has so often derided the government'sattempts to placate the animosity of the Rielites, and to, prevent such demonstrations as those which disgraced the Ohambly nomination. The Glob- professes to see in such demonstrations during indications of the coming downfall of the government, and in the next breats to solknowledge that in the suggestion to send the suffering "fisher folk" of Labrador and Northern Newfoundland to the Canadian Northwest we were anticipated by the Montreal Witness. And, further, that the grow or constraining them 1 Perhaps they or organized the Champ de Mars "gas" meeting has November, two. It is about time for the toy stretches of our coasts is—tosend them to the treated as dead in Ontario. We denom that the submit to the bear side. There is no suisfactory selling demand, especially for a sum a somewhat uncertain condition as reside to having been found that the fishermen is sets future prospects and prices, with a slight inclination to the bear side. There is no suisfactory selling demand, especially for the fully good crops and the improved condition of railway interests assurances of "good times."
In the United States iron rails have gone to in the dodo. About 6000 miles of new rail way will be laid this ytar, and not an iron us will be put down. The Pitteberg Times.
