Albert Maithers, of this place, is one of the lucky ones who knows of his good fortune and tells about it. He says he was laid up and could do no work for months because of kidney dis-rase. When kidney disease has such a hold on a man as that, he is in a ser-lous condition. Mr. Maithers recog-nized this and used every remedy he could think of, but without getting any help until he began using Dodd's Kid-ney Pille.
