MR. MULLIN THOUGHT HE WAS NOT GETTING HIS RIGHTS

But Judge Forbes Threatened to Squelch Him—Police-man Crawford Hauled Over the Coals—Evidence in the Golding-London Case.

In court this morning Wm. Golding was recalled to the stand and was cross examined by Mr. Skinner. Witness denied having told Officer Crawford that the watch belonging to Mrs. Wood was at his father's house. His father did not tell the officer that he knew where the watch was. The witness accompanied by Officer Crawford and his father went down to the cellar in his house with a lamp. He had no idea of what the officer wanted in the cellar. His mother did not say she was sorry that witness got in trouble, when the officer came to the house.

Officer Crawford was recalled by Mr. Skinner. He stated that when he went to arrest Golding, the latter said: "If there'll be no trouble over it, I'll go and get you the watch." Officer Crawford said that Golding told him that he guessed he was drunk and that he knew the watch in an alley off Union street. At this stage Mr. Mullin made a remark to the effect that Crawford's evidence was not proper in rebuttal. Judge Forbes stated to Mr. Mullin that he would have to make less objections. Mr. Mullin—"I feel, your honor, that my rights have been suppressed."

Judge Landry—"You sit down Mr. Mullin. I order you to sit down. If you don't obey your rights will be more suppressed. I'll take care of you." Mr. Mullin took his seat.

Cross examined by Mr. Skinner, Crawford said that Golding told him to accompany him to the cellar and he would give him the watch. His honor said that Golding's father commenced digging in the cellar for the watch.

Mr. Mullin—"I feel, your honor, that the witness was arrested Golding, he said, 'It's a good thing you got me tonight, because I wouldn't have found me in the morning.'"

Cross-examined by Mr. Mullin, Crawford admitted the fact that Golding would do all he could for him. Judge Forbes here took occasion to say that there must be a great lot of witness in this case. He said that the witness alive who have been leading about the court for the past four days listening to the trial. His honor thought it would be better for these men to be at work. Crawford denied having called James Golding the prisoner, a 4-11-1/2. He also denied saying to James Golding that he (Golding) was the thief and not his son.

Mr. Mullin—Crawford, do you remember having been sued in the police court by James McAvity for payment on a barrel of coal?

Mr. Mullin—"Didn't you swear in court that you didn't receive the coal?" Crawford—"I don't remember."

Mr. Mullin—"And a short time after didn't you withdraw your defense and pay the bill?" Crawford—"I don't remember."

Judge Forbes here stated that this had nothing to do with the case, and he protested against Mr. Mullin asking such questions. Crawford stated that he remembered having been sued by Mr. McAvity, but it seemed like a dream to him, as he had been sued a great many times.

Mr. Mullin—"Didn't you swear in court that you didn't receive the coal?" Crawford—"I don't remember."

Mr. Mullin—"And a short time after didn't you withdraw your defense and pay the bill?" Crawford—"I don't remember."

Judge Forbes said that London's case would have to go before the jury. Mr. Hitchie then began his address to the jury. He claimed that Mrs. Wood only identified Golding by his facial appearance.

Mr. Mullin addressed the jury. Up to this time Mullin had a commanding lead and looked as if he had the encounter well in hand. The fight was a vicious affair in which many hard punches were exchanged.

NEW YORK, June 4.—In a most unsatisfactory ten-round bout, Harry Harris, of Chicago, defeated Tommy Murphy, the "pride of Harlem" in the eighth round on a foul before the National Sporting Club at Lyric Hall last night. Murphy was disqualified for using his head while in a clinch. Whether the foul was intentional or not, the spectators could not decide, but referee White declared it was and made the announcement from the ring. Up to this time Murphy had a commanding lead and looked as if he had the encounter well in hand. The fight was a vicious affair in which many hard punches were exchanged.

CHICAGO, June 4.—"Compulsory Inter-connection Between the Bell and Independent Telephone" will be the principal subject of discussion at the convention of the National Independent Telephone Association, which will open here today. Resolutions declaring the U. S. government unfair in its treatment of independent companies will be introduced as a result of an order forbidding postmasters to install the police force. He discharged by duty in a dignified way and is a creditable officer of the law.

Mr. Mullin was not satisfied with his address when court adjourned until two o'clock.

RACING CIRCUIT HAS BEEN ARRANGED

For the Present Summer in New Brunswick. St. John is to Have Two Days of Sport—A Lot of Fast Horses Coming From Maine.

FREDERICTON, June 4.—There is now before the management of the various race tracks throughout the Maritime Provinces a proposition to form a midsummer circuit of harness race meetings. Last evening the directors of the Fredericton Trotting Park Association met to consider the matter so far as it relates to the local track and it was decided to enter the circuit and give a two days midsummer meeting in this city as well as the big meeting during the Fredericton 1907 exhibition.

Hugh O'Neill one of the local track directors has taken an active part in the preliminary work of forming the circuit, and recently when in Bangor and Boston interviewed several. The result was a number of Bangor and New England horsemen expressed a willingness to bring their racing strings to the Provinces for the circuit racing season. Mr. O'Neill has had a conference with Mr. Bert Flemming, the new owner of Moosepath Track, St. John, the scheme and he has been in communication with Hugh Gallagher of Gallagher Bros., Woodstock, the owners of the Woodstock track. As has already been announced Springhill, N. S., is to hold a meeting on Dominion Day and Monday, one of the 7500 members. The case has been discussed generally for more than a year. But the side of the prosecution has never been developed, and even now it is said much will be left to the evidence, and from its commencement the case will be full of surprises. The case of the state, it is said, will show that no less than 28 murders were committed by what is known as the "Inner Circle" of the federation, which it will be asserted that independently of the knowledge of the members, and at no stage of the proceedings will an attempt be made to show that more than a score of men had any knowledge of what was going on.

PHILADELPHIA, June 3.—Pleading that he had been forced to resort to theft to save himself and family from starvation, William Fisher, 40 years old, of Lanser, Delaware county, yesterday confessed to a robbery of \$1000.

The robbery was committed on May 3. Entrance was obtained by way of a coal hole in the pavement. Fisher, Donaghy, climbed down the hole, and afterwards found a hatchet in the cellar, and used it to force open doors leading from the cellar to the first floor and into the office. The certificates of stock were in a desk which was also forced open with the hatchet.

Fisher was arrested shortly after noon yesterday by Detectives Dwyer and Lynch, and until he had been taken into custody the victims of the robbery did not know they had lost anything.

Dwyer and Lynch heard yesterday morning of a man who was trying to sell certificates of stock in the neighborhood of Fifteenth and Chestnut streets, and after considerable searching, found Fisher at Sixteenth and Market streets. Some of the stock was recovered.

"I had to do something," Fisher said to Donaghy. "I was penniless and my family was destitute. I never before committed a crime."

TROMSO, Norway, June 4.—The Arctic steamer "Pithul" left here yesterday for Spitzbergen having on board the airship and all the other apparatuses of the Chicago Record-Herald expedition. The Siberian dogs have not arrived, and will follow on another steamer.

MEXICO CITY, June 4.—The trial of Mora Natorales charged with assassinating former President Barillas of Guatemala, will begin today. Interest in the proceedings is so great that it has been found necessary to issue tickets of admission and already every seat in the court room has been allocated. In many instances persons who held tickets have sold them.

IT IS FEARED THAT ANOTHER BOY HAS BEEN DROWNED

THE HAYWOOD TRIAL HAS BEEN BEGUN AT LAST. Jury is Now Complete and the Case Was Formally Opened This Morning.

BOISE, Idaho, June 4.—The trial of Wm. Haywood, secretary and treasurer of the Western Federation of Miners, charged with the murder of Frank Sienenberg, former governor of the State of Idaho, commences in earnest this morning, at 9 o'clock. The trial to try what is probably the most important case brought into a court in this country. The charge will be that Haywood, one of the high officials of a powerful labor organization, having been given authority by the members to use his office and the funds of the Western Federation to promote its interests purely as a labor organization, so used his office as to become one of the secret leaders in a gigantic plot to revolutionize society and by murder and terrorism bring about conditions that threatened existing forms of government.

It was the murder of Sienenberg and the confession of Orchard that laid bare the alleged plots and counterplots that led to the arrest of Haywood, together with Meyer, the president of the federation, and Pettibone, one of the 7500 members. The case has been discussed generally for more than a year. But the side of the prosecution has never been developed, and even now it is said much will be left to the evidence, and from its commencement the case will be full of surprises. The case of the state, it is said, will show that no less than 28 murders were committed by what is known as the "Inner Circle" of the federation, which it will be asserted that independently of the knowledge of the members, and at no stage of the proceedings will an attempt be made to show that more than a score of men had any knowledge of what was going on.

Lackawanna Saloonkeepers, Save One, Agree to Ten Hour Day

SCRANTON, Pa., June 3.—By tomorrow night the one lone bartender of the Bartenders' Union who is on strike will have the support of every organized working man in Lackawanna county, and there are reported to be more than a hundred men who will be most threatened to quit work.

All of the saloonkeepers then granted the ten hours except one at North Scranton. While it is only a one-man strike, the entire membership of the union is behind the striker. The case of the saloonkeeper will be brought before the Central Labor Union tomorrow, unless he grants the demand tonight.

The central body will take up the fight if he does not, and as the central body controls every union in the county, every organized craft will in an indirect way be involved.

PRICE OF MEAT IS AWAY UP IN CHICAGO

CHICAGO, June 4.—Meats of all kinds with the exception of the poorest cuts of beef have been steadily advancing in Chicago for three weeks and dealers say that the advance will continue. In some of the poorer sections of the city, retail dealers have not handled a piece of meat except beef for the last three weeks. Lamb, pork, and other meats are beyond the reach of their customers.

Lamb has advanced three cents in the last three weeks and the big wholesalers say that they cannot get enough at any price to supply the big downtown hotels, cafes and restaurants.

CRUSHED TO DEATH UNDER A HEAVY BRIDGE

SYRACUSE, N. Y., June 4.—A man identified by papers in his pocket as S. Hurd, of Burlington, Ont., a commercial traveler, employed by a North Tonawanda house, was crushed to death last night by a boat bridge over the Erie Canal. The bridge had been raised to allow a boat to pass, when Hurd approached and walked on the towpath. He fell into a pit and the bridge was lowered before he could escape.

THAT FISHING CASE

The case preferred against Harvey Bolyea by John Christopher for interfering with his fish weir rights on Nazy Island, was resumed this morning. Hurd Peters gave evidence as to the location of the fishing sites and said he knew of their bottoms being under low water mark and being fished for the past 40 years.

Edward C. Woodworth, a fisherman of 55 years standing, was called for the defense and told of his own opinions about the fishing rights at Nazy Island. Orlando Sullivan was the next witness for the defense and also gave similar evidence.

Harvey Bolyea, the defendant was then put upon the stand. The defendant did not seem so sure of his own rights on the spot but he said that he had raised the point to and whether Christopher had any more rights.

The judge will give his decision in a day or so.

STOLE BONDS BECAUSE FAMILY WAS STARVING

Father Confesses to Crime When Arrested for Trying to Sell Certificates.

PHILADELPHIA, June 3.—Pleading that he had been forced to resort to theft to save himself and family from starvation, William Fisher, 40 years old, of Lanser, Delaware county, yesterday confessed to a robbery of \$1000.

BRITISH SEALER WAS SEIZED OFF ALASKA

Schooner Was Said to Be Taking Seals During the Close Season

WASHINGTON, June 4.—The secretary of the treasury has received a telegram from Captain Ainsworth of the revenue cutter Rush, stating that he had seized the British sealing schooner, the "Cox," which was found illegally catching seals in Fairweather grounds, off Alaska. The Cox, it is said, evidently was taking seals during the closed season within the area of the award in the articles of the tribunal of arbitration agreed on by the governments of Great Britain and the United States. She had 77 skins on board. The department has directed the commander to deliver the schooner to the British authorities at the nearest port in British Columbia, in accordance with the joint recommendations of the two governments in case of seizure. The Japanese sealers, however, are not subject to seizure outside of territorial waters.

HALIFAX AND FRANGE AT PEACE ONCE MORE

Strikes Settled Today—in Halifax the Affair Was Well Conducted

HALIFAX, June 4.—The longshoremen's strike came to an end today when the Pursons Withy people received a call from the head office instructing them to accede to the demands of the men. All hands are at work again. The strike was the best conducted ever in this city. It was generally felt that the request for five cents more per hour was reasonable and the men had the sympathy of the press and public.

PARIS, June 4.—The seamen's strike is regarded as being virtually ended and the men are everywhere expected to resume work within 24 hours. The navigation companies have accepted the government's accommodations and will restore the officers and crews without imposing any penalty. The French trans-Atlantic line hopes to enable La Provence to sail from Havre tomorrow.

RUTLEDGE'S QUARTER MILE RECORD IS NO GOOD

Will Not Be Accepted for the Provinces as It Was Not Made in Open Competition

(Special to the Star.)
MONCTON, N. B., June 3.—The mark of fifty seconds set up for the quarter mile dash at the recent intercollegiate sports in St. Stephen by W. P. Rutledge of the U. N. B. team will not be recognized as a maritime record.

Joseph P. Wood of this city, captain of the U. N. B. track team, has received word to that effect from F. W. Meyer of Halifax, honorary secretary M. P. A. A. Immediately after Rutledge's performance at St. Stephen Wood wrote to Halifax and asked that Rutledge be given the credit of establishing a maritime record for the event. The reply says that the association cannot recognize any record unless made in open competition. Intercollegiate sports were confined solely to three colleges and therefore the performance will not be recognized as a maritime record.

The two days' horse racing meet is not to be held in June, but on July 1 and 2.
