Other Relevant Information (Cont)

sincere. He perhaps does not display the degree of initiative one would expect to find in a CSM but he is a "plugger" who is likely to stick to a job which is within his capabilities. He is willing to serve anywhere, and it is believed that if there were a chance of accepting discharge or reverting to the rank of Sgt. he would revert. He is unsuitable for overseas Service, and cannot be employed as a Lineman or HWE because of H4.
