

Treasurer's Statement from Sept. '92 to Sept. '93.

We, the members of the Young Women's Christian Temperance Union, gratefully acknowledge the kindly assistance of the citizens of London in the organization and carrying on of our departments of Christian work. Our success in the past has been so marked that we are encouraged to solicit the continued interest of the public, feeling confident that a bright and still more successful future awaits us, wherein God's blessing may attend our efforts to work in this part of His vineyard, and help us to realize more fully that faith with works is faith made perfect.

Sept., 1892.
