Every year increases the populari-

y of this valuable Hair Preparation;

which is due to merit clone. We can assure our old patrons that it is

kept fully up to its high standard;

and it is the only reliable and perfect-

making it soft, lustrous, and silken.

The scalp, by its use, becomes white and clean. It removes all eruptions

and dandruff, and, by its tonic prop-

erties, prevents the hair from falling

out, as it stimulates and nourishes

the hair-glands. By its use, the hair

grows thicker and stronger. In

baldness, it restores the capillary

glands to their normal vigor, and

will create a new growth, except in

extreme old age. It is the most eco-

nomical HAIR DRESSING ever used, as it requires fever applications, and gives the hair splendid, glossy appearance. A. J. Hayes, M.D.,

State Assayer of M: sachusetts, says,

"The constituents are pure, and care-

and I consider it the BEST PREPA-RATION for its intended purposes."
