## ABOUT HORSE NAILS

"A little neglect may breed great mischief; for want of a Nail the Shoe was lost; for want of a Shoe the Horse was lost; for want of a Horse the Rider was lost—being overtaken and slain by the Enemy—all for want of Care about a Horseshoe Nail."—*Benjamin Franklin, 1758.*

As the farmer has to pay the farrier who shoes his horse the same price for the job no matter what quality of nails he may use, don't you think we are giving good advice when we say "Insist upon having the best horse nails used for any shoeing done for you?" What are the best? Try the "C" brand made by us for the last 38 years, and of which there are more sold in Canada than any other. We believe they are the best. We know they are made from the best material in the world for the purpose, and by the best process. All we want you to do is to ask for them; try them; and judge for yourself.

Remember that our "C" brand won't cost you any more, and the shoes will hold on longest if driven with them.

Look for the "C" brand and our name on the box; no others are of our manufacture.

## Ramsay's Paints

Won't Fade—Crack—or Peel.

Ramsay's Paints are the best oils and purest pigments, mixed in just the correct proportions. It has taken us 62 years to perfect Ramsay's Paints—to mix each shade so that it paints easily and smoothly—holds its fresh, bright color without fading, cracking or peeling. This 62 years' experience goes with every can of Ramsay's Paints—and costs you nothing extra.

Our booklet tells some paint facts worth knowing. It's free. Drop postal for a copy.
