NOTES AND COMMENTS

Schell for South Oxford.
Let the farmer have his turn.
Tariff and Larger Markets.
Money or the masses—which?
Tariff on food is a tax on food.
What is good for the farmer is good for the rest of us.
Reciprocity will help the producer and the consumer.

An exchange says the old fence sign of B. B. B. is due to take on a new meaning after September 21st—"Borden Badly Beaten."
Mr. John Herron, Conservative candidate for Macleod, says: "If elected I will return to Ottawa and vote for the reciprocity pact. I think it is dangerous in spots, but everyone in the riding wants it and I will vote for it." "Everyone in the riding wants it" is a good indication of Western feeling.

The Conservative campaign sheet contains a most elaborate statement of the progress of Canada within the last decade, emphasizing particularly our increased trade, and the development of our business with the mother country. The Conservatives put this material forward with the appeal to "Let well enough alone," but forget that in so doing they exhibit the absurdity of the predictions of ruin to Canada which were made at the time the Fielding budget was announced. All the indications are that experience will prove that they are as badly off on the reciprocity issue as they were relative to the results of the operation of the Fielding tariff.—Brantford Expositor.

FIVE PERSONS DEAD

Charleston and Savannah Are Swept by Storm.

LOSS REACHES MILLION

A Freak Gale Which Strikes Southern Cities Works Great Damage Along the Waterfront and Holds Up the Railways—Rice and Cotton Crops Suffer Heavily From Elements—Islanders Are Safe.

Charleston, S.C., Aug. 28, via Summerville, S.C., Aug. 29.—As a result of a freak storm which struck this city and which reached hurricane proportions, Charleston virtually has been isolated for 24 hours. Five persons are known to have been killed near here, and property losses, it is estimated, will reach \$1,000,000.

The wind velocity increased from 45 miles an hour at 12 p.m. to 94 miles at 10:20 p.m., when the wind gauge was put out of adjustment.
The tide was something over eight feet during the storm, three feet short of 1883. The waters have caused wash-outs on the approaches to the Union Station, preventing the operation of trains.
Alonso Coburn, an engineer on the Charleston division of the Southern Railway, was instantly killed by flying timbers. A man named Smith of Columbia, and Motorist Cutter of the local street railway system, were killed, two men seriously injured when a trestle collapsed, and two unidentified women were drowned when their home was flooded. Several negroes are also reported among the storm victims.
Great damage is feared for the rice and sea-island cotton industries by the rise of the tide. Not since the cyclone of 1885 has the water front here suffered so severely.
Anxiety for the people marooned on Sullivan Island was relieved yesterday afternoon, when a steamer came in with a load of excursionists and residents from the island. The island was completely flooded, houses were inundated and the people had harrowing experiences. Two schooners and small steamers were either sunk or damaged and had it not been for splendid rescue work by soldiers at Fort Moultrie the death list would have been appalling.

Mrs. Mary Rollins, an aged lady of London, was badly hurt by a fall from stairs.

MUST PAY BETTER

Earl Gray Makes Special Plea For Teachers.

AT TORONTO EXHIBITION

His Excellency In Opening Fair In Queen City Urges the Necessity of Paying Better Salaries to Those Who Are to Train the Young Idea—Probably Last Speech Before Going to England.

Toronto, Aug. 29.—The thirty-third annual exhibition of the Canadian National Exhibition was officially declared open yesterday afternoon. Earl Gray, attended by a number of Toronto's notables, performed the ceremonial opening ceremony in the auditorium of the dairy building, which was crowded to capacity, with an audience who listened appreciatively to the remarks of the Governor-General and George H. Gooderham, M.P.P., the President of the exhibition. Countess Gray with Lady Sybil Gray and Lady Evelyn Gray also present.
His Excellency was the guest of honor at two important functions, being present at the directors' luncheon and taking the leading part in the official opening ceremony. He made short addresses on both occasions, expressing the greatest appreciation of the treatment he had received at the hands of Canadians in general and Torontonians in particular.
Earl Gray particularly urged the immediate inclusion of the old fort within the exhibition grounds, and the maintenance of certain of the buildings as a permanent, open exhibit for educational purposes.
The directors' luncheon the toast to His Majesty King George was proposed by President Gooderham; and to the Governor-General by W. K. George.
In his reply Earl Gray expressed his appreciation of Mr. George's remarks.
Turning to the educational influence of the exhibition and to the status of educational institutions in the province, Earl Gray said every child should be given to enhance the educational facilities of the province. The teachers should be the best money could procure and they should be well compensated. He said "Economy in school teachers is the very last economy a wise and prudent people in any country will descend. We must get the best teachers to instruct the children and teach them the value of the money they are paid."

After luncheon His Excellency was joined by the Countess Gray, with the ladies Sybil and Evelyn, who had lunch at the women's building, being guests of the wives of the directors. The whole party then repaired to the dairy building for the official opening ceremony. The platform with the Governor-General were: Lieutenant-Governor Gibson, Bishop Sweeney, President Gooderham, Mayor McLeod, W. K. George, Mayor Oliver, W. K. McNaught, M.P.P.

Proceedings were opened with prayer by Bishop Sweeney, after which the national anthem was played. The directors, presented His Excellency with an illuminated address. A full-dress rehearsal took place of the musical which was before the grand stand in the evening.

Yesterday evening the exhibition grounds put on the appearance of fairy land. The Hydro-Electric forces turned the current on to thirty thousand lamps which outlined the various buildings and illuminated the roadways through the park.

Declared Court a Farce.
Montreal, Aug. 29.—Stopping in the midst of a record day's work, Recorder Weir yesterday declared before a crowded court that the administration of justice under such conditions as he was obliged to mete out, was nothing more than a farce. With over 120 cases on the local court's list, crowds of people jammed the corridor of the City Hall yesterday morning during the recorder's court session.

The members of the bar have decided to call a meeting of the members to wait upon the council of the bar of Montreal and report to it the condition of the recorder's court at the present time.

Charged With Manslaughter.
Hamilton, Aug. 29.—W. J. Waters was yesterday served with a summons to appear in the police court here on a charge of manslaughter. Waters is the man who ran down William Boyce with a motor car on Main street east on July 15. Boyce received such severe injuries that he died in the City Hospital the next day. The coroner's jury at the inquest into the matter found that the car was traveling at an excessive rate of speed when it struck Boyce, and the charge of manslaughter has been laid against Waters by the local police as a result of the verdict.

His Barns Burned.
Cornwall, Aug. 29.—The up-to-date barns of D. W. Hope at Summerville, ten miles below Cornwall, were completely destroyed by fire Sunday afternoon, together with the end of the season's crops. The horses in the barn were got out safely, as well as some of the farm implements, but a piggy near the barn was also destroyed, along with a good many valuable porkers. Spontaneous combustion is supposed to have been the cause of the fire. The loss is about \$4,000. Mr. Hope carried \$1,000 insurance.

Murdered With an Axe.
Winnipeg, Aug. 29.—A special despatch from Oastor, Minn., says White suffering from what is believed to have been a fit of temporary insanity, a young homesteader named F. Carlson, residing near Hannum Lake, 30 miles southwest of Oastor, is supposed to have slain a neighbor named R. Merritt by striking him on the head with an axe as he lay sleeping in his bunk in the early morning.

HOCKEY.
NO "PRO" TEAM FOR TORONTO
Toronto, Aug. 29.—There was a rumor going the rounds on Saturday that an Ontario Pro League hockey team would have a place in Toronto this coming winter, but that was dispelled this morning by Percy Quinn of the Toronto. He said it was the first he had heard of it when called up this morning to see if there was any truth in it. "It is news to me," said Mr. Quinn. "I don't think it would go for the reason that the weather up here is not uncertain. It would be all right for Toronto teams as they have agreed on the two opponents, aside from McFarland. The other men who will play Wolgast in 10-round encounters are Matt Wells, champion of England, and Knockout Brown of New York. One of the fights will be put on some time in October and the other about the first of the year."

It is understood that Packey McFarland has decided to call off his protest.

THE RING.
WOLGAST WILL BE BUSY.
Chicago, August 28.—Lightweight Champion "Ad" Wolgast, is to fight three times in Milwaukee during the next few months. Frank Mulken, the promoter of the Wolgast-McFarland contest, which he expects to stage Sept. 15, made this announcement last night.

Mulken secured the champion's consent to try to make a match and they have agreed on the two opponents, aside from McFarland. The other men who will play Wolgast in 10-round encounters are Matt Wells, champion of England, and Knockout Brown of New York. One of the fights will be put on some time in October and the other about the first of the year.

It is understood that Packey McFarland has decided to call off his protest.

BASEBALL

COBB AS ACTOR.
Detroit, Aug. 28.—Tyus Raymond Cobb, the Georgia Peach, is going to be a real actor.

The Tiger outfielder and champion sweater has signed a contract with Vaughn Glaser to go on the road as a star in George Ade's famous comedy, "The College Widow."

The play is a football story and therefore Mr. Glaser has made arrangements with Paul Armstrong to rewrite the piece, and turn it into a baseball plot. The idea is that Ty, as the hero, will come to bat at the psychological moment and knock out a home run with the bases full.

Mr. Glaser will not play with Cobb in this piece. He will be manager, owner and producer. The play will be given on the circuit that includes such theatres as the Lyceum of Detroit, and the tour will begin early in the fall. Glaser and Cobb have long been close friends.

"The College Widow" is the most popular of the George Ade comedies and is filled with extremely clever and amusing character types done in the best Ade manner and is unusually rich in typical Ade dialogue.

AVOID DECEPTION

Use Newbro's Herpicide Instead
Wearing artificial hair is a barefaced deceit of which many ladies are guilty. These women are all subjects for sympathy rather than criticism.

Early neglect in the care of the scalp has caused the loss of so much hair that their personal appearance is sadly marred. To correct this defect they resort to artificial hair.

Most ladies would not send any imputation of personal carelessness and neglect. And yet very many women permit their natural hair to become so dull, brittle and lusterless that it looks no better than artificial.

All this is as unfortunate as it is unnecessary. Hair that is unsightly or thin may usually be attributed to the malvolent activity of the dandruff germ. This vicious germ burrows down into the hair follicle, shortly destroying its life. The hair becomes dead, loose, and finally drops out.

There is a remedy sold by all druggists, the intelligent use of which will kill the dandruff germ. It also cleanses the scalp of all accumulations and makes the hair shine with the luster of life and beauty.

This remedy is Newbro's Herpicide, the Original Dandruff Germ Destroyer. This preparation in one dollar size bottles is sold and guaranteed everywhere.

Applications may be obtained at the best barber shops and hair dressing parlors.

The Herpicide Co., Dept. R, Detroit, Mich. will send a nice sample and booklet to any address upon receipt of 1c in postage or silver. J. E. Gayfer, special agent.
