FISTICUFFS THAT FLEW

Investigation of a Vigorous Delsarte Argument Engages County Court.

Blenheimites Were Fined on Pleading Guilty to Common Assault—Tangled with a Cop.

Frank Knight and Tom Hgley, of Blenheim, were arraigned this morning before His Honor County Court Judge Houston, on a charge of assaulting Hardy, of Thamesville, at the termination of a recent lacrosse match in Blenheim. H. D. Smith and O. L. Lewis, for the crown, and Gossnell and Thompson, of Blenheim, for the defendants, Knight and Hgley, on the advice of their counsel, pleaded guilty to the charge and His Honor with a little friendly advice and counsel to the boys allowed them to depart with fines of \$2 each and costs.

The case of Adair, charged with assaulting Pearson, a county constable, was then heard. It seems that Adair perceiving a disturbance, had waded in for the purpose of putting a stop to the scrap and incidentally helped out Blenheim. He and Pearson met and exchanged compliments and after a little sparring Adair had placed his right fist forcibly on Pearson's eye, putting him out of commission for a time. The whole litigation hinged on the question as to which had struck first.

Mr. Pearson stated that while on his way to restore peace, during the heat of the head and that on turning he had been pushed another in the right optic by a man who by the light of his undoused gun he identified as the defendant Adair.

Mr. Ed. Stiles, the next witness called was quite positive that he had seen defendant land on Pearson and down him without apparent provocation. Mr. D. E. Wallace told the same story but was scarcely so positive.

Nelson Graves had seen the evidence performance, but interpreted his evidence with expressive accounts of his own adventures. He had been forcibly ejected from the grounds and was bad medicine generally. He couldn't swear that he didn't hit anybody, but knew that he had tried hard. On being accused of having caused the whole disturbance he expressed his sincere sorrow at being the originator of so much trouble and promised to be good in the future.

Mr. Adair, the defendant, was then heard and claimed that he had been smitten on the brow by Pearson and that he had naturally retaliated by hitting back.

Witnesses were called by the defence almost ad infinitum, who told many and various tales as to how the "scrap" originated. Mr. Geo. Fury had not been in a fury and consequently was prepared to tell the truth, but he brought out nothing new in the matter of the hit and the hitting. His honor thought that evidence given on fights was liable to be diverse and that the evidence in this case in particular was not sufficient to ensure a conviction.

CONTROL OF THE SEAS.

In Ten Years Will Have Passed to the United States.

London, Aug. 9.—(C.A.P.)—At Hatfield Hon. T. A. Brassey, reviewing the comparative strength of our navy and those of foreign countries, said that in ten years the command of the seas will have passed from the United Kingdom to the United States. He arrived at this conclusion because at the present moment the States had considerably more battle-ships building than were being constructed for the British navy, and because the resources of the States were greater than those of the United Kingdom. The resources of the States, however, were not equal to those of the United Kingdom combined with those of the colonies, and one reason he was a tariff reformer was because he held that through some form of commercial federation we should obtain such a result as would enable us to maintain our navy at a strength securing us the command of the seas.

To a Royal Commission.

London, Aug. 9.—(C.A.P.)—The Daily Chronicle says that it looks as if Premier Balfour was sounding the colonies on the subject of Mr. Chamberlain's proposed conference. Again he has asked that the Parliamentary question on the subject be postponed for a few days. Either the Government have not yet made up their minds or they are inquiring what the colonies have to say. Possibly, however, Premier Balfour is considering the idea of disavowing Mr. Chamberlain by referring it to a Royal Commission on the lines of the "compromise" resolution adopted at the Associated Chambers of Commerce Congress at Montreal.

Lightning Causes Big Loss.

Fergus, Aug. 9.—Another disastrous storm passed over here Sunday afternoon between 3 and 4 o'clock. There was a very heavy rain, with hail, which could be gathered up in pails full. It was accompanied with wind and severe thunder and lightning. One flash struck in the corner of Alex. Brown's magnificent barn on the Belwood road, two miles out, and in an instant the blaze was seen in the barn from the house. It, and all its contents, were soon destroyed. Nothing could be saved. There was insurance to the amount of about \$3,500, but the loss will be heavy.

Invited to Return to Egypt.

London, Aug. 9.—The Canadian Associated Press representative learns that Sir Edouard Percy Girouard will be invited to return to the Egyptian service. Lord Cromer is anxious that Girouard should again be reassociated with the Egyptian administration. A formal request to this effect is to be made to the War Office.

Over 50,000 on Strike.

New York, Aug. 9.—The general lockout against unions in the building trades, whose members have recently ordered strikes, went into effect yesterday. The number of men affected by the lockout is variously estimated at from 50,000 to 100,000. The men yesterday repudiated the general arbitration plan signed a year ago.

Orphan Asylum Burned.

Strassburg, Alsace Lorraine, Aug. 9.—Fire yesterday destroyed a large orphan asylum and the Magdalen Church, causing damage of \$1,500,000.

RAILWAY COMMISSION.

Began Its Meeting at Winnipeg on Monday Morning.

Winnipeg, Aug. 9.—The opening session of the Railway Commission took place yesterday morning in the board room of the Grand Exchange building, with Mr. Blair as chairman. Dr. Jas. Mills commenced the sitting. Railroad companies were well represented. Wm. Whyte, W. B. Laniagan and F. W. Peters, with J. E. McMullen of the solicitor's office at Montreal, and Theodore Hunt of the local solicitor's office represented the Canadian Pacific, while for the Canadian Northern A. E. James, G. H. Shaw, with the company's solicitor, J. H. D. Munson, K.C., were present. The Board of Trade was represented by W. Hutchison, president; W. Georgeason and several other members. In opening the proceedings Mr. Blair stated that the Commission was ready to hear any person who wished to bring up any matter which came under the jurisdiction of the board. All the statements would be under oath. The morning session was taken up with excessive transfer charges on the cars of the two railways running into Winnipeg. In the afternoon T. R. Deacon, Manitoba Iron Works, showed the rate for boiler plates from the east was ten cents a hundred higher than on the finished product. This was under consideration at adjournment.

Mortgage For \$5,000,000.

Niagara Falls, N.Y., Aug. 9.—A big mortgage has been recorded in Westland County on the Canadian side of the river, being for \$5,000,000, being given by the Canadian Niagara Power Company to the Toronto Trust Company. It covers all the power company's property, real and personal, together with plants, rights, privileges, etc.

Cautious Girouard.

London, Aug. 9.—In reply to a request for an interview, Sir Percy Girouard wrote: "Much as I should like to oblige and give our dear Canadian people information, I fear I cannot, as the service rule precludes."
