IT WAS FATHER'S FAULT.

(Cleaved Plain Dealed).

The kid came home from school with a tear-stained face. His mother couldn't find out what was the matter, neither could his father. It appears that the teacher had been unjust and the boy was ashamed.

"You were kept in? What for?"  
"It wasn't my fault—it was yours!"  
"So? You get yourself kept in after school and then say it was your father's fault? Tell me all about it!"  
"Last night I asked you how much a million was, and you said it was a hell-uvalot!"  
"Well, what of it?"  
"The teacher says that ain't the right answer."

**ONE DOSE WAS ENOUGH**

M. Schneider of Crescent Works, who has made a gift of \$200,000's worth of new artillery to the French government

tells a story of a French peasant who was on his first visit to a town.

He went into a cafe and ordered a glass of beer. The waiter brought the beer, together with, as usual in good cafes, a small round piece of felt on which he placed the glass. The countryman looked at the felt doubtfully.

He lifted it and tried to bite it. Glancing round to make sure that nobody was watching him, he took out his knife and cut the felt into small pieces. These he gulped down one by one, and finally washed them down with his beer.

Rather exhausted by his efforts, he called the waiter again.

"Another beer," he said, "but no biscuit this time!"

**Cut This Out**

Famous Specialist's Recipe for Catarrhal Deafness and Head Noises

If you know someone who is troubled with head noises, or catarrhal deafness, or both, cut out this formula and hand to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that catarrhal deafness, head noises, etc., were the direct cause of constitutional diseases. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing head noises, headache, dizziness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment.
