The weather on the Lake last week was the highest in years, coming right up to the cement side-walk at the foot of South Victoria Street.

Blacksmith "Billy" Green must have thought he had struck Holland as the blacksmith shop. The ice was very thick and consequently late in breaking up, which accounts for the high water. It has gone down considerably now and the ice will soon be out of the lake.

Tweed people will always be pleased to hear of any successes that may come to any of her brave sons at the front. We have just learned that Sgt. C. B. Huyck of the 6th Co. Canadian Engineers has been promoted to a Lieutenant.

We are delighted to hear too, that Frank Houston is recovering nicely from his injury received at the front and though his arm is a little stiff it does not prevent him from playing the piano.
