DISLIKE COMMENT
OF IRISH GOVERNOR

Unionists Stirred by Criticism Over Border Commission

Declare Mr. Healy has Gone Beyond Precedent—Sir James Craig is Questioned—Belfast Says He is Not a Party to the Arrangement.

(Canadian Press.) London, July 6.—Criticism which Timothy Healy, Governor General of the Irish Free State, made of the Northern Government's recent newspaper interview, has stirred the indignation of the Unionists, who assert that it is unprecedented for the Governor General of one of the British dominions to issue such a statement.

Mr. Healy, in his statement, pointed to the continued refusal of Ulster to appoint a boundary commission to co-operate with the Free State and Great Britain in determining the line between north and south.

The Belfast correspondent of the Daily Express says that Premier Craig, with a majority of the Ulster Government behind him, was not a party to the boundary commission arrangement and so cannot be charged with breaking any agreement in that connection.

The Premier asserted that Ulster was enjoying peace and prosperity. "We believe any man," he said, "who stirs up trouble or creates chaos in a part of the Empire which desires to remain under the King's constitution to the Daily Express says that Premier Craig, with a majority of the Ulster Government behind him, was not a party to the boundary commission arrangement and so cannot be charged with breaking any agreement in that connection.

Colt of Bristol, on grounds of neglect to provide, following a hearing of testimony taken by depositions. Under the decision she is granted custody of three children.

REACHES SYDNEY
BY THE AIR ROUTE

Sydney, N. S. W., July 6.—Major A. B. Shearer arrived at ten thirty o'clock this morning in his seaplane from Halifax.

USE ANY WEAPON
TO GAIN CONTROL

A Federated Farmer-Labor Party is Created in Chicago.

Chicago, July 6.—Any weapon may be used in obtaining political control of Government by the new federated Farmer-Labor Party, created here last night, it is indicated in the tabling of a resolution by the convention which would have excluded from its platform any group which advocated force or violence in the case of the Farmer-Labor caucus, which included such a section, and later by tabling a resolution commended by the minority of the resolution committee. Sentiment of the representatives of the Workers Party, an acknowledged branch of the Communists, were jubilant over the exclusion, pointing out that the Farmer-Labor Party was "on the run" (their way it went). If it voted to reject, then the Farmer-Labor Party was scrapped. If it voted to participate, then its organization would be merged. Red "speeches" which became more pronounced the convention nearer its close, kept the delegates in almost continual demonstration.

WOMAN MAKES
AIR RECORD; IS
FROSTBITTEN

St. Louis, Mo., July 6.—Mrs. Bertha Horschman, professional aviatrix, of Ransom, Kansas, established a new altitude record for women by ascending 16,200 feet at St. Louis Aviation Field yesterday. The previous record was 15,700 feet made by Andrea Peyrot, French woman flyer, in California last May.

CANADA'S FIRE LOSSES

Toronto, July 6.—Fire losses in Canada during the week ended July 4, are estimated by the Monetary Times at \$100,000 compared with \$781,700 for the same week last year.

McLachlan Letter
Makes Stir in The
Cape Breton Trouble

Copy Wired to Attorney-General of Nova Scotia And There May Be Government Action because of its Contents.

INFLAMMATORY
APPEAL MADE
TO MINERS

McLachlan Wants All Nova Scotia Mines to Close—Describes Provincial Police as Brutal.

(Canadian Press.) Sydney, N. S., July 6.—Police officials spent this morning investigating the authenticity of a circular purported to have been addressed to the various island locals of the United Mine Workers of America by District Secretary J. B. McLachlan, and counselling them to throw down their tools in the face of alleged brutal assaults on innocent women and children by the provincial police.

F. W. Gray, assistant to the vice-president of the British Empire Steel Corporation gave out copies of this letter to the local newspapers last night, but it was not until this morning that what purported to be an original copy was produced. This was what was alleged to be the mimeographed signature of the district secretary.

Officials of the corporation explained that the original had reached them in an envelope containing another communication from the U. M. W. district executive. A copy of this letter was wired the attorney general's department and arrangements made to investigate further the circumstances under which the document came into the hands of the steel corporation.

If the officers of the crown could they can prove McLachlan's responsibility for the letter and further that the matter contained in the letter lays its author open to being charged with an indictable offence, swift action may be anticipated.

The night passed quietly throughout the affected area. John B. Blue, member of the staff of the Maritime Labor Herald, was arrested when he appeared to report the proceedings of the Sydney City Council, on a charge of taking part in an unlawful assembly, growing out of the strike.

His application for bail was refused and he spent the night in jail. Otherwise there was no development in the case. The provincial government is meeting here today and at its conclusion will discuss the matter and make a statement concerning the McLachlan letter.

What McLachlan Says. Sydney, N. S., July 6.—J. B. McLachlan, district secretary of the United Mine Workers of America, today issued the following statement:

"I have read the statement which has been sent out by J. B. McLachlan to the various island locals and emphatically state that there is not a particle of truth in the statements which he made regarding the acts of violence committed by members of the provincial police against women and children Sunday night."

CASE OF SOLDIERS
IN C. N. R. EMPLOY

G. W. V. A. Dominion Convention Resolution

Matter of Seniority—Action Against Return to Patronage System—Want November 11 to be Made a National Holiday.

(Canadian Press.) Vancouver, B. C., July 6.—Desirability of preference in employment of service men employed on Canadian railways, was discussed at yesterday's session of the G. W. V. A. Dominion Convention. The result was that a resolution was endorsed to the effect that "whereas under the existing agreement the Canadian National Railway and the men's representative in the event of a reduction of staff, seniority of service governs and this would affect a majority of ex-service men now employed, all members of His Majesty's forces should take their seniority before that of any unqualified alien; that their seniority should be dated as from the date on which they joined the forces, such seniority rights to be applied in all instances, except for promotion in the service and also that ex-members of His Majesty's forces be given preference for employment and promotion."

It was contended by delegates from various transportation centres, east and west, that under the conditions at present existing in railway employment, ex-service men were frequently laid off while enemy aliens and unqualified alien were kept at work.

The convention went on record as urging that all possible pressure be applied to the Federal Government through local members in order that the "vicious influence of the Herald and similar newspapers may not find circulation in Canada."

Resolutions dealing with employment were passed, one of which was one which stated that the G. W. V. A. viewed with alarm a tendency appearing in some provinces to return to the patronage system with the consequent elimination of the powers and duties of the civil service commission, and urging upon the Dominion Government and the people of Canada generally the necessity of immediate action to prevent the return of the patronage system.

The Government also called upon the Dominion Government to take steps to re-establishment making provision for the employment of ex-convicted criminals in industry, business, in railway service, etc., thus enabling them to qualify for permanent positions.

Further resolutions were passed, and delegates expressed their feeling of the need of the S. C. R. officials' acceptance, for immediate action in need or care or treatment under deplorable circumstances, regardless of his qualifications.

National Holiday. The Dominion Government was asked to establish a national holiday on November 11, each year, in commemoration of the signing of the armistice, irrespective of what day of the week the day came on.

Further resolutions were passed dealing with pensions. These asked for larger pensions to orphaned children and extended to the orphans of all pensioners who die subsequent to discharge, irrespective of the reason. For an amendment to the pension act to conform to the British Act which refers to malaria; amendment to give more consideration to cases where doubt exists as to attributability to service, and a minimum pension for disability of blind soldiers.

In all cases where the disability necessitates the use of special appliances, extra clothing, boots, etc., including special diet, it is requested that sufficient allowance be made to cover such cost.

WAGES STOP WHEN
SHIP WRECKED

Suggested Legislation in the British Commons to Remedy Such Situation.

London, July 6.—(Canadian Press.)—E. Shilwell, Lord M. P. for East Lintthorpe, Scotland, in the House of Commons today declared that the wages of the crew of the Trevesa, which was recently wrecked some distance from Port Louis, Mauritius, had automatically stopped when the vessel was wrecked. He suggested that legislation should be passed to remedy such an anomaly or a grant of public funds should be made in this case and in similar cases.

EIGHT KILLED IN NEW
ZEALAND TRAIN WRECK

Wellington, N. Z., July 6.—Eight persons were killed and 98 injured yesterday when an Auckland-Wellington express train was derailed near Taumarunui.
