

## PREPARE FOR CORONATION ON FEBRUARY 12

No Radical Changes Expected  
in Vatican Staff.

800,000 Knights of Clumbus  
to Present Pledge of Devotion  
to New Pope—Cardinals  
Dougherty and Begin  
Receive News of Election at  
Sea.

Rome, Feb. 7.—The Vatican today  
begins to resume its usual  
brilliance following the death of the late  
Benedict XV., in preparation for the coronation  
of the new Pope, Pius XI, on Feb.  
12. The pontifical household will be  
set in order and the rooms used by  
the pope during the election will soon  
assume their normal appearance.

The whole of Italy, judging from  
the messages received at the Holy See, seems  
full of joy that Pius XI sits on the  
throne of St. Peter. All praise from his  
first apostolic benediction that the  
breach between the church and the state  
would be healed during the present pontificate.

Pius XI. is occupied with the preparation  
of long lists of the prelates who  
will surround him as the spiritual head  
of the church.

There are unlikely to be very radical  
changes in the pontifical household since  
Cardinal Gasparri retains his post as  
secretary of state, and many of Bene-  
dict's appointees are certain to be re-  
tained.

On Board the Steamer La Lorraine,  
Feb. 7.—(By wireless.)—News of the  
election of Cardinal Ratti as head of the  
Catholic church was received by wireless  
and produced a considerable impression  
on Cardinal Dougherty of Philadelphia  
and Cardinal Begin of Quebec, who are  
on their way to Rome. They expressed  
the hope that they will be able to reach  
Rome in time for the coronation.

Neither of the cardinals knows the  
new Pope personally, but said they had a  
great opinion of his learning and piety.  
They had received and admired some of  
his publications, the last one of which  
was his pastoral letter when he took  
possession of the Milan See after he was  
appointed cardinal.

Cardinal Dougherty and Cardinal  
Begin expect to arrive in Paris on Tuesday.  
They will leave for Rome on  
Thursday morning, and expect to arrive at  
their destination on Thursday morning.

Paris, Feb. 7.—Cardinal Dougherty,  
archbishop of Philadelphia, and Cardinal  
Begin, archbishop of Quebec, on their  
way to Rome, reached Havre this  
forenoon on board the La Lorraine, and  
were met by a delegation of the French  
Catholic hierarchy, and after a stormy voyage,  
and arrived in Paris this afternoon. The  
two cardinals will leave tonight for  
Rome, where they will arrive Thursday  
night in ample time for the coronation  
of Pope Pius XI.

Soon after their arrival in Paris the  
cardinals telegraphed the new pontiff  
congratulations and good wishes for  
the future of the Catholic Church in  
Canada and the U. S.

K. of C. Tributes.  
New York, Feb. 7.—A complete list of  
devotion from the 800,000 members of the  
Knights of Columbus in the U. S., Canada,  
Newfoundland, Cuba and Mexico will  
be delivered to the new Pope by a  
special representative of the organization.

Edw. L. Heame, of this city, an-  
nounced today that he would sail Saturday  
for Italy, where he will visit the Vatican  
and present the pledge.

NO DEVELOPMENTS IN  
THE DELORME CASE.  
Montreal, Feb. 7.—There is no more  
proof of anyone's guilt today than there  
was yesterday, said Coroner McMahon  
this morning in announcing the formal  
postponement of the inquest into the  
death of Raoul Delorme, murdered Ot-  
tawa student. "According to reports  
made to me there is absolutely nothing  
new in the case."

BODY TAKEN TO  
HALIFAX FOR BURIAL.  
Montreal, Feb. 7.—The body of Col.  
William James Stewart, well known  
military figure, who died last Saturday  
night at the age of seventy, was this  
morning conveyed to Montreal by steamer  
on a gun carrier for transportation  
to Halifax, his birthplace, where inter-  
ment will take place tomorrow.

A short impressive service was held at  
the undertaking rooms, conducted by  
Rev. Canon Almond. The coffin was  
draped with the Union Jack, while the  
dead officer's sword and helmet were  
placed over the body.

EMPLOYMENT LESS  
AS YEAR CLOSED.  
Ottawa, Feb. 7.—(Canadian Press).—  
During the last two weeks of the old  
year, according to reports from the em-  
ployment service department of labor  
which will be issued tomorrow, 53,100  
persons were released from employment.  
The curve of employment fell slightly  
over seven points.

Stops Pain Instantly

The simplest way to end a corn is  
Blue-jay. A touch stops the pain in-  
stantly. Then the corn loosens and  
comes out. Made in two forms—a  
colorless, clear liquid (one drop does  
it) and in extra thin plasters. Use  
whichever form you prefer, plaster or  
the liquid—the action is the same.  
Safe, gentle. Made in a world-famed  
laboratory. Sold by all druggists.

## A HOME-MADE GRAY HAIR REMEDY

You Can Make a Better Gray Hair  
Remedy Than You Buy.

Gray, streaked or faded hair is not  
only unbecoming, but unnecessary.  
Anyone can prepare a simple mixture  
at home that will darken gray hair, and  
make it soft and glossy. To a half-  
pint of water add 1 ounce of bay rum,  
a small box of Orle Compound and  
1/2 ounce of Eucalypti.

These ingredients can be bought at  
any drug store at very little cost, or  
the druggist will put it up for you.  
Apply to the hair twice a week until  
the desired shade is obtained. This  
will make a gray-haired person look  
twenty years younger. It is easy to  
use, does not color the scalp, and  
keeps the hair soft and does not rub off.

## WILL MEET AGAIN 8 YEARS HENCE

Washington, Feb. 7.—Although the  
Washington conference of the League of  
Nations is out of existence today, many of its  
decisions, particularly relating to the Far  
East, still remained to be applied and  
given effect by boards and commissions  
authorized.

In addition, the conference, so far as  
its naval negotiations are concerned, pro-  
vided virtually for its rebirth eight years  
hence, when representatives of the United  
States, Great Britain, Japan, France, Italy,  
and the Netherlands will meet again to discuss  
naval armaments and the future of the  
Pacific.

The only directly continuing function  
of the conference remaining after its  
windup was the secretariat general's office.  
This has been abolished, and the final  
final duty of compiling and printing  
corrected minutes of the sessions, and  
also will act as a clearing house for in-  
formation which the various governments will  
inform each other as to their existing com-  
mitments affecting China.

## SOME GAINS IN WALL STREET

New York, Feb. 7.—(Wall street, 10:30)  
—With few exceptions the stock market  
closed today with gains. The active  
opening of today's session. Junior  
ranks, independent steel and oils again  
led the advance. Erie, Rock Island  
and Union Pacific were among the  
11-14 points and accumulation of St.  
Paul preferred, St. Louis Southwestern  
preferred, New Haven and Rock Island  
was in progress.

An early rise of 13-14 points in Gulf  
States Steel was soon increased to 23-24  
points. Great Britain Ore also coming  
briskly forward. Maryland was strong-  
est of the oils with Mexican Petroleum  
and California Petroleum. Reaction  
running from fractions to two points  
marked the closing. Among the weak  
were Union Pacific, U. S. Steel, and  
Pittsburgh.

from a visit to American cities includ-  
ing Syracuse, N. Y., and Boston.

## WHOLESALE TRADE CONDITIONS FAIR

Dun's Bulletin says of Montreal trade:  
The boot and shoe convention this  
week proved quite a success, the job-  
bing trade from all over the Dominion  
being well represented, and some good  
resulting business is looked for.  
The manufacturers have also been in-  
formed that their rents were increased  
from \$500 to \$2,000 a year. Families in  
some houses have also been informed  
that their rents were increased. Some  
citizens speaking to the Times say that  
drastic measures should be taken to  
bring down the rents. The St. John Real Estate Company, Ltd.,  
has announced that they have no in-  
tention of increasing their rents this  
year. Some few landlords have reduced  
their rents, claiming that times are so  
hard that high rents are working a hardship  
on the people.

Travelers have started out on their  
main placing trip and find stocks low,  
but report a disposition with many to  
defer any considerable buying until the  
autumn. Some good business has been  
done in the export of sole leather to  
Britain, though the demand from that  
quarter has slackened somewhat.  
Fur traders have started out on their

but report a disposition with many to  
defer any considerable buying until the  
autumn. Some good business has been  
done in the export of sole leather to  
Britain, though the demand from that  
quarter has slackened somewhat.

A moderate but healthy distribution  
marks the grocery trade, and no striking  
variations in values are to be noted.  
Rumour quotations are unchanged, and  
refineries are fairly employed, one company  
reporting a considerable export business.  
American enquiries are reported for 15-  
2000 cases of tomatoes, as well as a shipment  
of 8,000 cases to Britain. City retail  
trade has quieted down somewhat.  
The failure list shows eleven defaulting  
insolventcies for the week, with liabilities  
of \$25,000.

Canadian grain in store has increased  
4,624,738 bushels, domestic supplies of  
cattle are small, which turned up of  
market, cables being stronger. There is  
a moderate demand for cattle, but  
bookings for Liverpool and Glasgow,  
from St. John at \$20 per head, February  
and March shipments.

Prices of smoked meats advanced two  
cents per pound. A weak feeling  
prevails in the market, and prices of  
dozens sales at 50c. per dozen. The  
cheese market is stronger, with butter  
firm. The market for flour, but prices  
offered were too low to interest millers.

The export for automobiles from Can-  
ada has become quite an important fac-  
tor in Canadian industry.  
The export is fair, with collections  
on the slow side.  
Conditions Improving.

Winnipeg, Feb. 7.—Conditions are  
slowly but surely improving in whole-  
sale and retail cities throughout Canada.  
The movement, although slight, has  
been noticeable in many lines since the  
middle of December, and there are those  
who forecast a steady improvement in  
the coming year. The Canadian Credit  
Men's Trust Association.

Recent advices, including those from  
Montreal, Quebec, Toronto and Bran-  
ford, show that wholesalers are, as a  
whole, feeling better. The movement in  
retail trade is noticeable in larger cities.  
Collections are still somewhat slow, but  
improvement is being made in the de-  
crease.

Reports from Winnipeg and the west  
indicate that wholesalers, while seeing  
hopeful signs in increased orders, say  
that the improvement is to take con-  
crete shape, business must pick up faster  
than at present. In Manitoba and Sas-  
atchewan, although conditions are im-  
proving, business is still poor compared  
with a year ago. Retail trade has been  
made further substantial gains at the  
active opening of today's session. Junior  
ranks, independent steel and oils again  
led the advance. Erie, Rock Island  
and Union Pacific were among the  
11-14 points and accumulation of St.

## STILL AT SEA ON RENT QUESTION

Some Up, Some Down, Some  
as They Were—Numerous  
Complaints.

Numerous complaints are being heard  
throughout the city about the exorbi-  
tant demand being made by some land-  
lords for rent. It is said that in some  
cases proprietors of stores have been  
notified that their rent was increased  
from \$500 to \$2,000 a year. Families in  
some houses have also been informed  
that their rents were increased. Some

## CALMER TODAY IN SOUTH AFRICA

Reversal of Feeling Regarding  
Strikers' Agitation for  
Republic—Strike Confer-  
ence Fails.

(Canadian Press Cable).  
London, Feb. 7.—Despatches from  
South Africa report the apparent calm-  
ing down of the nine strike situation  
at least insofar as it had resulted in de-  
mands for the proclamation of a re-  
public.

A Johannesburg message says another  
meeting held at the town hall  
yesterday on Monday developed a reversal  
of feeling against the resolution passed  
by Saturday's meeting favoring a re-  
public. The Johannesburg resolution  
was a repudiation of the strike action  
of the public who kept interrupting  
the proceedings should leave the  
meeting.

The message adds that a delegation  
of strikers which went to Pretoria,  
carrying the Johannesburg resolution  
favoring a republic to a member of the par-  
liament met with a cool reception from  
the members of the house who urged them  
against any action not constitutional.  
Meanwhile, however, a conference held  
between government and miners' repre-  
sentatives at Pretoria, to talk over a  
possible settlement of the mine strike failed  
of any definite accomplishment.

## THREE DEAD, 25 INJURED IN A HOTEL BLAZE

The Total Fatality List May  
Reach 15 or 20—\$150,000  
Loss in Virginia.

Richmond, Va., Feb. 7.—Three persons  
are known to be dead and at least  
twenty-five injured in a fire here early  
today which destroyed the Virginia  
Hotel and several adjoining buildings  
with a loss estimated at \$150,000.  
The police state the death toll may  
reach fifteen or twenty.

A wall at the fire escape collapsed  
and is believed to have caused the death  
of a man who fell from the top of the  
building. The flames quickly spread to the  
Laundry, the Co-operative Exchange, the  
Andrew Wilson Paper Co. plant and the  
Clyde W. Sanders, printing plant, all of  
which were badly damaged.  
Seventy-two persons were seen in the  
blaze. A search of the ruins has been  
begun.

## GETS THE LASH.

Montreal, Feb. 7.—Judge Decarie this  
morning sentenced P. Y. Young, rest of the church,  
celebrated the opening services. The session  
opened with a reading of the 17th chap-  
ter of the Bible. The Rev. J. J. Young  
read a paper on "Intercession," which  
was discussed. Other subjects  
were discussed. The session this  
morning was very successful and helpful  
and was largely attended. Following  
the meeting, the members of the church  
were entertained at dinner at the home  
of Rev. Mr. Young.

## TAYLOR'S FORMER BUTLER CHARGED WITH HIS MURDER

(Continued from page 1)

Well Liked in Windsor.  
Windsor, N. S., Feb. 7.—"He was re-  
fined and one of the finest gentlemen  
we ever entertained," was one of the  
comments made by the members of the  
community who knew Windsor Taylor  
when he was attached to the Canadian  
Expeditionary Force here.

One lady remarked that it seemed im-  
possible that Taylor had made any  
enemy while in the army, and that while  
he was in Windsor he was the idol of  
the military encampment.

## Leonard-Britton Match.

New York, Feb. 7.—Benny Leonard,  
lightweight champion, may be matched  
with Jack Britton for a waterweight  
title bout in Madison Square Garden  
March 17. Britton, it is said, has agreed  
to meet Leonard in a fifteen round bout.  
Definite details of the match will not be  
arranged until after both champions  
have filed their engagements, at the  
garden.

Fredericton, N. B., Feb. 7.—Fredericton

## DANGER OF JUST LETTING A COLD RUN ITS COURSE

Public Warned to Beware of  
a Three Days' Cough and  
Break It up Before It's Too  
Late, by Taking Asprolox,  
the New Scientific Discov-  
ery.

Money Refunded if Asprolox  
Fails to Bring Relief.

Leading authorities are using every ef-  
fort to arouse the public to the danger of  
letting a common cold just run its  
course, for it is definitely known that  
many serious lung complications such as  
pneumonia, grippe, etc., develop from  
colds that hang on persistently.

Colds are curable and preventable, and  
Asprolox provides the safest, surest and  
quickest, as well as the most practical,  
treatment for colds yet discovered.  
Asprolox is almost magical in its ef-  
fect. The first dose usually stops the  
tendency to sneezing and coughing, and  
relieves the feeling of discomfort, and  
the second and third doses usually suffice  
to stop the progress of a cold altogether.

The wonderful efficiency of Asprolox  
has been demonstrated by the fact that  
doctors are instructed to refund money  
where it fails to give satisfactory results.

## Removes Hair Growths Without Pain or Bothers

(Modes of Today.)

It is not necessary to use a painful  
process to remove hairy growths, for  
with a little Asprolox, and a little  
patience, the skin can be made free of  
these blemishes. To remove hair,  
make a stiff paste with a little powder-  
ed Asprolox and water. Spread this on  
the hairy surface and in about two min-  
utes rub off, wash the skin and the  
hairs are gone. To guard against dis-  
coloration, be careful to get real dis-  
coloration. Mix fresh as wanted.

## SUCCESS OF TAILAC DUE TO MERIT ALONE

Personal Recommendation of Celebrated Medicine  
by Persons It Has Restored to Health Is the  
Chief Reason for Its Tremendous Sale.

Not a day passes but what thousands  
of people ask the questions: What is  
Tailac? Why its phenomenal success?  
Why do we hear so much about it? The  
answer to these questions is not difficult.  
Tailac, Nature's Medicine, is a won-  
derful Reconstructive Tonic and body-  
builder. It is purely vegetable and is  
made from the most beneficial roots,  
herbs and barks known to science. The  
medicinal properties are readily taken up  
by the system, thereby aiding digestion,  
stimulating the appetite and assisting  
the stomach in converting the food into  
nourishing elements that build up tissue  
and nerve strength. There is probably  
not a single portion of the body that is  
not benefited by the helpful action of  
this remarkable medicine.

The system, besides being purified and  
strengthened by Tailac, is toned up and  
invigorated. It quickly overcomes indi-  
gestion, non-assimilation of the food, ner-  
vousness, headache, backache, general  
debility, and many other complaints that  
are so common to the thousands of half  
sick, depressed men and women.

Tailac was designed primarily for the  
correction of disorders of the stomach,  
liver and bowels. At the same time, as  
stated above, it is a powerful Recon-  
structive Medicine, for it naturally fol-  
lows that any medicine that brings about  
proper assimilation of the food and the  
thorough elimination of waste products  
must, therefore, have a far-reaching and  
most beneficial effect upon the entire  
system.

Probably eighty per cent. of all dis-  
eases originate in the digestive organs.  
Dyspepsia, or what is more commonly  
known as indigestion, is not only one of  
the most prevalent, but is one of the  
most difficult to treat of all present-day  
diseases, and has for years baffled the  
skill of leading specialists. It is almost  
always followed by a complication of  
diseases. One of the first is torpid liver  
with biliousness, followed by headache,  
coated tongue, dry spells, pain in the  
back, palpitation of the heart, and other  
distressing symptoms. Soon other organs  
of the body become involved and vari-  
ous diseases develop and become chronic.  
If not checked in time. The first sym-  
ptoms of stomach disorder, such as gas-  
tritis, constipation, foul breath, flatu-  
lence, after eating, pains in the stomach,  
headache, tired-out feeling, lack of en-  
ergy, should be the signal for prompt  
and decisive action.

Tens of thousands of men and women,  
of all ages and in all walks of life, af-  
flicted with stomach and liver disorders,  
some of them of long standing, as well  
as thousands of weak, thin, nervous men  
and women apparently on the verge of  
collapse, have testified publicly that they  
have been fully restored to the enjoy-  
ment of perfect health by taking Tailac.
