

AT QUARANTINE

Reassuring Reports Come From the Steamship Russia.

Also from Hoffman and Swinburne.

The Bacteriological Examination of the Victims.

Will Probably Prove Negative—Likelihood of the Steamer Being Allowed to Proceed to Dock—No Necessity for Sending Uncontaminated Passengers to the Island Hospitals.

New York, Oct. 10.—From present indications the Hamburg-American steamer Russia, which has been held at quarantine since a cholera suspect, will be allowed to proceed to her dock tomorrow. All were reported well this morning on board the ship, as well as at Hoffman and Swinburne's islands. Dr. Brown has not made known the result of his bacteriological examination, and it is believed it would prove a negative. The crew of the Russia, the first and second cabin passengers and some steerage passengers who were in other compartments, in which the fatal cases of cholera occurred, are still on board the ship, and it is doubtful if any of them except the steerage passengers, the remainder of whom will be recovered today, will be taken to Hoffman island again. Those on the islands may be held for a day or so longer than those aboard the ship as an additional precaution.

The remaining passengers of the steamer Russia, 120 in number, steamer transferred to Hoffman island. They are all reported well this morning and all are well. The bacteriological examination in the case of the woman who died at Hoffman island, the only fatal case, which was isolated, without new developments.

SUCCESSFUL SURGERY.

Sir John Abbott the Patient—The Hooper Case.

Montreal, Oct. 10.—Drs. Roddick, Brown and Gerwood performed a surgical operation upon Sir John Abbott yesterday. The patient was in good health and the operation was successful. The patient has been doing well since, and this morning was almost entirely free from pain.

A detective secured a warrant yesterday at Toronto for the arrest of John Hooper from Mr. Lapointe, J. P. With for Coeur and Port Hope last evening to attend the inquest. C. A. Cornelli, Q. C., will also be present, having been requested to go by Premier Taché. Mr. Cornelli is the crown prosecutor of the district of Joliet, in which Mrs. Hooper died. Mr. Webb, the druggist, Robitaille, the C. P. R. conductor, and McCleary, the brakeman, have also gone up to testify at the inquest.

A complimentary banquet is to be tendered to the Hon. C. C. Colby, at the Olympic skating rink, Stanley place, on Wednesday evening, Oct. 18th, at 8 o'clock. Mr. F. Hackett, Q. C., will preside. This banquet is a well-earned one for him on his return from a two-years' trip.

Causes of the Business Troubles.
Washington, D.C., Oct. 10.—(Congress.)—The doors were opened at 11.30 this morning. The silver purchase repeal bill was immediately taken up. Mr. McPherson (N.J.) argued in support of the bill and declared his belief, a belief which was shared, he said, by two-thirds of the people who had any opinion for such subjects, that the Sherman law was the main and only cause of the business troubles.

Paid in Lead.
Chicago, Oct. 10.—Alexander S. Smith, clerk of the Occidental hotel, 49 Kinzie street, asked George Goddard to pay his board bill this afternoon, and was shot dead by Goddard, who ran away, and thus far has escaped arrest. Goddard was out of employment. The shooting took place in Goddard's room. Four bullets entered Smith's body.

No Use for Christians.
Cincinnati, Ohio, Oct. 10.—Alarming reports concerning the missionaries in Persia have come to the Presbyterians here. Letters just received declare that Mohammedans have petitioned their high priests for an old-time holy war. Murders have already begun, and the Christians have been driven into their bodies. Christians have petitioned the Shah to allow them to surrender their property and leave for America. A general massacre is feared. Much anxiety is felt by relatives of Joseph Potter and F. G. Coan, who are stationed at Orumiah, in the centre of Persia.

Yankee Stocks.
New York, Oct. 10.—A break in Louisville & Nashville of 1.14 per cent to 45 1/2 right at the opening weakened the entire railway share list, which yielded 1.4 to 5.8 per cent in sympathy. In direct contrast the industrials were strong, with an advancing tendency. American cotton oil rising to 35 1/2, sugar to 91.18 and whiskey 5.8 to 30 1/4.

Will Recognize no Unions.
Pittsburg, Pa., Oct. 10.—The United States Glass Co., the largest glass manufacturing concern in the country, whose employees number 250 men, has announced its purpose of no longer recognizing the American Flint Glass Workers' union, and hereafter to treat with its employees only as individuals.

Senator Dolph Yielded.
Washington, Oct. 10.—In the senate the resolution offered yesterday by Mr. Dolph (Rep., Oregon) calling on the state department for information as to whether the Chinese government has requested an extension of time for the registration of Chinese laborers under the Geary bill, was laid on the table. Mr. Dolph set out to make a speech upon it, but was cut off by a suggestion from Sherman (Ohio) that the resolution referred to executive business and had to be considered in private session. Mr. Dolph attempted to argue that the rule was not applicable in this case, but was not allowed to do so.

Are you subject to sick headaches? Use Doan's Liver Lozenges. They will cure you.

are important diseases during recent years. It is of great interest to every person living who is afflicted with these diseases.

SHORT OF POWDER

Mello's Fleet Will Try to Seize Estrema Magazine.

The Rebels Need More Ammunition.

Insurgent Leader Says He Never Meant to Shell Rio.

His Ship Returned Only the Land Batteries' Fire—Felixito Will Blow Up the Magazine to Prevent Them Being Taken—Argentine Volunteers Going to Mello's Aid.

Rio de Janeiro, Oct. 10.—The rebel squadron opened fire on the fort today. Firing was also opened on the other side of the bay opposite the city. It is believed the insurgents intend to seize the Estrema magazine to augment their powder supply, which, it is said, is becoming very short. If it appears that the capture of the magazine is imminent, President Peixoto will probably cause it to be blown up.

A report circulated that the foreign warships have landed seamen to protect subjects of their respective governments is untrue. Admiral Mello, commander of the insurgent fleet, has issued a manifesto stating that he never intended bombarding the city. He says his ships only resented the fire directed at them from the batteries along the shore. The insurgents have not yet effected a footing in any of the states.

Buenos Ayres, Oct. 10.—An expedition of sympathizers with Admiral Mello in his struggle against President Peixoto, set out from here today for Rio. Dr. Barros Cassal organized the band. They sailed on the Portuguese steamer Ciudad Oporto. A considerable quantity of munitions of war and provisions were taken. The steamer was lent by the owners of the Benchemin Company in Buenos Ayres. She has also on board some artillery men, as well as infantry, and many of the officers and leaders of the revolt in Rio Grande do Sul. Cois, Chagas, Propicio and Pinto are also on board. The latter it was said captured the Italian Admiral Wandekolk not long ago. The Ciudad Oporto also carries many ex-military of the Rio military school, and several persons who were formerly Balmacedists, and have now joined the movement against Peixoto.

Serious Illness in Rio.
Cornwall, Ont., Oct. 10.—The Presbyterian church at Winchester was somewhat damaged by fire last week. Circumstances make it appear that some persons on the premises were careless, and poured the contents of an oil can on the floor and set fire to it. Luckily the flames were noticed early.

Bismarck's Health Improving.
Berlin, Oct. 10.—It is apparent that Prince Bismarck's return to Friedrichsruhe from Kissingen has been of great benefit to him in his convalescence. He is growing stronger daily, sleeps well and every day has taken a drive with Dr. Schweniger, his physician.

THE LUXTON EPISODE.
Great Interest Felt in England—Canadian Cattle Seized at Port Hope.

London, Oct. 10.—Mr. Luxton's deposition from the Manitoba Free Press attracts notice in Canadian circles here, the Canadian Pacific railway's action being freely criticized. The Final News says that while the Canadian Pacific has always so far backed the government, the Free Press episode induces some people to the idea that the Liberal party will be blessed with its patronage in future.

No Canadian cattle were offered at Deptford today. There were United States beasts fully sufficient to meet all demands. Trade was slow.

AT THE CAPITAL.
Genl. Herbert's Tour—Death of Crown Attorney Lees.

Ottawa, Oct. 10.—Major-General Herbert and his secretary, Capt. Streetfield, left for Winnipeg last evening. General Herbert goes principally to inspect the Royal Dragoon Guards. He also has other military business on hand.

Robert Lees, county crown attorney here, died this morning from heart failure. He was 68.

Reception at Toronto.
Rome, Oct. 7.—Preparations for the reception of the British fleet in Italian waters are being completed rapidly. The first division of the British Mediterranean squadron is expected to arrive at Taranto on October 11 or 12. It will be met by an Italian squadron under the Duke of Salaparuta, a reserve squadron under Admiral Cerr.

The liberal associations in Baribrisi and many inland towns have appointed deputations to go to Taranto and welcome the British officers. The city will be decorated and illuminated during the visit of the British squadron. Thirty bands will be brought to the city before Tuesday to take part in the demonstrations. At Catania, Naples, Castellamare and Genoa similar preparations are being made. The culmination of the ceremonies will be reached at Spezia, where King Humbert, Queen Margaret, the Prince of Naples and the minister of marine will await on the royal yacht Savoia, the coming of the first division under the escort of the two Italian squadrons. The officers of the squadron will be entertained at luncheon on board the royal yacht, and the whole celebration will close with a review by the king of the combined British and Italian fleets. The British squadron will remain south three weeks in Italian waters.

Marriage of a Millionaire.
Covington, Ky., Oct. 9.—At the Trimble mansion on Madison avenue this morning, Miss Kate Trimble de Rodde, well known in New York and London, became the bride of Edward J. Woolsey, the millionaire cloth man of New York. Reverend J. H. Noland, Dr. Frank Woods Baker and Dr. Walter Baker officiated. No bridal couple in the south ever received so great presents. The total value aggregated \$200,000. Mr. Woolsey presented his bride with \$100,000 worth of family jewels, and a \$150,000 diamond and pearl necklace, and a \$120,000 monogram pin. Mrs. Trimble, mother of the bride, gave her a deed to

REVEREND RADICALS

Two Presbyterian Ministers Must Answer for Heresy.

Dr. Henry Preserved Smith of Ohio.

And Rev. Dr. Sprecher of Cleveland are the Culprits.

Very Little Hope for Dr. Smith—His Case is on Appeal—A Long Bitter Fight Expected—Synod Will Deal With Dr. Sprecher's Advanced Ideas—The Verdict Anxiously Awaited.

Cincinnati, O., Oct. 11.—The synod of Ohio of the Presbyterian church assembled in annual session to-day at the Second church. The attendance of delegates and visitors, both divines and laymen, was unusually large, the spacious auditorium being filled to overflowing. The interest manifested in the meeting is mainly due to the fact that the synod will be called upon to try the case of Dr. Henry Preserved Smith, who was convicted of heresy by the Cincinnati Presbytery last December and suspended from ministerial functions. It is probable that the trial will occupy the entire week. Prof. Smith will conduct his own case without assistance. The prosecuting committee will be the same as that which conducted the case before the local presbytery, Dr. William McKibben, Rev. Thomas O. Lowe and Elder Sheldahl. The friends of Professor Smith have little hope that he will secure either an acquittal or a reversal of the verdict of the presbytery.

Still another case of importance that will demand the attention of the synod concerns Rev. Dr. Sprecher, the famous liberal minister of Cleveland. Some months ago he delivered a sermon so largely tinged with theological radicalism that he was called upon by the Presbytery to make explanation. His answer was satisfactory and he was exonerated. The last synod, however, came to the conclusion that the explanation was not satisfactory, and the Presbytery was instructed to afford the preacher another opportunity to withdraw the objectionable utterances. To this he replied that he had nothing to say, and the Presbytery, finding Cleveland, which is the only liberal one in the state, declined to further enquire into the matter. This being the status of affairs, the matter came before the synod for further action.

CROFTERS IN CANADA.
Prof. Wallace Reports on Their Present Condition.

Ottawa, Oct. 11.—Prof. Wallace of Edinburgh University arrived here to-day from a trip to the Kilmorye and the Crofters' Crofters, where he was inquiring into their condition, being sent by Tupper, high commissioner. Prof. Wallace made an interim report to-day. He will report in a fuller way tomorrow. One result of this report will be to strengthen the Crofters' scheme of colonization, with some slight changes. All the crofters are doing fairly well, and some were starting to leave the crofts very much better off than they had remained at home. In due time they will pay all obligations.

Menage's Secreted Million.
Chicago, Oct. 11.—Inquiry among the numerous safety deposit vaults in this city fails to confirm the report that Louis F. Menage, formerly president of the collapsed Northwestern Guarantee Loan Company of Minneapolis, and who is now numbered among the missing and supposed to be in Minneapolis, has secreted one million of dollars in United States bonds for the benefit of his wife. At the same time many of the companies have not failed to find vaults say, to your correspondent he said that his report would be favorable to the continuation of the crofter scheme of colonization, with some slight changes. All the crofters are doing fairly well, and some were starting to leave the crofts very much better off than they had remained at home. In due time they will pay all obligations.

World's Fair Banquet.
Chicago, Oct. 11.—The banquet to be given by the directors of the World's Fair in honor of the Canadian commissioners in Music Hall at Jackson park to-night will be one of the most elaborate functions of the kind that has taken place in this city of recent years. Each of the directors has been assessed \$200 as his proportion of the cost. On account of the difficulty of seating the foreign commissioners, all of whom are great sticklers on questions of precedence, there will be four tables of honor, presided over by President Higginbotham, Director-General Davis, ex-President Gage and ex-President Baker. The walls of the hall have been literally hidden from view by a framework of flowers, palms, ferns and flags of all nations. Covers will be laid for 600 guests, and when the speech-making begins there will be another innovation by the entrance of the wives and other female relatives of the guests, who will be escorted to the gallery, where they can watch the feeding and listen to the talking.

England's Mining Troubles.
London, Oct. 10.—The Federation of Coal Mine Owners, at a meeting in Derby to-day decided that it was impossible for the masters to acquiesce in the proposition made at yesterday's conference. They are desirous that work should be resumed at the old wages and that an end be made of the dispute. Resolutions were adopted declaring that the owners, while holding that the state of trade warrants a reduction of 25 per cent, being desirous of terminating the strike, are willing to reopen the pits on the 10th inst., and to reinstate the men as far as possible, and to meet the delegates of the miners at an early date with a view of trying to establish a tribunal of conciliation empowered to deal with future wage questions. The owners also adopted a vote of thanks to the mayors, in defiance of whom they say they make this to be the case.

One Day's Fatal Accidents.
Chicago, Oct. 10.—Following is the list of accidents reported to the police on Chicago Day:—Dead—Charles A. Clark, Buffalo, N.Y., struck by a grip car at the intersection of Madison and Dearborn streets; John Dryden and Robert Jones, killed by explosion of a mortar during fireworks display; Thos. Robertson, Fremont, Minn., struck by cable car and died at hospital; James Maloney, East Oakland, Cal., fell from a building and died at hospital; and John W. Woolsey, presented his bride with \$100,000 worth of family jewels, and a \$150,000 diamond and pearl necklace, and a \$120,000 monogram pin. Mrs. Trimble, mother of the bride, gave her a deed to
