Quiet Stock is Profitable Stock

The cow that quietly walks to and from pasture; that is kept clean and free from flies, will give more and better milk than one that is constantly disturbed by the attacks of flies. An application of a cooling antiseptic spray with the Spramotor once a week will keep your stock free from flies during the summer, and they will repay you tenfold by better service, increased weight, and better appearance. The Spramotor will whitewash your stables, hen-houses, pig pens, spray your orchards, kill wild mustard, potato beetles. With the Spramotor Cold Water Paint it will paint your barns at one half the cost of ordinary paint. Will disinfect hen roosts and poultry runs. 84 page treatise free.

A BUSINESS EDUCATION IS NECESSARY ON THE FARM.

Mr. Daniel A. Campbell, of Port Elgin, Ont., says: "I could not have got along without it, and would not now part with the knowledge obtained for any amount of money. I find it just as useful to me on the farm as it was in business. When your business principles are applied to farming, it pays as well as any business, and is more independent. Every young man who wishes to succeed in any calling should have a business education, and the NORTHERN BUSINESS COLLEGE is, I believe, the best place in Canada to get it."

Write for catalogue and college journal, which contain many more such testimonials, to C.A. FLEMING, Principal, Owen Sound, Ont.
