

Reserve. and from the information furnished to us by the Rev. Mr. Owens. Mr. Pemberton, and others we were satisfied that all practicable measures were being taken for the proper care of the Indian sufferers from smallpox and for the prevention of the spread of the disease.

I will only add in confirmation of the correctness of the impressions we then formed to the above effect that this subject was brought under discussion during the last Session of the Legislative Council by the ^{District} late Dr. Davie. then Member for Victoria, who speaking of his own knowledge as he had been unremitting in his professional services to Indians, well as to white persons afflicted with smallpox, and who, being one of the Medical Officers appointed by Government for this purpose had frequently visited this Reserve on such charitable errands. bore testimony to the real and unshrinking disregard of the danger of contagion which had been exhibited by those to whom the duty of taking care of the Indians during the late visitation had been entrusted, and especially by Sergeant Bowden. the Inspector of Police. whose services in this respect he solicited the
