## SENATE TAKES UP IRELAND'S CAUSE

Inserts Reservation in Sympathy  
With Self-Government in  
Peace Treaty.

**FINAL VOTE EXPECTED**

Washington, March 18.—Preceding  
under forced draft to reach a final  
ratification vote on the peace treaty  
tomorrow, the senate broke from con-  
trol of the Republican leaders today  
and unexpectedly swept into the Re-  
servation reservation program a  
declaration of sympathy for self-  
government in Ireland.

The proposal was put out in committee  
of the whole by a vote of 38 to 35  
after an all-day debate. On a neces-  
sary second vote, this action was  
confirmed later 45 to 38.

Revival of the Irish question pro-  
longed into the night the task of put-  
ting into final form the resolution of  
ratification which it is planned to  
bring to a vote tomorrow. One after  
another a long list of miscellaneous  
reservations were voted down, with  
the leaders determined to complete  
their task before adjournment. It  
was generally predicted tonight that  
the treaty would fail to receive the  
necessary two-thirds vote.

After a final attempt to modify the  
Republican reservation to article 11  
had failed the senate late tonight re-  
affirmed by a vote of 54 to 26 its  
adoption of the reservation.

**Row Over Irish Issue.**  
Another row over the Irish question  
was precipitated by the Gerry reser-  
vation, which reiterated the senate's  
declaration of sympathy for Irish in-  
dependence adopted last summer, and  
expressed a hope that Irish independ-  
ence was "at hand." Senator Hitch-  
cock of Nebraska, the administration  
leader, led the fight for its adoption,  
asserting that it was in full accord  
with the provisions of the treaty, and  
Senator Lodge of Massachusetts, the  
Republican leader, declared he was in  
sympathy with the purpose of the  
reservation, but wanted to strike out  
a preliminary general assertion of gen-  
eral adherence to the principle of  
self-determination.

"It is to my mind, purely hypo-  
critical," said Mr. Lodge, "to have  
such a declaration come from a coun-  
try which had fought for four years  
to prevent self-determination. And  
we should fight against it if one of  
the states attempted to leave the union. I  
do not think we should go before the  
world with a declaration of such a  
policy."

Senator Reed declared the Irish  
reservation was "nothing but empty  
sound," while Senator Townsend, Re-  
publican, Michigan, said the reserva-  
tion was offered for "some other pur-  
pose than to benefit Ireland."

Senator Borah, Republican, Idaho,  
and Gore, Democrat, Oklahoma, spoke  
in its support.

The text of the reservation follows:  
"In consenting to the ratification of  
the treaty with Germany, the United  
States adheres to the principle of self-  
determination and to the resolution of  
sympathy with the aspirations of the  
Irish people for a government of their  
own choice, adopted by the senate,  
June 6, 1919, and declares that when  
self-government is attained by Ireland,  
a consummation which it is hoped is  
at hand, it should promptly be ad-  
mitted as a member of the league of  
nations."

An effort by Senator Thomas,  
Democrat, Colorado, to add a clause  
expressing hope that the people of  
Korea soon would be freed from the  
tyranny of Japan was defeated 34  
to 45.

The senate also voted down 37 to  
42, the motion of Senator Lodge of  
Massachusetts, the Republican lead-  
er, to strike out the general declara-  
tion of the adherence of the United  
States to the principle of self-deter-  
mination. The Republican irrecon-  
cilables combined with the Democrats  
against the proposal.

When the senate defeated his motion  
to strike out the general declara-  
tion of the principle of self-determi-  
nation, Senator Lodge said he could not  
vote for the reservations, even in  
application to Ireland, and Senator  
Lentor supported his position.

Declaring that the reservation was  
amended gave an expression only of  
"empty sympathy" for Ireland, Sena-  
tor Shields, Democrat, Tennessee,  
moved to substitute "independence"  
for "self-government." Mr. Shields  
declared his proposal, however, when  
Senator Gerry modified his reserva-  
tion by eliminating the term "self-  
government" and making it "such  
government as the Irish people should  
approve."

Senator Wadsworth, Republican,  
New York declaring a general decla-  
ration for self-determination might  
set an inflexible and undesirable pre-  
cedent, proposed that the principle  
should be limited "as heretofore ap-  
plied" by the United States, but his  
proposal was defeated 32 to 36.

**A Political Move.**  
Senator Borah declared that the  
reservation had been assumed down  
until it was "discreditable to the  
senate," and deplored the exclusion  
from the reservation of Korea, Syria  
and Egypt, which he asserted, were  
just as much entitled to recognition  
as Ireland.

The senate also rejected, 26 to 53,  
an amendment by Senator Lodge to  
make the reservation say that the  
United States adhered to the prin-  
ciple of self-determination "for the  
people of Ireland. With this limita-  
tion upon the declaration," Sena-  
tor Lodge said he could support it, but  
irreconcilable Republicans again hel-  
ped the Democrats vote down his mo-  
tion.

Senator Borah, Republican, of Idaho,  
a leader of the irreconcilables, de-  
bounced the proposed amendment as  
a political move, designed to affect the  
Irish vote.

"It is the most," Mr. Borah  
began, and when he hesitated there  
were cries of "Say it, say it." "I  
guarantee fails one to describe it," the  
Idaho senator concluded.

**STOCKINGS LATEST FAD FOR COWS.**

An Illinois farmer, having been kicked  
by a cow at milking time, and seeing  
the cause in a fly on her leg, made her  
wear stockings. Pretty soon, according  
to a news-writer, "the village stock-  
keeper was forced to send a hurry call  
for more stockings, and now the major-  
ity of the cows in that section of the  
state are so clad, not only at milking  
time, but throughout the day, for the farmer  
has always argued and scientists have  
proved that a contented cow gives more  
and better milk than one which is  
harassed throughout the day by flies and  
other insects."
