HINTS FOR THE COOK

Quick Loaf Cake.
One cup milk, one cup shortening, one cup sugar, one cup raisins, a little lemon extract, flour to make quite stiff which has been sifted two teaspoonsful of baking powder. You could add citron cut up, and currants.
Marble Cake.
One cup butter, 3/4 cups sugar, 3 eggs, 1 cup milk, 3/4 cups flour in which has been sifted a teaspoonful baking powder, spice or flavoring to taste. Four into your greased and paper-lined pan to the depth of one inch. Put in a layer of dark fruit cake, sliced a little thin. Then pour in another inch of the cake batter and bake. Frost if liked.
Brick's Cake.
Two full cups sugar, half cup butter, a little salt, one cup cold water in which one teaspoon soda is dissolved, three cups flour into which two teaspoons cream tartar have been well sifted (I sift four three or four times

with cream tartar), whites of five eggs. Flavor with vanilla. Cream butter and sugar, add the water and soda dissolved, then the flour with cream tartar, lastly the beaten egg whites and flavoring. Beat two minutes, briskly. Bake in a quick oven. Frost with yellow icing made as follows:—
Yolk of one egg, add one teaspoon water, stir in gradually enough confectionery sugar to make frosting that will not run. Flavor if desired. Spread on hot cake as heat of cake serves to cook the egg slightly. This makes two loaves.

THE VICTIM OF THE LATEST SEA ASSASSINATION

S.S. Ancona, torpedoed and sunk with a loss of over 300 lives.

Morning War Reports Are Favorable To Allies

London, Nov. 12.—The continued landing of British and French troops at Saloniki is causing some uneasiness to Bulgaria and Turkey and the ministers of those two powers today again protested to the Greek government, which took formal notice of their protest.

The determination of the Entente Allies in their Balkan campaign is shown by the large force they are sending to the Balkans, and news was received from Rome today that Italy also had decided to intervene in this region. "It is a manœuvre worthy of her greatness," and to give sufficient support to the British and French to assure a complete triumph. This is said to have had some influence on Greece and Roumania. Roumania, however, is waiting for the developments of the Russian plans.

Meanwhile the Austro-Germans and Bulgarians are advancing slowly in their efforts to cut off or annihilate the Serbian army. These efforts, however, are growing more difficult as the Serbians now have occupied, according to their official report, defensive positions to the south and east of Kraljevo and east of Ivangitsa, and on the eastern front on the left bank of the southern Morava, where heavy fighting is in progress. Big battles also are proceeding in the south between the Bulgarians and the Anglo-French, but the reports are so conflicting that it cannot be said which side has gained an advantage.

Outside the Balkans the most important theatre of operations is now along the eastern front. In the north the Germans, apparently have abandoned any hope of reaching Riga and Drinsk, at least until the ground freezes, as they are falling back, or are being driven back from the Dvina, which was their objective. The Russians in the Riga region are attempting an outflanking movement, and their recent successes have brought them within striking distance of the Tukum-Mitau railway, which connects the German fighting front with the fortress of Windau. The Germans are also falling back before the south General Ivanoff has continued to harass the invaders by repeated thrusts, which, during the past five weeks, according to Petrograd despatches, have brought him nearly 30,000 prisoners. In the most recent of these thrusts near Rudka, the bag totalled 6,000, many of whom were Germans.

The Italians keep up their offensive on both the Trentino and Isonzo fronts, and are making another effort to take Gorizia, which has withstood them for so long.

On the western front heavy artillery bombardments are again taking place in Artois, but with the present rain soaked condition of the ground this can hardly begeth another offensive.

Paris, Nov. 12.—The Serbian legation in Paris today made public the following official communication from the Serbian government, dated Nov. 10: "The Serbian troops have occupied, in good order, defenses to the south and east of Kraljevo and east of Ivangitsa, and also east of the left bank of the Morava river, and southward, where there was desperate fighting throughout the day of the 10th. Engagements continued east of Drinsk, upon the river near Leskovitsa, upon the Bistritza, and at Katschank."

The Serbian official communication, as above, the first received since last Monday, shows that the Serbs, on the 10th, had not been cut off between Kraljevo and Nik, as an Italian newspaper despatch said there were grounds for fear was the case.

RUSSIAN GAINS GENERAL

ALONG ENTIRE LINE

Petrograd, via London, Nov. 12.—The following official communication was issued today: "In the region of Shlok, our troops have advanced to the west of Bagatsi, fighting all the time. After eleven days of almost uninterrupted fighting in the marsh region our troops captured Kamern and Anting. The Germans, who suffered heavy losses, were thrown back to the west. We captured some prisoners and machine guns."

"Fierce fighting near the Borsenevskaya Farm, in the district of Ivangitsa, continues. We repulsed in the course of the day, ten fierce German attacks, inflicting heavy losses on the enemy. Heaps of German bodies are lying in front of our trenches."

"In the fighting today on the Riga front young Lithuanian troops fought side by side with our troops, under extremely difficult conditions. They acquitted themselves splendidly."

"In the region of Drinsk, near the villages of Pristane and Illuks, we made a little progress."

"Near the village of Kostukovskaya, west of Radafowka, fierce fighting continues. We took about 270 prisoners."

"On the Caucasus front, in the region of Tortum, there were encounters between advance guards. West and south of the shores of Lake Urumiah, near the villages of Karaavay, Bengher, Schah-nova and Schah-tepe, our troops had encountered with hands of Kurds, who everywhere were driven off to the south."

No Water at Lemos.
London, Nov. 12.—When the first British naval forces landed at Lemos, near the entrance of the Dardanelles, they were surprised to find that the island, which has an area of nearly 200 square miles and a population of 20,000, was practically destitute of drinking water, except for uncertain supplies from a few small springs. The Allied troops were supplied with mineral water sent in shiploads through the generosity of a French woman in Marseilles.

The British authorities promptly sent to Canada for engineers, who are now engaged in sinking artesian wells, which will guarantee the people of Lemos a reliable and abundant water supply.

Not Going to India.
London, Nov. 12.—The report published in the United States and in some papers in Canada that Lord Kitchener is going to India to suppress a threaten-

ed uprising is officially denied. It is stated that Lord Kitchener is not going to India.

The new British cabinet war committee will consist, it is now certain, of Premier Asquith, the First Lord of the Admiralty (the Rt. Hon. A. J. Balfour), the Colonial Secretary (the Rt. Hon. A. Bonar Law), and the Chancellor of the exchequer (the Rt. Hon. R. McKenna), and the Minister of Munitions (Rt. Hon. David Lloyd George).

CURES CATARRH, BRONCHITIS

BY SWIFT CERTAIN METHOD

Thousands of drug fiends have been started on their downward course through catarrh snuffs containing some habit-forming drug. If you suffer from a cold, sneezing or catarrh—don't use a snuff—use a sensible treatment like Catarrhoxone. It heals and soothes, brings relief at once, cures thoroughly. In bronchitis and throat trouble no doctor can do better than prescribe Catarrhoxone—try it—see what wonders it works—what power it possesses. Different from the old way—you inhale Catarrhoxone. Get the dollar outfit which includes the inhaler and is guaranteed. Smaller sizes 50c; sample size 25c at all dealers.

FIVE WOUNDED IN 26TH

The casualty list issued last night contained the name of Lance Corporal Fren Pellos, 26th Battalion, wounded, as reported to friends here during the day.

The new order applies to Toronto, Hamilton, St. Catharines, Oshawa, Brantford, Orangeville, Owen Sound, Sudbury, Meaford, North Bay and all the other towns in this military district, which is several hundred square miles in extent.

Winston Churchill Going To Front

London, Nov. 12.—It is officially announced that Winston Spencer Churchill

chancellor of the duchy of Lancaster, has resigned from the cabinet and will join the army in France.

Mr. Churchill, in his letter of resignation, explains that he agrees in the formation of a small war council, and appreciates the intention which Premier Asquith expressed to include him among its members. He foresaw the difficulties that the premier would have to face in its composition, he states, and he makes no complaint because the scheme was changed, but with that change his work in the government naturally closed.

He says he could not accept a position of general responsibility for a war policy without any effective share in its guidance and control, and did not feel able, in times like these, to remain in well-paid inactivity.

Rumors had been current for some time that Mr. Churchill would resign his seat in the cabinet and go out on active service at the front. He is a Major in the Oxford Yeomanry.

Mr. Churchill was serving as first lord of the admiralty when the war began and filled that office until the formation of the coalition cabinet last May. He took the position of chancellor of the duchy of Lancaster in the cabinet, Arthur J. Balfour being made first lord of the admiralty.

GIRL ADMITS THEFT FROM HOME OF NEIGHBOR, BUT MOTHER SECURES RELEASE

A girl fourteen years of age, who resides in Sheriff street, was before Police Magistrate Ritchie yesterday afternoon, charged with stealing \$30 and three phonograph records from people who live downstairs in the same house.

After a few witnesses had been examined the girl admitted what she had done, but she was allowed out on suspended sentence with the understanding that her mother should make good the amount to her neighbor.

Hearing in the case against Messrs. Grey and Cotter, reported for doing an automobile business in the city without a license, was continued for a short while. Judgment will be given next week.

One prisoner in for drunkenness was allowed to go on a promise that he would keep sober in future.

The immense water power of Lough Erne and that of the Shannon, Ireland, is to be utilized to produce electric power to run factories for producing munitions of war. The project is to take the surplus water of the Erne and Shannon by way of a canal to be cut for the purpose, and with a great fall to work powerful dynamos so as to generate sufficient power to work two factories.
