KEENE'S CELT **WON BROOKLYN**

Second Big Handicap For J. R. Keene In Two Days.

Celt Ran Johnny Madden's King James Off His Feet-Hendries and James Crooks Buy Southern Yearlings.

New York, June 2.—That Agmes R. Keene's Celt is the equal of the mighty colin was the opinion of the hundreds of turf experts after he had won the \$25,000 Brooklyn Handicap, 11.4 miles, at Gravesend yesterday in magnificent style. After the first quarter of a mile Celt made all the running, and setting such a terrific pace that nothing could live with him, he passed the judges' four hours more rain than had fallen in Thi Keene's Celt is the equal of the mighty \$25,000 Brooklyn Handicap, 11-4 miles, at Gravesend yesterday in magnificent Celt made all the running, and setting live with him, he passed the judges' stand 11-2 lengths in front of August stand 11-2 lengths in front of August Relmont's 3-year-old Fair Play, by Hastings—Fairy Gold, who, under a drive, had a haif length over Samuel Emery's Master Robert, by Mazagam—Flocarline. For the first time in the history of the race, therefore, the 3-year-olds cut up the rich prize. Celt, under a perfect ride from Notter, ran the distance in 2.041-5, a new track record, the best previous time being 2.042-5, made last September by Dandelion, carrying 119 pounds. The best—previous record for the Brooklyn was 2.052-5, made in 1903 by the 3-year-old Irish Lad, with 103 pounds. Celt is the fourth 3-year-old to capture the famous Gravesend classic, which has been won by James R. Keene five times, with Hornpipe, Conroy, Delhi, Superman and Celt.

Celt's wonderful speed was a revelation to experts and novices alike. Having run John E. Madden's King James completely off his feet before they were straightened out in the back stretch, Celt was timed for the half mile in 484-5. He ran five furlowers in 592-5.

passed the three-quarter pole in 1.12 flat, covered the seven-eighths in 1.25, turned the mile in 1.38 2-5, breezed the mile and furlong mark in 1.51 2-5, and raced home a real turf king in 2.04 1-5. That was pace enough to take the heart out of almost any good horse, and when the clockers snapped their watches at the end many of them said:

"Colin could not have done better."

Though ten horses were named to start, only eight faced the barrier, the withdrawals, being Rifleman and McCarter. It turned out that McCarter was scratched because he had suddenly developed lameness after a gallop on Sunday; in fact, there was a rumor-that he was on the verge of a breakdown. McCarter's absence robbed the race of some interest, for it had been predicted that McCarter would be the horse for Celt to beat.

The race was truly run, there being o traces of rough riding or crowding. and the horses getting away to a splen-did start, executed by C. S. HAMILTON PURCHASERS.

Toronto, June 2.—The event of the early part of the day at Woodbine yesterday was the sale of the thoroughbred yearlings from the Edenwold and Avondale Studs in Tennessee, the first occasion of a sale of purely American-bred blood stock in Canada. The decision to hold the sale here, instead of in New York, where the produce of these farms has hitherto been offered, was due to has hitherto been offered, was due to the belief of Mr. Walter O. Parmer, of Edenwold, that there was a market in this country for yearlings of proven blood lines, and he determined to put the question to the test at his own risk. The outcome was wholly satisfactory, and both seilers and purchasers are to be congratulated. Canadian owners

A TIE GAME.

Burlington Lacrosse Team Here Last Night.

The first game in senior city lacrosse league was played at Victoria Park last night, between the fast Burlington bunch and the Beavers of the east end. The play was very even, the defence on both teams worked like trojans. The game was enjoyed throughout by a large and enthusiastic crowd who caught on to the fine points of the game which from the attendance point of view, will become very popular before the end of the season.

The Seagram cup, with \$1,000 added, is a heavy-weight handicap for horses owned in Canada, but Mr. Seagram, the donor of the trophy, does not start anything in the race. weights and made a grand race. Russell A. and Herman Johnson were added, so that eight went to the post. Photographer was the opening favorite at a short price, in spite of his 133 pounds, and he made good like a real racehorse. Herman Johnson set a fast pace, presumably for his stable companion, Picaroon, but he was better than Pic, even though the mile and a sixteenth was considered beyond his distance. Moouraker and Photographer were never far away, and it was a gallant race in the stretch. Herman Johnson had established so great an advantage that, though he is essentially a sprinter, it seemed almost impossible for him to be caught. Nor did any other but the top-weight catch him. Under a very determined ride by Harty. The London horse showed the utmost resolution and courage, and responded to every call. He answered the whip, and steadily wore down the leader's advantage, getting to him at the very end, while Moonraker was also pressing hard, and Herman Johnson lasted just long enough to keep second place from Moonraker, though he could not withstand Photographer. Picaroon could not get into the mooney, though he was close up. The speed, courage and gameness of the winner and the high weight he carried made his race much the finest thing of an interesting afternoon. He had not been put in the King Edward cup, nor the Waterloo handicap, and his fonly other stake engagement of the meeting is in the William Hendrie Memorial Handicap next Saturday. This is a mile for Canadian-breds, and it be interesting to see how the handicapper rate him and Inferno, who is also among the entries.

W. E. P. C. CHALLENGE TO THE HAMILTONS.

Following is a copy of the letter sent yesterday afternoon to Mr. Fred Paige, manager of the Hamilton Baseball Club, by J. Bradley, manager of the West End Pleasure Club's nine:

West End Pleasure Club's nine:

Dear Sir,—I take this opportunity of submitting to you, as manager of the Hamilton B, B, C, a challenge on behalf of the West End Pleasure Club B, B, C, to play a game of baseball, terms and conditions, mentioned here being quite agreeable to us, and I would be quite surprised if they are not satisfactory to you, as the conditions contained therein are only fair to us both.

In reference to this game I would say that we desire it played, in the event of the challenge being accepted, on any Saturday mentioned by you in the near future, with the exception that we would like two weeks to get our men in fair shape. We would also ask for 40 per cent, of the gate receipts, leaving you the remaining 60 per cent, and the entire grand stand, this condition being necessary to defray our necessary expenses, of if agreeable to you the entire receipts, could be devoted to a deserving charitable cause.—I would also mention that it is the team you have at present that we desire to play.

I might say that we feel sure our team would make a good showing, with an equal chance with you of winning, else we would not wish to play. In conclusion, I would say that your reply is awaited, and, if everything is satisfactory, arrangements can be proceeded with without delay.

TIGERS MADE MOST **RUNS AND ERRORS.**

London Beaten Here Yesterday by Score of 6 to 3.

Monday is generally an off day with the baseball fans, but vesterday was also an off day with the teams that per-formed at the Barton street ball yard. Before a very large number of empty seats the Hamiltons and Londons played a ragged game. However, the Tigers beat the Beavers at run getting and also at error making, and as Hamilton people dearly love to see London outdone, there was applause from the occupied seats. A clever double play on the part of a GIANELLI RELEASED. trio of Beavers was the best thing about the game. There was a diversity of opinion as to what the worst about the game was. The assistant manager thought the attendance was; some in the stand branded Finnemore's work as the worst, while many in the bleach

GIANELLI RELEASED.

"Kid" Gianelli, the London southpaw, was released by Manager Wreath after yesterday's game at Britannia Park. Gianelli pitched a good-game, and it was no fault of his that the Beavers did not win. It is said he was released over personal differences. The manager caught him breaking a rule in London the other day, a rule against being in a bar-room in uniform, and words followed. Gianelli was oftered a contract by the Hamilton management, and he may accept it. nt, and he may accept it. EASTERN LEAGUE SCORES.

Buffalo—It was a very classy game of ball which Toronto and Buffalo played, and which the Business of the Busi onto hit much oftener, but not at a time when it would have meant victory for the Maple Leais. The visitors had nine men left on bases to Buffalo's toree. It was pure luck that won for Buffalo. They made but 4 hits off young Rudolph, and managed to bunch a pair at a time when the only Toronto error cropped to the surface, it didn't appear that the visitors could be prevented from Frossing the home plate as with but rossing the home plate, as, with but we exceptions, there was either one two on bases, twice on third, and re-

At Rochester—Tate Cromley held Montreal to no hits for six innings, but in the last three the visitors made eight count for five runs. The visitors were weak on the field to hold the locals, who out.

A base on balls, a steal, and a nice hit scored another run for the Tigers, connors being in the saddle.

London got two in the sixth, due to two errors and two hits, the hits being made by Jefferies and Payne.

In the eighth the Tigers added three more to their tally—doubling the score. Finnemore made a hit, Bradford walked, Maxey got first on an error and De Rohn and Curtis made singles. This spurt in the eighth made it unnecessary for the Tigers to go to bat any more, and they got an early start and kept close to the tinishing place of their opponents.

It's All in the Gear

Many motorists buy in the dark. The much advertised and so-called "hill climbing car" is the bait. They fail to consider the fact that the engine that "glides" up-grade would race itself to death on a flat, straightway run. It's simply a question of gears. Any motor car can be equipped with a reduced gear adapted to hill climbing purposes. It is the car constructed for general service and that gives genuine satisfaction in running up hill or down dale, across country or on the level that proves its thorough dependability. Simplicity in construction and consequent ease of control demonstrates the Russell to be your servant, not your master.
