Everybody taking his or her part in a way which left nothing to be desired. Miss Laporte of Edmundston, took the part of "Queen Esther," in a very pleasing manner. Her solos delighted the audience as she possessed a fine voice.

Mrs. J. R. Belyea, in the role of the dethroned Queen, "Vashti," could not be improved upon in any way. The little Misses Anita Stewart, Bina Palmer, Margaret Earle and Naida Clark, made dainty little pages. C. H. Elliott filled the role of King Ahasuerus very acceptably, while Barry Hopkins took the part of Naaman and Miss Verna Smith as his wife, fairly brought down the house. Gerald Lovely as "Mordicai," certainly cooked the part, and little Alice Dickinson in her farewell to Haman, was very cunning. Humphrey Flemington and Norval McPhail also took their parts well. The various drills delighted the audience. Mrs. Rogers, Mrs. G. G. Porter, Miss Dorothy Olmstead and Master Vernon Dickson were accompanists. The Institute and all feel very grateful to Miss Laporte for the important part she played. While here she was entertained by Mrs. N. J. Wootton, Andover. Stingiest Person.

A man in our neighborhood recently became independent by receiving a good position and at the end of the first week's pay his father presented him with a bill containing the expense of the young man ever since he was born, including the expense of the attending physician when he came into the world; this was all added up and compound interest was charged. The boy without a murmur has begun to pay it all back to his father. The amount would buy a nice home.—Chicago American.

Sawyer's Lucky Find.

California owes its prosperity to a sawyer who owned a sawmill on a stream. He wanted to widen the tail-race of his mill, and while digging noticed a number of shining objects. He paid little attention to them at first, but later, out of curiosity, picked one up. Finding that it was gold, he soon collected a number. The natural result was that this soon became known and thousands of people flocked to this goldfield.

Shoeing Horses Unknown to Romans. The art of shoeing horses to protect their hoofs against the evils of hard usage was unknown to the Greeks and Romans, and is first mentioned in the history of the Celts as late as the fifth century.

McLAUGHLIN

ENTER a new leader—the McLaughlin Sedan.

The years have built the foundation of this car. The graceful sweeping lines are pleasing. The roominess, smooth-riding and attractive appointments, afford maximum motoring satisfaction.

More than the leader of a day, McLaughlin has been the dominating car over a period of years. Not in the opinion of a few—but of thousands.

For of McLaughlin many thousands more travel the roads of Canada than any other of the better-class cars. So the new car must succeed to the title earned through the preponderant preference of the people of "Canada's Standard Car."

Especially attractive are the new closed bodies not only because of their added comfort, but because they are now decidedly the vogue for both winter and summer driving.
