

Greasing my pans I knead it into loaves. This will make twelve big loaves. I stab them to let out the gas and let it rise for one hour and a half before putting it in the oven. I cook it for one hour, then take it out and put it away till cool. When cool I put it in the bread can and it is finished."

Professor Jackson, from the Agricultural College, who judged the vegetables and weed exhibits, conducted a weed-naming contest, which was very interesting, chiefly perhaps because so few of those taking part were able to identify more than half the weeds. Professor Jackson went to a vacant lot in town and there found thirty-five different kinds of farm and garden weeds. Each competitor in the contest was shown twenty-five of these and the best attempt at naming them was made by Gladys Bray, of Oakville, who knew twenty out of twenty-five. One boy succeeded in correctly naming only one weed. This indicates that there is room for a great deal of good work along this line among the boys and girls of the Portage Plains and elsewhere no doubt. If weeds are to be controlled the farmer must first know his enemies. Miss Bray owed her success in this contest to a practice followed at the Oakville school of bringing in any new weed that is seen and getting the help of the teacher in identifying it and learning its habits and how it can best be eradicated.

NEW GRAIN GRADES

An order-in-council was passed on October 8 establishing certain grades of grain, exclusively for seed purposes, without affecting the commercial grades fixed under the Canada Grain Act. The primary purpose of the order-in-council is "to create a substantial supply of Red Fife and Marquis wheat, white oats and six-rowed barley that is clean, of superior quality and reasonably pure, so that such grain may be made available to farmers, seed merchants or grain dealers who sell seed at a minimum cost, the main object being the improvement of field crops."

Nomenclature of Grades

The nomenclature of grades of grain for seed purposes shall be as follows, the same having been revised and approved by the chief inspector of grain:

No. 1 Canada western seed oats shall be composed of 95 per cent. of white oats, sound, clean and free from other grain, shall be free from noxious weed seeds within the meaning of the Seed Control Act, and shall weigh not less than 36 pounds to the bushel.

No. 3 extra Canadian western seed barley shall be composed of the six-rowed variety, sound, plump, free from other grain, of fair color, free from noxious weed seeds within the meaning of the Seed Control Act, and shall weigh not less than 48 pounds to the bushel.

No. 1 Manitoba Northern seed wheat shall be composed of 85 per cent. of Red Fife, or 85 per cent. of Marquis wheat, sound, clean and free from other grain, and free from noxious weed seeds within the meaning of the Seed Control Act, weighing not less than 60 pounds to the bushel.

For seed purposes, Red Fife and Marquis wheat shall be kept separate.

No grain shall be accepted for seed which will require a large dockage to clean.

Seed Inspector to Certify

Seed inspectors shall observe the foregoing regulations in the grading of grain for seed purposes; nevertheless, inasmuch as the operations of seed inspectors are dependent upon and follow after the operations of grain inspectors in respect of the grain to be examined as to suitability for seed purposes, the seed inspectors will remain subject to the approval of the chief inspector of grain or his deputy in all matters of procedure and prompt attendance to duties, and for efficiency and accuracy of technical work done, seed inspectors shall be responsible to the minister of agriculture.

Seed inspectors are authorized to certify ex-elevator the grain graded for seed purposes pursuant to the foregoing regulations.

In conversation with the chief grain inspector at Winnipeg a representative of The Guide learned that these grades were made with the object of assisting the seed branch of the Dominion department of agriculture. The idea is to provide for the grading and separate storage of grain suitable for seed in each of the

JOHN BROWN owns a prosperous grocery store in a thriving Canadian town. He is a live merchant and attributes much of his success to his novel methods of creating interest in his store.

Recently, he took several lines of his regular goods, put them under cover in boxes and barrels, and wrote the name of each article on the outside. Only he mixed up the letters in each name so that instead of spelling the right name of the article, it spelled something different altogether. For instance box 9 contains Raisins, but Mr. Brown jumbled the letters in the words Raisins until they read "SI RAINS." Then he

A FEW HINTS.—The goods mentioned under each of the fourteen numbers, are staple lines such as are to be found in every grocery store and in regular use in every home. No trade-mark names or products of any particular firm or manufacturer are given,—just the regular name of each product or article. A good plan is to write down the names of all the things usually found in a grocery store and use the list as your guide. Be careful, because Mr. Brown was clever, and sometimes he made two or three words, and even more out of a name.

The judges will award the prizes in this contest, according to the points gained by each entry, and we will fully advise you of the method, when your answer is received. For instance, 60 points can be gained by sending a correct answer to each of the twelve names you can guess, there are ten points given for general neatness, ten for style, spelling, punctuation, etc., and when you qualify, 40 points additional can be gained. Take lots of time to puzzle out your answer, be neat and careful, and you can win a good prize.

THE OBJECT OF THE CONTEST.—Every loyal Canadian will approve of the object of this great contest. Frankly, it is to advertise and introduce EVERYWOMAN'S WORLD, Canada's greatest magazine, to hundreds of new homes, which should know that a magazine of such excellence and real worth is being published right here in Canada by Canadians for Canadians. You can help us to do this, when you enter the contest, but you do not have to be a subscriber nor are you asked or expected to take the magazine or spend a single penny in order to compete and win the touring car or one of the other magnificent prizes.

EVERYWOMAN'S WORLD is now the established favorite in more than 80,000 of Canada's best homes. Though that is the greatest circulation ever attained by any Canadian magazine, it doesn't satisfy us. Our motto is "Everywoman's World in Everywoman's Home." Hundreds of Canadian homes which may not know it now, will welcome this handsome, interesting, up-to-the-minute magazine, and once it is introduced they will want it every month.

If, therefore, when your answers are received, we find them to have gained sufficient points to merit standing for the judging and awarding of prizes, we will write and tell you so, and send without cost, a sample copy of the latest issue of this greatest of Canada's magazines. Then, in order to qualify your entry, we will ask you to do us the small favor of introducing it to three or four friends and neighbors. We will even send you sample copies to leave with each of your friends, if you will tell us they would like to have them. State your willingness to accord this favor when you submit your answers. The company agrees to pay you in cash, or reward you with a handsome gift for your trouble, entirely in addition to any prize your answers may win in the contest.

Follow These Simple Rules Governing Entry to the Contest
