## Sanitary Plumbing

Is an absolute necessity in every house. If you went into your friends house and found some old-time, out-of-date plumbing that was anything but sanitary, what would you think? You certainly would not decide on that house as being very healthy. That is where we come in. We can transform that house, as far as the plumbing is concerned, into one of the most sanitary houses you can find. And it won't cost very much money to do it, either. Name the time for us to call. We shall be very glad to give you some suggestions and give you the benefit of our experience.

## THAT PAVEMENT

Murray Street Residents Discuss the Situation—Differences of Opinion.

Some of the ratepayers on Murray street were interviewed yesterday in reference to the pavement. Quite a number on the street are anxious to have the street paved, but not this year. Opinions very, however, as to the kind of pavement.

John Brown is not in favor of the pavement at all. He says he didn't understand the asphalt block petition when he signed it.

A. L. Sterling is very much in favor of asphalt block.

L. E. Tillson—I have probably the largest frontage of anybody desiring a pavement and I never was in favor of asphalt block, but I would take it if I cannot get bitulithic. When the Council laid over the bitulithic pavement till spring they should have done the same with asphalt block. If bitulithic is defeated fairly, I of course will support any other pavement.

Richard Cape wants a pavement, but the work should not be hurried. He advises that the intakes and sewer be put in this year. Then the Council could ask for tenders next spring and the people could select the pavement they wanted when they know the price.

E. Kempf favored asphalt block. He had signed for bitulithic and wanted a pavement. When he saw the others thrown out, he had circulated the petition for asphalt block. He hadn't received a cent for his work but he didn't blame anyone for that. The contractors had to pay anything that the pavement didn't come out of the pockets of the ratepayers. The pavement would cost just as much anyway.

Chas. Barclay also wants a pavement, but he prefers bitulithic and objects to asphalt block being shoveled on the ratepayers on the street. He claims that Mrs. McGregor's signature was secured through his name.

Mrs. Weldon claims that her signature was obtained under what she considers unfair means. She said that she was promised that the pavement would not go down this year and that she wouldn't have to pay taxes for two years. Also that Mrs. Douglas had a chance to sell the property if the pavement was put down, and it was to help on the sale that Mrs. Weldon signed. Mrs. Weldon says that had she been a man she would have told Henry Smyth that he was a scoundrel and a rascal. Harley Parker, Yeager, passed ball, Full left on bus, Toronto 9, Montreal 7.
