

## WOULD LIKE TO MAKE CLEAN UP

Of Knockers of Waterworks Who  
He Says are Like Babies.

Board of Works Consents to Re-  
open the Nelligan Cas.

Parks Board Lets Contracts for  
Wire Fence and Bulls.

"They act like a lot of babies," said City Engineer Barrow with disgust this morning, referring to the knockers of the waterworks system. "I would like to make a clean-up of the crowd," he added jocularly. Mr. Barrow characterized as "rot" the theory that the reason he did not shut one of the basins off while cleaning them out was because he was afraid of the new steel conduit. Chairman Clark, the Mayor and others, he explains, are thoroughly satisfied themselves at the time that the work was done right. It might be a serious thing in case of fire or a breakdown to close off one basin, and, besides, he says there is no need for it. The water is quite clear and the only ones who are worrying are the people who have never missed an opportunity to knock the waterworks and injure Hamilton. Mr. Barrow says he knows for a positive fact that many people have been stopped from coming to Hamilton, and visitors who were here driven away by the campaign the knockers are carrying on.

Myles Hunting, caretaker of the filtering basins, was at the City Hall this morning and said he expected the south basin would be cleaned-out by Monday. He says if the water coming through the taps is discolored it is not caused by the sandstruck, but by the heavy east wind of the past two days stirring the lake bottom up.

Architect Charles E. Mills took out the permit this morning for the Landed Banking & Loan Company's new office building at the corner of Main and James street. It will be three stories and fire proof. Other permit tenders included W. H. Bunt, for a brick house on Arthur avenue between King and Alkanan avenue, for Colin Arthur, \$2,200.

David Mitchell, for a frame cottage, on Garth street, between Homewood and Aberdeen avenues, \$600.

Charles Mills, brick house corner Aberdeen avenue and Bay streets, for Edwin Mills.

T. D. J. Farmer, brick house on Peter street, between Ray and Queen streets, \$1,500.

John Poag, brick house on Argue street for E. J. Le Patourel, \$2,500.

John Poag, brick house and barn on Main street, between Sanford and Sherman avenues, \$2,950.

At the Parks Board meeting last evening, the tender of the Steel Bridge Co. of Toronto, was accepted, it being \$116 the lowest for bulk. The tender for plants was awarded to H. Marshall, of this city, for \$669.20. The Frost Wire Fence Co. was given the contract for the hand made wire fence, for the Mountain Drive, 2,000 feet, at 10 cents a foot. A communication was received from the Rev. E. A. R. Burns, asking on behalf of the boys who live in the vicinity of the North End Park, that a couple of are lights be installed in the park, to enable them to play football in the evenings. A similar request came from boys around Woodbine Park. The matter was referred to the Works Committee to arrange.

The new steamer for the Fire Department was tried again yesterday afternoon at King and Catharine streets with hydraulic pressure. The water pressure was excellent and was held at all points between 125 and 240.

On the steam gauge, 140 to 160 pounds was registered. Two nozzles, an inch and an inch and a half, respectively, threw streams 307 feet long. An inch and a quarter nozzle threw 291 feet while a Siamese nozzle (two line of hose on one nozzle) threw a good stream, a distance of 265 feet. The Chief is perfectly satisfied with the tryout and the engine will get a good report from him.

The Bay street fire company's wagon has been turned out of the painting and repair shop and looks like new, with its covering of bright red. The department intends having them all painted that color as soon as the old coats wear out.

At the Board of Works' star chamber session yesterday afternoon the letter from the Trades and Labor Council asking for the Nelligan case was read. The aldermen decided to take the matter up again when the Henry case was being dealt with, and invited the Council to lay charges and produce the evidence.

City Engineer Barrow said this morning that he had been incorrectly reported yesterday in saying that Engineer McFarlane was so changeable on the water question that he could not place confidence in what he said. Mr. Barrow explains that what he did say was that Mr. McFarlane had proved rather changeable over the conduit controversy, but that he admired the stand Mr. McFarlane took in owning up that he was wrong on his original stand. Mr. McFarlane, the Engineer says, is doing his share in seeing that a good job is being made at the basins.

There is no truth whatever in the story that Ald. Anderson's friends are trying to get him appointed engineer at the sewage disposal works. As a matter of fact, this position was filled last May, when the Sewers Committee appointed Campbell Leckie and filled his place by appointing J. Hodson.

The Sewers Committee this evening will open tenders for several sewers, deal with Ald. Farrar's case and consider other able staff business.

### At Armory Rink.

The management wishes to announce to the public and patrons that they have made several new improvements and that the floor has been put in the finest of condition, also that the ladies have been in the majority at the evening sessions, which shows the courteous way the management look after their patrons. The music is supplied by the rink band under the able leadership of Mr. J. McKenzie, sen.

Hobbs—Closest says he believes in taking things as they come. Hobbs—Yes, but I have noticed that he always manages to sell them at a profit.

## TAKEN BACK TO THE HOSPITAL.

RECENTLY INJURED MOTORMAN  
MUST HAVE ANOTHER OPERATION.

Prospects Good for a Fine Fair at Beams-  
ville—News From Grimsby and the  
Fruit Section.

Beamsville, Sept. 20.—(Special).—Harry Robinson, the motorman whose legs were broken a short time ago by the collision of two H. G. & B. cars near Stoney Creek, was progressing very favorably until Thursday, when one of the bones began to protrude. He was taken back to the Hamilton Hospital on Wednesday and will undergo another operation.

J. L. Karr was up before P. M. Riggin on Wednesday morning, charged with assaulting his wife. The fine was \$10 and costs.

The new social club held a most successful dance on Thursday night. A number from out of town were present. Mrs. Brine had the misfortune to severely injure the ligaments of one knee Sunday morning. She will be confined to her bed for some time.

From inquiries being received by the Secretary, it is anticipated that the Clinton township fair, to be held here on Oct. 3 and 4, will eclipse many fairs of former years. There will be three speeding classes, consisting of a 2.40 trot and 2.35 pace, a free for all, and half-mile running race.

Mrs. Walter Russ, of Woodstock, was visiting Mr. and Mrs. W. E. Tufford for a few days recently.

Howard Lloyd and G. S. Karr are home from Cobalt.

Miss Olive Wellwood, who has been in the west for nearly a year, has returned. Miss Frampton and Miss Pearl Hunter, of St. Catharines, were in town on Sunday, staying with friends.

Mr. Peter Robertson has almost recovered from an attack of appendicitis. Rev. D. B. Thomas, D. D., will occupy the pulpit in the Baptist Church at both services, the coming Sabbath.

Mr. and Mrs. J. Chilton, Hamilton, were the guests of Mrs. S. Seaman on Sunday.

Mrs. Geo. Phillips is home again, after an enjoyable visit in Stayner.

Mr. and Mrs. W. A. Patterson, Winona, were visiting in London during the week.

Miss Chambers, of Allandale, is spending a few days with Mrs. McDonald.

Harold Allan, of the C. P. R., North Bay, was in town on Tuesday.

The Woman's Institute of Winona paid a visit to the Burlington ladies this Thursday afternoon. A large number from Stoney Creek were along.

Harry Ash, of Markham, was in Grimsby this week, spending a few days with old friends.

The Bishop of Niagara will have charge of the services in the Winona Church on Sunday evening.

**Marching Ahead.**  
There is no doubt about it, the new store of Finch Bros. is marching ahead. In the short space of one season it has rapidly come to the front, and is now one of the most popular Saturday shopping places in the city. These, if there are any, who have not paid a visit to the new and bright store should do so to-morrow, the last day of the millinery opening display. Millinery is the centre of attraction this week, but there will be some great money saving sales. A communication was received from the Rev. E. A. R. Burns, asking on behalf of the boys who live in the vicinity of the North End Park, that a couple of are lights be installed in the park, to enable them to play football in the evenings. A similar request came from boys around Woodbine Park. The matter was referred to the Works Committee to arrange.

## OBITUARY.

### Death of Archie Spellacy—Robert Henderson Dead.

Archie Spellacy, for many years a wine clerk at the Waldorf, passed away at Frank Smith's Hotel in Ancester, yesterday. He had been suffering with lung trouble for some time, and about a year ago he resigned his position in the Waldorf and tried to regain his health, but it was of no avail. Deceased was 29 years of age, was unmarried and was a native of Ontario. He was a member of St. John's Presbyterian Church. A widow and two daughters, Mrs. J. H. Allen, of Cargary, and Miss Spellacy, at home, survive.

The funeral will take place on Saturday afternoon at 3.30.

The funeral of Edwin Gray took place this morning from the residence of his son-in-law, Mr. W. A. Gilbert, 160 James street south. Rev. D. H. Fisher, D. D., conducted the services and the pall-bearers were Dr. Metherall, T. McQueen, A.

G. Bain, Geo. Martin, A. Cochrane and W. A. Gilbert.

Henderson Clark, an old resident of West Toronto, died at the residence of his son, Wm. Clark, 84 Cannon street west, this morning. Deceased was 83 years of age, and had been in failing health for some time. His son brought him from Toronto a week ago, and he sank rapidly. He leaves one son, Wm. Clark, and one daughter, who resides in Quebec. He was a member of Stanley Lodge, A. F. and A. M., Toronto Junction. The funeral arrangements have not been completed.

### SMALLPOX AT OAKVILLE.

Five Cases are in Quarantine—Three Are Children.

Oakville, Sept. 19.—There are five cases of smallpox in town, but all have been quarantined in a tent on the outskirts and thanks to the prompt action of Dr. Williams, medical health officer, further cases are not expected.

The patients are an Indian, a milkman named Kelly, two children named Johnson, and a child named Holland.

The source of the outbreak is not known.

Claiming that she had been given her board by Mary Morrison simply as a friend of twenty years' standing, Hannah Judge disputed a board bill for \$407.75 in Judge Morrison's court at Toronto yesterday, but Miss Morrison got judgment for \$62.75.

Has high ideals—the airship inventor.

Alfred Moyan, of Midland, Ont., who arrived at Swan River on a visit to relatives last week, burst a blood vessel and expired on Wednesday.

## LAYMEN'S BANQUETS

### To Promote Interest in Presbyterian Mission Movements.

A meeting of the Canadian Executive of the Presbyterian Laymen's Missionary Movement was held in Toronto yesterday morning. Arrangements are now almost complete for a banquet to be held in Montreal about the end of October or the beginning of November.

This banquet is to be the first of a series to be held in Ottawa, Kingston, Hamilton, London, Winnipeg, Halifax and St. John. The effect of these is intended to be a greater interest taken in the movement.

### Saturday at McKay's.

McKay's intend celebrating their third opening day with an immense array of undergarments in the very newest fall importations, don't miss seeing our first display of new fall kid gloves at special prices, also the big sale of white Persian lawn blouses, worth \$3, for 98c.
