## THE CONSECRATION OF THE CHURCH OF THE HOLY SAVIOUR

Right Rev. David Williams, D.D. First Bishop of Huron to Conduct Impressive Services.

To-morrow (Sunday, Oct. 26th) promises to be a historical event in the history of the congregation of the Church of the Holy Saviour, when the Right Rev. David Williams, D.D., Fourth Bishop of Huron, will conduct Consecration Services and declare the edifice free from debt or any legal encumbrance and set it apart forever for the worship of God. Bishop Williams will have charge of both the morning and evening services.

CHURCH OF THE HOLY SAVIOUR AND SEAGRAM MEMORIAL HALL, Allan Street, Waterloo.

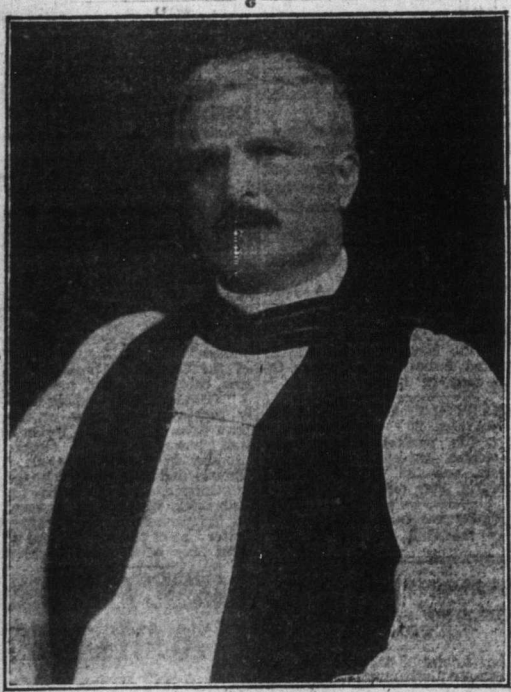

**Historical Sketch**  
The history of the Anglican Church in Waterloo dates back to the year 1870 when an attempt was made by Rev. E. W. Murray, the incumbent of Berlin (now Kitchener) to give the Church folk the service of their mother church. For numerous reasons these services were afterwards withdrawn.

A second start was made in September 1887 by two laymen, namely: Mr. J. W. Connor, B.A., who is father of this parish both by his Sunday School work and by the service he conducted for the congregation; and the other, Mr. Herman Zapfe, a tradesman, with great ability to attract and govern boys. This time the work began by a Sunday School which, by Divine grace, has kept up ever since.

The interest taken in Sunday School encouraged the workers to hold a Service every Sunday afternoon, beginning on the Second Sunday in Advent, 1888.

Later a Boys' Mission Band was formed by two of the first young men to be confirmed, namely: Rev. Alfred Vale, now of the Missionary School, at Hay River; and Rev. David Cornish, at present time Rector at Forest, Ontario.

In 1896 a successful effort was made to raise funds for a permanent building.

THE RIGHT REVEREND DAVID WILLIAMS, D. D. Bishop of Huron.

The church was erected in the Autumn of 1897, largely through the able and painstaking efforts of Mr. H. J. Grassett and Mr. Wm. Carthage, then Wardens, and the ladies of the congregation. The cost of the land and building was \$2400.00 of which \$2000.00 was paid.

The chancel furniture, sacred vessels, and books were gifts of members of the congregation and their friends.  
The Church of the Holy Saviour was opened on Sunday January 10th, 1898, and has had six Rectors: Rev. R. A. Armstrong, 1902; Rev. S. P. Irwin, 1904; Rev. A. L. Murray, 1906; Rev. V. M. Durnford, 1907; Rev. A. L. G. Clarke, 1912; Rev. P. N. Harding, 1917.

During the term of each of its clergy, the church has made steady advancement.

### THE WEEKLY MARKET

Although the weather was anything but promising there was the usual large crowd at the market this morning.  
Garden vegetables were there in abundance celery, cabbage, carrots, onions, beta, potatoes, etc., selling at the regular prices. Butter remained firm at 60c per lb., while eggs sold at 60c per dozen, the supply not being equal to the demand. Chickens were plentiful and sold readily at 35c per lb.  
**THE FALL WEATHER HARD ON LITTLE ONES**  
Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, coughs and colic and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They soothe the stomach, regulate the bowels, break up colic and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

### WHAT IS A CURE?

**IS IT A TEMPORARY OR PERMANENT CONDITION?**  
Let us get down to brass tacks. Is there any such thing as a cure? You may eradicate every trace of disease from your system and be restored to your former state of health—but you haven't attained a cure. Why? Because as long as disease germs are prevalent in the universe you may be afflicted again.  
Take for example: a man has a terrible headache for days. It has driven him almost insane, sapping his energies and making him incapable of working. He tries doctors, takes prescriptions, and finally finds a preparation that makes him fit again. Immediately he says, "I'm cured."  
Six months later his head begins to ache. What does he say? "Here's my old headache back again, that medicine was a fake!"—or does he say, "Another attack, we'll soon knock that out!" and commences the use of the remedy that relieved him before.  
This happens in many cases of Rheumatism, Lumbago, Neuritis, Neuralgia. That is why we say "Templeton's Rheumatic Capsules" remedy these ailments. They are 99% effective by actual record.  
Ask your Druggist or write us for our new booklet, "What is a Cure?" It tells you "T.R.C.'s" anywhere.

### COUNTED ELECTRONS IN ATOM

London, Oct. 25.—Lecturing at Hampstead, Sir Oliver Lodge told how the services of a distinguished young scientist were lost to the world through the war.  
Sir Oliver said there are more atoms in a tumblerful of water than there are of water in the Atlantic, and even smaller than an atom is an electron.  
But the electrons of an atom were counted just before the war by this young man whose genius enabled him to achieve that discovery before he fled to incubation on him to fight for his country. It was too valuable to be allowed to risk himself, and the Royal Society moved to have him returned. The necessary papers were sent out, but a Turkish bullet had already gone through his heart in Gallipoli.

### NELSON DAY DRIVE HAS GREAT OBJECT

Appeal of the Navy League is Directed to all Classes of Citizens.  
Canadians all over the Dominion will remember how, in September of last year the Navy League of Canada made an appeal for one million dollars for the relief of the dependents of dead and injured seamen of the merchant marine who were the victims of the German submarine campaign.  
It will be remembered how under the name of "Sailors' Week"—thanks to the thorough going co-operation of the public with the workers—the campaign was a complete success and the objective was reached and passed.  
The Navy League of Canada again appeals to all citizens for funds urgently required to carry on its work. The "Nelson Day" Campaign has been launched and on Oct. 21-22-23 the sum of \$100,000 will be raised by voluntary contribution.  
The money will be devoted to the payment of the debt of gratitude to the Canadian seaman lost in the war to provide protection and home comfort for seamen who come to Canadian ports; to educate the people to the need of a strong navy and a strong mercantile marine and to train native-born lads for service in the navy and Canadian merchant ships. All the money accruing from the "Nelson Day" campaign will be spent in Canada.
