WOULD RELIEVE UNEMPLOYMENT

Plans for Further Improve-
ment of Millidgeville Ave.
—Step Towards Provision
for City Growth.

Commissioner Frink, of the public
works department, is preparing plans
which may result in the employment of
several men for the greater part of the
winter months. Asked concerning his
plans for Millidgeville avenue, he said
that he proposed to have a resolution
at an early meeting of the council, ask-
ing for authority to extend the work
which has already been done in that
thoroughfare. It is his plan to widen the
road between the Spar Cove road and
Boar's Head road to its full legal width,
to straighten out several bad turns, and
grade the surface and sidewalk areas.
The proposed resolution will provide for
the payment for the work by bond issue.
The commissioner said that the area
in the vicinity of Millidgeville avenue
was the logical and only outlet for the
spread of the city and it was with this
idea in mind that he was recommending
the improvement of the roadway in that
direction. He was of the opinion that
the work which he planned for this win-
ter would be one of the best ways of
solving the unemployment difficulty, as
beneficial results would be obtained from
the money spent and employment would
be provided for several men. He does
not anticipate any opposition to his
scheme.

LOTTERIES AND ORPHANS' FAIR

In connection with the protest of the
Evangelical Alliance against the use of
what are termed gambling devices at the
Orphan's Home, held August 4, 1921, Mr.
J. C. B. Appel, secretary of the alliance,
has shown the Times a letter from L. D.
Clark, president of the St. John Protestant
Orphan's Home, written on October 12, in
which he personally de-
clared himself opposed to gambling de-
vices of any kind, and enclosed the fol-
lowing:
"St. John, N.B., Oct. 12, 1921.
"At a meeting of the Board of Direc-
tors of the St. John Protestant Or-
phan's Home, held August 4, 1921, Mr.
W. M. Campbell reported all arrange-
ments for the proposed garden party
were completed and in this connection
it was on motion resolved not to have
any wheels of fortune so-called, in con-
nection with the affair, nor any other
questionable devices, nor any purpose of
raising money for the St. John Protes-
tant Orphan's Home.

POLICE COURT

George Buckley, charged with aggra-
vated assault on Joseph R. McLaughlin,
pleaded not guilty. Mr. McLaughlin tes-
tified that the accused had been work-
ing on a beach at the West Side. They
had been transporting sand in wheel-
barrows. The accused had piled his
wheelbarrow on McLaughlin's and when
he dumped it in lifting his own, Buck-
ley had struck him on the back with a
shovel. He showed a mark on his head
which he said was caused by the blow.
The defendant asked for a postpone-
ment to secure counsel and the case was
set over till this afternoon at 2 o'clock.
Herbert Morgan, charged with break-
ing and entering the garage of Fred Mc-
Leod and taking from there three pic-
tures, pleaded not guilty. Morgan was
summarily tried before the magistrate.
He was remanded for judgment. E. S.
Ritchie appeared for Morgan.

COLLEGE FOOTBALL

Fredericton, N. B., Nov. 9.—Acadia
University does not appear to have
given up hope of still becoming cham-
pions of the western section and thus
playing off with Dalhousie University
for the Maritime Intercollegiate Rugby
championship.
Mount Allison are generally picked as
the probable winner of the final game
of the western section when they meet
Acadia at Sackville tomorrow. Acadia
currently in expectation of being the
winner of this game, have sent a pro-
posal to U. N. B. suggesting that if a
play off is necessary, Acadia and U.
N. B. meet at Moncton on Saturday
November 12, to decide the western sec-
tion title.
U. N. B. will probably suggest that
the game, if one is necessary, be played
at Truro on November 15 and then the
winners could remain there and after a
day's rest meet Dalhousie on the 17th,
the date set for the maritime cham-
pionship.
