Diplomatic Relations Between U. S and Germany may be Broken Within 48 Hours

#### ULTIMATUM TO MEXICO

Wilson to Insist on Restoration of Peace-Most o River San, as Well as Przemysl, Abandoned By Russians.

A message received from Berlin, according to an Amsterdam despatch, states that the American colony in Berlin has been warned officially that diplomatic relations between Germany and the United States may be broken off in 48 hours, and that the people \$68,848, a decrease of 28.99 per cent., or \$19,000. should hold themselves in readiness to leave Ger

Washington reports are to the effect that the real crisis in the relations of Germany and the United Sttaes is at hand. Within the next few days the German Government will know formally that President Wilson and his advisors have determined that further parley between the two powers over the sinking of the Lusitania and kindred causes cannot continue until Germany has furnished assurances to the United States that submarine commanders will observe the primary rule of international law, and the laws of humanity, that the lives of passengers and crews of merchant vessels shall not be sacrificed. A note setting forth this position of the United States was presented to the Cabinet by the President yesterday in the form of an incomplete first draft and was given approval. It will be sent to Berlin as on as the finishing touches have been put to it.

the Mexican disorders. How much time will be given to the factions to comply with the determination of the profit on the redemption at a discount of ten year 6 per cent. notes, shows a balance of \$987,659 until the occasion arises, but it has been tentatively and total surplus of \$2,813.997.

agreed that it should not be more than 60 days, and and it is not unlikely that it will be as short as thir- | COTTON HAS PASSED THROUGH

San, except on its lower reaches, has been abandon their stores and munitions from Przemysl, a process to prepared positions east of the fortress.

The Amsterdam Telegraaf says that the German casualty lists show that the Prussian losses alone nave reached a total of 1,388,000 men. The same newspaper quotes recent casualty lists as giving newspaper quotes recent casualty has as a size on names of 56 aviators. Of these eleven were killed, 35 wounded and ten missing. The peace strength of the Prussian army is 480,000 men.

Germany, in a note cabled to the United States State Department by Ambassador Gerard at Berlin, expressed regrets that through "an unfavorable ac cident" a German submarine had torpedoed the American steamship Gulflight, and declared itself "ready to furnish full recompense for the damage thereby sustained by American citizens." In the same communication the German Foreign Office said it had not yet been possible to clear up fully the case of forbidding the exportation of cotton. The signifithe American steamer Cushing, reported attacked by a German aeroplane and asked that the United States nicate the information in its possession concerning this incident

According to information received at Paris the largest German submarines are now built in Belgian plants. Fifteen thousand men, some of them war prisoners, are employed in turning out submersibles with a steaming radius of 4,000 miles. forces are at work in the Cockerill yards at Liege and Antwerp.

#### \*\*\*\*\*\*\*\*\*\*\*\*\*\*\* NOTES ON PUBLIC UTILITIES

\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\* Gross earnings of the Southern Utilities Compa the fiscal year ended march 31, 1915, aggregated \$1,068,531, an increase of \$129,812 over the preyear. There was an increase in expenses and taxes of \$70,148 and net earnings were \$290,499, compared with net of \$230,835 for last year, an improvement of \$59,664. The balance for the year after interest charges, preferred dividends, etc., was \$85,486, an increase of \$30,768.

The combined earnings statement of the Co shows decrease for the first time in many months. hiefly to the shrinkage of income from the electric were \$572,112, or 2.11 less than for April, 1914, while publish their annual reports. The day for secrecy the surplus after all charges and preferred dividends past. Confidence begets confidence. the subsidiaries and the holding company was

The Utah Securities Corporation, which controls Light and Traction Company, has issued a comprehensive report for the year ended March 31, 1915 President Mitchell states that during the past two years the company's management has been largely occupied in acquiring additional properties, retiring underlying securities, clearing titles, re-arranging rates and re-adjusting franchise conditions. He states that the reconstruction period for the immediate future and the work of re-adjustment and re-organization is now practically completed and as a result the company finds itself for the first time in position to proceed along ordinary operating lines. He expects from now on an improvement in operating results. The total gross earnings from all sources of the operating companies now controlled, intercomp charges eliminated, for the twelve months ended March 31, 1915, were \$4,640,126, as compared with \$4,474,261 for the previous twelve months If the Mexican factions do not compose their differences, "within a very short time," as they were the preceding year. The depression of local indus-warned by President Wilson in his statement of trials reduced the company's income, but the report Wednesday, says a Washington despatch, the Presi-states that business conditions are now resuming dent will make a public announcement in the nature more normal conditions and increased power output of an ultimatum, that peace must be restored and a is expected. The combined net income account of the central government established by a fixed date or Utah Securities Corporation and subsidiaries for the United States will take its own measures to end twelve months ended March 31, 1915, after including the Wilson administration if they fail to heed the after all charges. The consolidated balance sneet

#### FIRST STAGE-OUTLOOK GOOD.

New York, June 5.- Cotton has passed through A despatch from Petrograd says that the River the first stage. The fact was proved by the first condition report of the season issued during the past ed as well as Przemysl. The Russians removed all week, making the condition of the crop 80 per cent. of the normal. The report is 5 per cent. above the 10 occupied a couple of weeks owing to the enor- year average, and is 5.7 points higher than last year. mous quantities concentrated there by the Austrians. and the highest June 1 report since 1911. While the The process was completed on Wednesday, and durplant has gotten off with a good start in spite of the ing the succeeding night the Russians quietly retired handicap of the weather, yet too much emphasis should not be laid on the June report as an index of the fall conditions. No better illustration is offered per cent .- one of the poorest on record produced the largest crop of the season

Until the official report of the Government estiplanters to reduce their planting to a considerable gulations are considered too broad and too great a extent. Private estimates place the reduction at beween 10 per cent. and 20 per cent. less than last year.

The preliminary estimate of the planted area made last season by the Department of Agriculture last times they won't work out, July was 36,960,000 acres.
