A Vicious Steer takes a Little Girl on his Horns, throws her into the Canal, and then swims after her.

The Ottawa Citien says a very exciting and unusual scene occurred at the Deep Cut, Tuesday morning, nearly resulting in the death of a little girl and a sulting in the death of a little girl and a man. While a daughter of Mr. Frederick was amusing herself on the bank of the canal, near the toil-gate, a steer, which was tied by a rope to the back of a cart, became frightened by some dogs that were barking after him and broke the fastening. He then scampered away down the canal to where the unsuspecting little girl was sitting, and lifting her up on his borns tossed her into the canal. aged 83.

Numerous accidents among visitors to the race yesterday were caused by the running away of horses, falling of stands, and pressure of the great crowd. Three persons were killed and several others quite seriously injured.

He then jumped in after her and attempted to sink her beneath the surface of the water, when the owner and some other men jumped in to her rescue. She screamed frantically, but her voice was completely drowned by the bellowing of the infuriated beast which rushed after one of the men and attempted to gore him. He succeeded, however, in catching the rope that was stiting, and lifting her up on his horns tossed her into the canal.

Ayer's Sarsaparilla. FOR PURIFYING THE BLOOD, nothing has ever been offered which can compare with this Extract of Sarbaparilla. It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at this season of the year. Many complaints have their origin in the spring, and in the causes above mentioned, for which no better remedy has ever been devised. By its use multitudes can spare themselves from the endurance of foul eruntions and ulcerous sorts, through which the system strives to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursing through the skin in pimples, eruntions, or sores; cleanse it when you find it is obstructed and slung shin the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, pe-ple en joy better h alth, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Prepared by Practical and Analytical Chemists,
