 MANAGER.

**THE RAZOR STEEL, SECRET
 TEMPER, CROSS-CUT SAW.**

WE take pleasure in offering to the public a saw
 manufactured of the finest quality of steel, and
 a temper which toughens and refines the steel
 gives a keener cutting edge and holds it longer than
 by any process known. A saw to cut fast "must
 hold a keen cutting edge." This secret process of
 temper is known and used only by ourselves. These
 saws are elliptic ground thin back, requiring less set
 than saws now made perfect taper from tooth to
 back. Now, we ask you, when you go to buy a Saw,
 to ask for the Maple Leaf, Razor Steel, Secret Temper
 Saw, and if you are told that some other Saw is a
 good, ask your merchant to let you take them both
 home, and try them, and keep the one you like best.
 Silver steel is no longer a guarantee of quality, as
 some of the poorest steel made is now branded silver
 steel. We have the sole right for the "Razor Steel"
 brand. It does not pay to buy a saw for one dollar
 less, and lose 25 cents per day in labor. Your Saw
 must hold a keen edge to do a large day's work.
 Thousands of these Saws are shipped to the United
 States and sold at a higher price than the best
 American Saws. Manufactured only by
SHURLY & DIETRICH, GALT, ONT.

ADVERTISE IN THE ADVOCATE.
