

at hour a thunderstorm came up, and a steady downfall of rain continued until half-past one, when it became fair and the sun shone brightly. A march was made to the grounds. The attendance was very fair, but not nearly so large as if the weather had been favorable. The Odeon, Daughters of the Regiment, athletic classes were put through a drill of two hours and a half. On account of the wet state of the grounds they performed under difficulties, but nevertheless their efforts were appreciated, and they were often greeted with applause. After the entertainment the classes were again taken through the city. The excursion party left for home at twenty minutes to 9 and arrived shortly before eleven, all expressing themselves highly pleased with their day's outing.

NOISE.
Chief Johnson, of the fire department, brother of Trustee Johnson, entertained Chief Robertson and other Alders. Heer to which these gentlemen greatly appreciated.

The crowd at the station to see the visitors of the train was so large as the one that welcomed them, and even more enthusiastic. Dr. McGilver's agility in jumping on the train as it was steaming on the Guelph station plainly showed that the doctor was bound to get there. The ladies of Woodstock presented to each member of the classes a handsome buttonhole bouquet before they left for the grounds. The act was a graceful one and was duly appreciated.

In the morning the two Woodstock Ladies' L. O. O. F. decorated the graves of 19 members of the Order. This ceremony was witnessed by a large number.

The classes go to Hamilton during the carnival next month. Capt. Clarke is to ask the parents to allow his pupils to go to Montreal in the first week in Sept., if satisfactory railway arrangements, etc., can be made.

Quite a few of the daughters of the Regiment who lent themselves to the pleasure of a drive through the town barely had time to catch the train and two boys were left behind.

When the train bearing Captain Clarke and his classes was entering Woodstock yesterday morning three on the platform of two cars had a narrow escape from accident on account of the door of a freight car which they were passing falling on the wrong way. It was fortunately caught before it struck the passenger train.

CELEBRATIONS IN GALT.
The day was celebrated with great eclat in Galt by the Canadian Order of Foresters. The trades procession in the forenoon was admitted by outsiders, in a position to give an unbiased opinion. It was the finest ever seen in Canada. There were over one hundred vehicles, and the procession was over a mile in length. It was taken part in by the civic authorities, the local militia, the fire department, etc., all being well represented. In the afternoon there was a splendid programme of sports in the Dickson Park, witnessed by over six thousand people.

CELEBRATION IN TORONTO.
The day was celebrated with great enthusiasm in Toronto. The event was made the occasion of a large demonstration in Exhibition Park, where from thirty-five to forty thousand gathered to hear orations, witness games, and to catch a glimpse of the parade. A long procession of citizens, societies, and trades paraded the city, which was *en fete* in honor of the day.

DOMINION VOTERS' LISTS.
In order that the Dominion Voters' List be made as complete as possible, notice is hereby given to all parties who are eligible to vote at the next Dominion election that the necessary papers for application to be put on the Voters' List are now at the offices of Mr. HUGH M. MILLAN, corner of Wyndham and Quebec Streets, and of Field & Wisler, Douglas Street. Parties wishing to make the necessary declarations will please call without delay and have the papers filled up. The doing so entails no cost on any one and only occupies a few minutes.

The Evening Mercury
TUESDAY EVE'G JULY 2, 1893.

Hon. Mr. Mowat arrived in London Saturday.

Hon. Chas. Drury and Mr. John Charlton, M. P., addressed a Dominion Day Farmers' picnic at Niagara.

The Reform Demonstration at Toronto, on Saturday, was largely attended, and in every way a great success. We are unable to give any report of it to-day.

A circular letter was read in all the Catholic churches in Toronto on Sunday, warning Catholics to be careful to see that their names are put by the assessor on the list of Separate School supporters. Otherwise they would be put down as supporters of the Public Schools.

Word has been received that the Canadian Pacific Railway has been granted bonding privileges by the United States Treasury Department for freight destined for the Canadian seaboard via the Canadian Short Line through the State of Maine. The Company recently withdrew its original application, which they were told sought too many privileges.

An Order-in-Council is said to have been passed granting \$200 per mile for the fourteen miles of the Niagara Central Railway directly east of Hamilton. The portion between Niagara River and St. Catharines is contemplated. Last session Parliament voted a subsidy for 20 miles from St. Catharines towards Hamilton. This additional grant by Order-in-Council has an odd look about it, first because it is the business of Parliament and not of the Ministry to grant railway subsidies, and secondly, as the Times remarks, because the St. Catharines promoters of the railway have always hinted that they wanted to reach Toronto without coming any nearer to Hamilton than they could help.

Mrs. Bernice Mackay has brought action claiming \$5,000 each from the Manchester Examiner and the London Echo for libel for stating that her mother was a washerwoman!

Reform Conventions.

TORONTO, June 28.—The Reform Association of Canada for the Local Legislature held a meeting here to-day. There was a large attendance from the various municipalities, and a great deal of business was transacted. The following officers were elected: James H. Newlove, President; Thomas Brown, Vice-President; H. E. Tolson, Secretary. The question of organization and the matter of dealing with the voters' lists was discussed. The meeting also determined to call a convention at some future day for the purpose of nominating a candidate. Mr. J. A. Frazier, of Toronto, in a capital address touched briefly but strongly on some of the main features of the political situation.

WEST AND SOUTH BRUCE.
WALKERTON, June 28.—The annual meeting of the East and South Bruce Reform Associations was held jointly at Formosa to-day. The attendance was unusually large, over 75 delegates being present. Every municipality in the riding was represented. The following officers were elected:—President, Alexander Cameron, Greenock; First Vice-President, John Wilton, Carriick; Second Vice-President, Peter Clark, Carriick; Treasurer, John Henderson; Secretary, Matthew Goetz.

SOUTH BRUCE.—President, H. W. Carter, Teasdale; First Vice-President, Moyer, Midway; Second Vice-President, Wm. Wallace, Kinloss; Secretary, J. B. Stephens, Walkerton; Treasurer, Geo. Pringle, Carriick.

Resolutions of confidence in the Mowat Government, the Dominion Opposition and their policy, Unrestricted Reciprocity, were unanimously adopted. Messrs. Corrigan, Nichols, Vallance, Moyer and others made short and stirring addresses. Mr. H. E. O'Connor, M. P. E., who was present, gave a short and concise account of his stewardship, and also his views on the prominent questions of the day.

HEAVY THUNDERSTORM IN HAMILTON.
HAMILTON, July 1.—The thunder, lightning and rain storm of this morning did much damage to the telegraph, telephone and fire alarm systems in this city and vicinity. The frame stables belonging to J. W. Munton & Co., coal dealers, at the foot of John Street, was struck by lightning and a portion of the building torn down. One of the most valuable horses in the stable was killed. The residence of Mr. Calder, manager, at the reservoir, on the mountain brow, was struck by lightning one window frame being torn out and other slight damage done. The iron and steel works of the firm of R. M. Wauzler & Co.'s factory on Barton Street was flooded, and considerable damage done to the machinery. Fairbank Bros. planing mill on Oathurst Street was also flooded, the water having burst into the mill from the water in the mill was from three to six feet deep. The damage to machinery, etc., will be over \$1,000.

DROWNED NEAR GRAVENHURST.
GRAVENHURST, June 30.—About midnight last night a party of eight persons, consisting of Patrick Shea and his wife, L. G. Carroon, his wife and two little girls, left the town dock in a large boat in which was stored the usual camping outfit. When entering the narrow the boat ran across the bows of the steamboat Oriole, which was stopped as far as possible and life preservers were thrown to the struggling and drowning pleasure seekers. Patrick Shea, Mrs. Shea, J. K. Carroon and Mrs. L. G. Carroon were rescued, but Mrs. Carroon, Mrs. Shea, Mrs. L. G. Carroon, and the youngest Shea child, were ever seen. As soon as the news reached town a great many of the citizens went to the scene of the accident. The excitement was intense, as all the parties were well known citizens, who were jolly and happy at their places of business up till ten o'clock last night. The bodies were recovered this afternoon.

A New Park for Port Elgin.
PORT ELGIN, July 1.—The formal opening of Lakeview park took place here to-day in connection with the proceedings in commemoration of the founding of the Dominion. Excursion trains arrived in the forenoon, and many visitors came in from the surrounding country, among the guests present being Messrs. Jas. Rowand, M. P., H. P. O'Connor, M. P. E., D. Sinclair, County Registrar, and Colonel Biggs, M. P. E. Rev. W. S. Johnston after formally declaring the beautiful twenty-acre park overlooking the beautiful Lake Huron open to the use of the public, introduced the several speakers to the people.

Indicted for Cronin's Murder.
CHICAGO, June 29.—The Grand Jury has indicted Martin Burke, Patrick Cooney, J. H. F. Begg, Daniel Coughlin, Patrick O'Sullivan, Frank Kunze and Frank Woodruff for complicity in the murder of Dr. Cronin. Of the seven men indicted, three are already in goal under previous indictments—Coughlin, O'Sullivan and Woodruff, and a fourth, John F. Begg, was under arrest on suspicion. The fifth man was Martin Burke, the suspect in custody at Winnipeg. The sixth and seventh men indicted are still at large—Patrick Cooney, "the fox," and John Kunze, a friend of Detective Coughlin, whose alleged complicity was only brought to the attention of the authorities within the past two days.

Grimby Park Opened.
GRIMBY PARK, July 1.—This charming summer resort had a grand opening on Sunday Day. Fully 4,000 people were on the grounds, and the National Band gave at intervals very fine selections. Rev. E. A. Bradford, D. D., LL. D., gave a lecture on Judaism in the Dominion. In the afternoon Prof. Mills, of the Ontario Agricultural College, occupied the chair. Prof. J. H. Pantor, M. A., gave an eloquent and interesting lecture on ecology in relation to agriculture. Mr. G. B. Jones, of Toronto, gave an amusing and highly interesting lecture on the honey bee.

What We are Doing
AT
DOWLER'S.

Now, you may not be interested in a reaffair, but when we tell you that we have been working hard for the past week on your account, you will be anxious to know to what extent your interests will be served, by our movements.

Well! For the past week we have been diligently securing all the channels of trade, to get up a bill of fare that will be acceptable to our patrons.

First on the bill is Millinery Goods, a lot of New Shapes at half price, New Ribbons, Flowers etc. This Department continues in with the season, everything is at its best, in full bloom, most were. A big drive in Parasols. Be sure and get one.

St. Dress Goods, we have made a determined effort, and by so doing have succeeded in placing the standard of quality on a plane of perfection. No such stock of goods in Guelph. No such prices anywhere. See our Customers from \$3.00 to \$14.00. We expect another repeat of that wonderful Heurista on Friday. Be sure and get there in time as! In the last of the line.

And then in Underwear, we have succeeded in securing the correct thing. That Stocknet Vest at 60c, former price 85c, caps the climax. Ladies, see our White Underwear.

Coming afterwards, in line, files of Hats and Gloves. Every pair a bargain. We need truly need the trade in those lines. We are determined to hold the proud position we have gained for quality, and our name for being the cheap house in Guelph. These goods we give you the best we have every time at

THE
Question of the Hour.

Buy, Susan, shall we take in the Guelph Four next week?

Well, Reuben, I don't care so much about the "fourment" altho' that will be very good and worth going to see, but, what I want to go for, is to visit

Luscombe's Fair
for he has so many things I want and you can get them so much cheaper, fully 10 per cent below any place else. Just fancy, a genuine Irish Green Painted Willow Chair, good for 15 years wear (some of your 10 cent Factory painted will last 10 days).

Well, Susan, is that all you want?

No! I want Milk Pans! Just fancy, 8 quart Milk Pans only 10 cents, and I am sure our old Hungry Whip is played out, and you can get regular Dairy Bows, at least the price you pay any one else. In fact, there is nearly everything there, both useful and ornamental, I am sure we can save enough to pay us back our 40 cents all right away.
