This statement I dare Mr Keeling to deny. But, Sir, when Mr Anthony Stephens found out that the *Herald* had got the work to do, everything was wrong. He was now again of opinion that none of the German papers should get the printing,—that the two "county papers" should print the Accounts. Mr Editor, here was partiality displayed too plain to be mistaken. Howsver, Mr Stephens went to work, and through some false statements and humbug persuaded the Warden to give Mr Keeling an order to primit the Accounts, the Warden also telling Mr K. that he would give him an order on the Treasurer for the amount of his bill, which of course was a sufficient guarantee for Mr K.
