MARTINDALE'S SALE.

The catalogue is issued of the Shorthorns and Berkshires, property of Messrs. F. Martindale & Son, of York, Ontario, to be sold on Friday, November 11th, the day following the Cargill-Pettit sale, at Plaster Hill Stock Farm, near York station, on the Buffalo and Goderich branch of the G. T. R., and only some 16 miles from Hamilton. This herd of Shorthorns holds a strong position in that section of Ontario, having won at the County Fair this year eight first prizes, six seconds and one diploma, while the Berkshires won two firsts, two seconds and one diploma. The excellent bred four-year-old Scotch-bred bull, Bandolier, bred by John Miller & Sons, sired by Sirius (imp.), a Cruickshank Secret, and out of the Kinellar-bred Red Bessie 2nd (imp.), heads the herd, and is included in the sale. The females include representatives of several well-bred families, noted as beef and milk producers such as Nonpareil's Roan Duchesses, Symes, and others of equal reputation. There are half a dozen young bulls of serviceable age, and a nice lot of heifers and young cows in calf, or with calves at foot. The Berkshires are bred from the best importations.

TRADE TOPICS.

NONE TO DISPUTE.

No one disputes the superiority of the famous Central Business College of Toronto in point of equipment, number and competency of teachers, and effectiveness of its business discipline and practical courses. This well-known business training school is a real business house, whose graduates are eagerly sought for by business men who are acquainted with the methods of the College and the results of its systematic work. This is the chief reason for its very liberal patronage, and for the splendid success of its students and graduates, who are now found in nearly every business establishment in Toronto, and in hundreds of good appointments throughout the entire Dominion.

At an auction sale of Large and Middle White pigs in the last week of September, from the herd of Mr. Sanders Spencer, St. Ives, England, the best price was 17½ guineas, and the average for 66 head was £6 18s. 6d.

Messrs. Jas. McKee and Chas. P. McMeahan, of Lucan, Ont., have purchased from J. Crouch & Son, La Fayette, Ind., the imported three-year-old Percheron stallion, Marius, No. 40020. Marius is a beautiful dark gray, weighing 1,950 pounds, with immense bone and substance.

CATTLE HIGH IN CHICAGO.

When Millard F. Dunlap, of Jacksonville, Ill., sold to-day (Oct. 12th) 17 head of 1,508-pound Angus steers at \$6.85, he reached the high-water mark of the year. This was a very prime lot, which is evident, and they had to be to take the lead, for Fred Calder, of Alexis, Ill., had in some 1,778-pound cattle which touched \$6.75. Previous to to-day the top was \$6.70, in June. This high figure has put the \$7 fellows in good spirits, for it will not take much of a jump to reach that spot now.—[Live-stock World.]

An advanced business education is now considered absolutely necessary for any young man or woman who proposes to enter commercial life. A course through a business college is a stepping-stone to a good position, and means rapid promotion afterward. A college that is excellently equipped for giving a high-class, thorough business education is the Berlin Business College, of Berlin, Ont. A letter addressed to the Principal will bring full particulars regarding courses, rates, etc.

FOR LAME HORSES.—It is concussion, the pounding on hard roads, that causes many of the diseases of horses' feet. Some horses, on account of the peculiar structure of their feet and legs, are more subject than others to such ills as laminitis, corns, founder, etc., hence require special treatment. For such horses the Dunlop Tire Co., of Toronto, make a rubber pad to fasten on the bottom of the foot, thus preventing concussion, and giving the lame horse relief from pain. These pads are largely used all over the world, and are constantly increasing in popularity. Tell your blacksmith about them, and give them a trial, that's all they need.
