GREAT INTEREST IN HARBOR RACE TODAY

Coates and Ross are to be the Only Competitors—Race Will Start at 3.15.

Great interest is being taken in the harbor championship race to be rowed this afternoon. The competitors are requested to be on hand at the starting point at three o'clock. The race will begin at 3.15. If the water is very rough it is likely that the scullers will not go over the course. The starter and referee will decide whether or not the weather conditions are suitable for the rowing of the race.

The officials will be: Referee, Chief Clark; starter, P. Clinch; judge at finish, R. Vroom; judge at turn, W. McShane.

Last night the Neptunes knew nothing more concerning the likelihood of Belyea being in the race, and it looks as if Coates and Ross would be the only competitors.

SLIGHT BLAZE IN WEST END NICKEL

Roll of Films Caught Fire from Electric Wiring—Department Called Out But Were Not Needed.

The West End Nickel, which is located in the old Carleton City Hall, was temporarily closed last evening as a result of a fire. The management, however, state that the usual programme will be put on tonight.

The fire occurred at about 9 o'clock, the roll of films in the machine operator's booth becoming ignited, presumably from the electric wires running to the machine. The films were composed of celluloid and blazed up quickly, scorching the walls of the booth. The operator, Charles Clark, was also stopped out and requested the spectators to leave the building to avoid any accidents.

An alarm from box 114 called out the West Side fire department, but their services were not required, a few buckets of water putting out the blaze. There were about a hundred people present when the accident occurred. All danger was over in a couple of minutes.

A freight car left the rails at Fairville last night about nine o'clock. The accident took place just as the car reached the main line after leaving the yard. The suburban which is due to reach the city at 10 was blocked, as was also the Boston. The latter train was delayed for an hour, reaching the city at 12.06. The suburban was considerable later and the suburbanites en route to their homes were about two hours late in leaving.
