SYDNEY IS BOOMING.

(Sydney Post.)
"I have now over fifty applications for houses from good reliable parties, so rent at \$15 or \$20 a month, or to purchase, and these I am unable to fill owing to the scarcity of houses in the town of Sydney." This was the remark of a real estate agent to a representative of the Post, last Saturday. Just at this season there is a large number of people, chiefly skilled mechanics, who would make very desirable citizens, moving into Sydney, and it is unfortunate that they cannot be accommodated with houses such as they require. Every real estate agent in Sydney has the same experiences as the one above quoted; they have a

large number of applications which cannot be filled.

IN THE FAR NORTH

Perils of Those Who Fish in the Arctic.

Two Lost, One Nearly Starved, Others Lived on Raw Fish.

SAN FRANCISCO, Cal., Aug. 26.—The fishing schooner Stanley, which has returned from Bering Sea, reports that on May 18 Second Mate Manuel Cadosa was lost during a storm in Bristol Bay. His dory, waterlogged and empty, was picked up several days later. On June 8th four dories were hidden from sight by a dense fog. One of them, that of Marlin Scottin, was never seen again, and Scottin is supposed to have been lost. Another of the missing dories, containing John Quiet, was picked up by the Stanley after an absence of four days and three nights. Quiet was feeble from hunger and exposure. The other boats, containing Hans Larsen and Olaf Olsen, were not seen. The boats were shipped for the voyage out of curiosity to see the Arctic, were lost in the fog for ten days and nights. After being tossed about for four days they were land and lived on raw fish until picked up by the Stanley.

THE COAL STRIKE.

Non-Union Men Turned Back—Several Strikers Arrested.

HAZLETON, Pa., Aug. 26.—Suspecting that another attempt would be made to resume operations at the No. 40 colliery of the Lehigh Valley Coal Co., today the strikers had pickets stationed along all of the approaches to the mine. Most of the non-union men who attempted to reach the colliery were turned back, but no serious trouble occurred. Three strikers who, it is alleged, participated in yesterday's riot at No. 40 colliery, are under arrest. Other arrests are expected.
SUMMIT HILL, Pa., Aug. 26.—Excitement prevails throughout the Panther Creek Valley today. At daybreak the strikers assembled to prevent non-union men from going to work. Anticipating trouble Major Gearhardt sent two companies of soldiers in trailing cars from camp in Manilla Park to this place and their presence prevented a possible outbreak. Several non-unionists had been attacked and the town was in a turmoil. The soldiers escorted the workmen through the mob which had collected and placed them in safety on the cars which carried them to their work.

AN ENORMOUS YIELD.

Western Harvesters Are Happy but Need More Help.

(Special to the Star.)
WINNIPEG, Man., Aug. 26.—Splendid reports continue to come from the harvest fields. Cutting in Manitoba is now general. The farmers of the Northwest Territories will be all cutting inside of the week. The average yield of wheat is greater than anticipated. General reports are twenty-five to thirty-five bushels, although in some districts the yield runs higher. Farmers are needing more help in most districts. The weather is ideal for harvesting. It is announced from Fort William that the Imperial Limited is to be discontinued about Sept. 8th. The reason given being that wheat shipments demand all the locomotive power available.

A SYMPATHETIC STRIKE.

First in Chicago Since Building Trades Council Was Organized.

CHICAGO, Aug. 26.—A dispute between the unions of the carpenters and the electrical workers over the setting of certain mouldings in the new Marshall Field building, has resulted in a strike of all workmen on the building, and all but the carpenters walked out. About 250 men are involved. This is the first sympathetic strike in the building trades since the days of the building trades' council, Charles Rau, president of the board of business agents, claims that the contractors have violated the terms of their agreement.

ROSSLAND B. C.

Fire Did Damage to the Extent of \$75,000.

(Special to the Star.)
ROSSLAND, B. C., Aug. 26.—Fire broke out in the butcher shop of P. Burns & Co. yesterday afternoon. A strong breeze was blowing, and in twenty minutes the fire had spread north to Anacostia saloon, west to M. and M. saloon, and south to Coeur d'Alene saloon. It jumped across First avenue and wiped out two large three-story buildings used as stores. The wind then changed, blowing the fire across Spokane street, where it burned half a dozen business houses, together with all the residences in the block. The fire lasted only two hours, but is estimated to have caused seventy-five thousand loss. Only a change of wind prevented the loss running up into hundreds of thousands.

STILL FRENCH AT HEART.

The People of Lorraine Not Content With German Rule.

BERLIN, Aug. 26.—The outbreak of French feeling against Germany that took place at the celebration of the anniversary of the battle of Mars La Tour, or Vionville, fought August 16, 1870, is described circumstantially by a correspondent telegraphing from Strasbourg. Many inhabitants of Lorraine crossed the frontier in order to participate in the ceremonies.
Bishop Turinaz, of Nancy, addressing these persons said: "You come across the border in spite of German cannon and in spite of unhappiness hanging over your provinces to show where, on French soil, your unshaken loyalty belongs; and by your very presence you ask the silent but eloquent question: 'How long shall we wait for you? When will you come to liberate us?'"
General Cuny, who followed, said: "Comrades of 1870, you have come here in order to send fraternal greetings across the Moselle and Vosges to those whose hearts remain French, and say to them that your hope of the future, which will wipe out the detests of the past, will never die."

HOW IT HAPPENED.

Customer—Look here! You said that horse you sold me was fat.
Dealer—No; I didn't.
"You said your man drove the horse to Slobury, twenty miles, and you went by train, and the horse got there before you did."
Yes, but I didn't start till two days after.

TWO CIGARS FOR A QUARTER.

Hoax—What do you mean by giving me a cigar like this? What did you pay for it?

Hoax—I'll bet you kept the twenty cent one.—Philadelphia Record.

KNEW WHERE HE GOT IT.

Doctor (thoughtfully)—I fear you have some sort of poison in your system.
Patient—Shouldn't wonder. What was that stuff you gave me?

TRAIN ROBBERS

Made a Daring Capture of a Passenger Train, But Decamped After Failing to Wreck the Express Car.

SPOKANE, Wash., Aug. 26.—A west bound Northern Pacific passenger train was held up at Sand Point, Idaho, 45 miles east of here last night. The robbers, of whom there were seven, forced the engineer to stop the train, after which they uncoupled the baggage car. Then they compelled the engineer at the point of a revolver to pull up the track about three miles further, where they tried to wreck the baggage car with dynamite. The explosives failed to work, and after spending fifteen minutes with the car the robbers decamped, allowing the engineer to go back to the train with the engine. Two more handbills had guarded the train, keeping the passengers inside by firing revolvers along the sides. No attempt was made to otherwise molest the passengers, and after the engine came back the other robbers left and the train came to Spokane.

REV. FATHER HART

Sustained Serious If Not Fatal Injuries Yesterday.

ROCHESTER, N. Y., Aug. 26.—Father John Hart of Syracuse, who, together with other Catholic priests, is in retreat at St. Bernard's seminary in this city, sustained perhaps fatal injuries from a fall late yesterday afternoon. While walking on an upper porch at the seminary he stumbled and fell over the low guard to the ground below, a distance of about 15 feet. He was picked up unconscious and carried into the seminary, where medical aid was given him. Four or five hours later, his condition not having improved, the injured man was sent to St. Mary's hospital. An examination there revealed a fracture of the skull. Father Hart this morning is still unconscious, and his condition is thought to be critical.

Captain Phillips was 62 years of age and lived in Brooklyn. He had been ill for a long time but recovered his health and returned to duty this trip. On the return from Colon he appeared to be in his usual spirits. On the evening of August 21, while the passengers and crew were at dinner he was missed and the ship was searched for him without avail. It was thought on board that while leaning over the rail he was attacked by a vertigo and fell overboard. On the outward voyage Harry Brisco, the chief cook disappeared. He is supposed to have jumped overboard.
