  - 50 sacks P. E. I. Potatoes.
  - 5 cases Choice Lemons. 50 cases Silverpeel Onions.
- Nov. 11th, 1913. EDWIN MURRAY.

### Hr Grace Notes.

The s.s. Kyle arrived here at 8 o'clock on Wednesday evening, en route to Labrador. Several passengers joined her here for northern ports.

The King Edward Brigade had a parade through the town on Tuesday night. They will attend the Methodist Church on Sunday morning. The officers look quite smart and military-like with their new shoulder straps.

The ladies of St. Paul's Church held their annual Sale of Work in St. Paul's Hall on Wednesday and Thursday of this week. They are certainly deserving of congratulation on the result, the amount realized being over \$300.

Sneak thieves are about here and people would do well to look after their poultry yards. A gentleman of the West End, who bears the name of one of the old prophets, and who is also, according to his name a protector, lost a fine goose a few nights ago, and it is thought the bird was "played" for by a merry party.

Turnips are now being sold here for \$1.20 per barrel—excellent turnips at that. Potatoes are quoted at \$2 per barrel.

—COR.

Hr. Grace, Nov. 13, 1913.

### A Modern Miracle

He Had Eczema 25 Years and Doctors Said "No Cure."

Yet Zam-Buk Has Worked Complete Cure.

This is the experience of a man of high reputation, widely known in Montreal, and whose case can readily be investigated. Mr. T. M. Marsh, the gentleman referred to, lives at 101 Delormier Avenue, Montreal, and has lived there for years. For twenty-five years he has had eczema on his hands and wrists. The disease first started in red blotches, which itched, and when scratched became painful. Bad sores followed, which discharged, and the discharge spread the disease until his hands were one raw, painful mass of sores. This state of affairs continued for twenty-five years!

In that time four eminent medical men tried to cure him, and each gave up the case as hopeless. Naturally, Mr. Marsh tried remedies of all kinds, but he, also, at last gave it up. For two years he had to wear gloves day and night so terrible was the pain and itching when the air got to the sores.

Then came Zam-Buk! He tried it just as he had tried hundreds of remedies before. But he soon found out that Zam-Buk was different. Within a few weeks there were distinct signs of benefit, and a little perseverance with this great herbal balm resulted in what he had given up all hope of—a complete cure! And the cure was no temporary cure. It was permanent. He was cured nearly four years ago. Interviewed the other day, Mr. Marsh said: "The cure which Zam-Buk worked has been absolutely permanent. From the day that I was cured to the present moment I have had no trace of eczema, and I feel sure it will never return."

If you suffer from any skin trouble, cut out this article, write across it the name of this paper, and mail it with one cent stamp to pay return postage to Zam-Buk Co., St. John's, Nfld. We will forward you by return a free trial box of Zam-Buk. All druggists and stores sell this famous remedy. 50c. box, or three for \$1.25. Refuse harmful substitutes.

### Street Row.

Last evening, four fellows, half seas over, were discussing the political situation on Duckworth Street and as the views of all did not agree, the matter was thrashed out with fists. A lively encounter was witnessed for several minutes. There were no policemen about, though citizens managed to separate the quartette after a while.

### HAVE YOU A BAD LEG

With Words that discharge an overflowing...  
A very creditable programme was given at the Nickel Theatre last night, and the hundreds present were delighted with it. The great attraction was Lord Tennyson's poem, "Lady Clare," which was seen for the first time in Newfoundland. The other films, "Brave Old Billy," "A Busy Day in the Jungle," "A Child's Prayer," and "A Timely Rescue" were extra fine. Mr. Fleming sang: "You will never miss your mother till she is gone," and Mr. Cameron: "All the hills are lovely."

Boxed served hot at F. J. RAYNES, 112 New Gower St. Nov. 13.

## Radway's Ready Relief

NEURALGIA  
The Relief is the best counter-irritant known, and therefore the best combination that can be used in Neuralgia. Rub it on the part affected, and soon the pain ceases, which will usually be in the course of five or ten minutes.  
W. J. RADWAY & CO., Montreal, Can.

### At the City Hall.

At yesterday's session of the City Council, Mayor Ellis presided.

The Secretary of the Board of Works, wrote re boundary lights and connection of water pipes with George's pond main, and stated that the matter was still under consideration. Councillor Mully thought the delay in getting an answer was unwarranted neglect and suggested that the Council give a formal reply as to the action they would take in the matter.

J. Carew, of Bailey Street, asked permission to erect a porch. Referred to Engineer.

The Solicitor reported that he had taken action against one H. Winsor, who had made repairs to his house, without acquainting the Council.

G. T. Phillips can make water and sewerage connections in Rocky Lane provided he complies with Council regulations.

Rev. E. R. Matthews wrote re insufficient supply of water for Conventary School. Referred to Engineer.

Plans of houses submitted by R. Pellet, Toussaint Road, and J. Dea, were approved of.

Ordered that City Engineer hold consultation with Government Engineer re foundation work of Brownline's Bridge.

The Sanitary Supervisor's request for suits of clothes for his inspectors, was deferred.

The meeting then adjourned.

### Notes From Badger.

Mr. T. Hanrahan, Supt. of R. C. Schools, arrived here by yesterday morning's express, and leaves tonight by express for Grand Falls. During his short visit he was the guest of Mr. J. D. Coleman.

A fire took place on Monday last at the home of Mr. A. Britt, the blaze was quickly extinguished owing to the efforts of the town people; but were it not for their timely assistance, it may have proved disastrous, as there was a strong gale blowing at the time.

Some new houses have been built here lately, and several others are at present being erected, notable among the latter being the new store of Mr. D. Bôjus, who intends starting business here.

Mr. D. Butt, who had been spending a month's vacation with his parents at Exploits, returned by Sunday's express. Mr. Butt is the popular clerk of the Badger stores.

We hear that foxes are plentiful in the country around Badger. Several valuable ones have been caught during the last two months.

The stork visited the home of Mr. N. Wall on Monday last, leaving a bouncing baby boy.

Mr. Ed. Coleman, who has been ill during the last four months, is greatly improved, and we are all glad to see him around again, also, that Mr. H. S. Crowe who has been suffering from a bad arm, is on the mending hand.

Badger, Nov. 12, 1913.

Stafford's Liniment is a cure for Rheumatism, Lumbago, Neuralgia and all Aches and Pains. For sale everywhere.—nov.13

### Nickel Theatre.

A very creditable programme was given at the Nickel Theatre last night, and the hundreds present were delighted with it. The great attraction was Lord Tennyson's poem, "Lady Clare," which was seen for the first time in Newfoundland. The other films, "Brave Old Billy," "A Busy Day in the Jungle," "A Child's Prayer," and "A Timely Rescue" were extra fine. Mr. Fleming sang: "You will never miss your mother till she is gone," and Mr. Cameron: "All the hills are lovely."

Boxed served hot at F. J. RAYNES, 112 New Gower St. Nov. 13.

### A Rough Trip.

The S. S. Fortin returned from the western route at eight o'clock last night, after one of the longest and roughest experienced for some time. Since leaving here on October 30th, rough weather was continuous. Pacific gales and heavy seas raged, and at several places on the coast the ship had to harbour in consequence. Last Sunday week the N. E. storm that caused some damage on the S. W. Coast was severely felt at sea. The Fortin brought a full freight and these passengers in saloon:—Mrs. Ring, J. P. Scott, Charles Way, P. O'Rourke, P. J. Butler and 44 in steerage. The ship is being discharged as quickly as possible and it is hoped to get her away again to-night.

### Marine Notes.

The S. S. Tabasco left Halifax yesterday at 3 p.m. for this port.

The R. M. S. Carthaginian leaves Philadelphia for here to-day.

The Ella C. Hollett, began loading salt bulk codfish yesterday for Gloucester at the firm of Hollett Bros., Step-a-Side, Burin.

The schr. Lizzie Griffin reached Bonne Bay yesterday, and will take a load of herring for Jones & Son, of Bangor, Maine.

The Nina Lee entered at Grand Bank yesterday, to load salt bulk codfish from J. B. Footo.

### Healthy and Unhealthy Lighting.

Gas, it may be said, vitiates the atmosphere. True. But it also helps to purify it. Its purifying power is greater than its vitiating power. Electricity does not viliate, nor does it purify. Hear what these eminent men have said: "Much evidence has lately been adduced to show that gas is more useful than the electric light in promoting efficient ventilation of air. It is for this, amongst other reasons, that gas is being frequently substituted for the electric light. The latest example is, perhaps, the Society of Medical Officers of Health, which has recently installed gas on its premises, after experience with the electric light.—Dr. Jameson B. Hurry.

He would merely add that no member who had experience of their meeting room under the old conditions could deny the improvement that had taken place since gas had been substituted for the electric light and the new system of heating and ventilation had been installed.—Dr. Reginald Duffield, before the Society of Medical Officers of Health.

I have in my mind's eye, at the moment, a hall which, in the old days, was lighted by gas and in which a large audience could, with comfort, sit through an hour's lecture, or with pleasure through a three hours' dinner, but which with the march of civilization, had its illumination changed from gas to electricity, the latter being employed, with all the latest refinements to effect the lighting under the best conditions, with the result that any large gathering within its walls leads to a state little short of apoplexy.—Vivian E. Lewis, Professor of Chemistry at the Royal Naval College, Greenwich.—nov.13

Brocade is extremely fashionable just now.

## Daily Investment News Universal Success of the Plan

On this side of the water the adoption of a system for making partial payments for securities is quite recent, although for years it has been well known in France and England.

It has met with instant success in the United States from the moment of its introduction, and has there swept broadcast over the country, solving the investment problem for thousands who otherwise never could have purchased securities.

Even in these conservative Maritime Provinces, where we have had the partial payment plan in operation during the past three months, the public has generally expressed its hearty approval—which approval, to a gratifying degree, has taken the concrete form of orders.

There's a little gray booklet, fully explaining the plan, which you may care to have. It's free.

## Bishopric Wall Board.

BEATS LATHS AND PLASTER.

MADE TO LAST.

Bishopric Wall Board is made by imbedding kiln-dried dressed lath in hot Asphalt-Mastic, under a pressure of 500 lbs. to the square inch. The other side of the Asphalt-Mastic is surfaced with smooth, heavy sized cardboard.

COSTS LESS.

Bishopric Wall Board saves 75 per cent. of the labor cost and about a month's time in finishing walls and ceilings. With it there is none of that expense for repairs and re-decorating that you incur so often when plaster cracks or falls.

DRYER AND WARMER.

The layer of Asphalt-Mastic in which the laths are embedded is absolutely air-tight and damp-proof. It blocks all drafts, and keeps the inside of the house dry, warm and cosy.

RAT AND VERMIN PROOF.

These pests find it impossible to gnaw or bore through the tough, gummy Asphalt-Mastic.

EASILY DECORATED.

Bishopric Wall Board is surfaced with heavy sized cardboard, which forms the ideal surface for Wall Paper or Burlap. Artistic paneling adds to its attractiveness.

THE ONLY WALL BOARD MADE WITH LATH

Laths are positively necessary to back up wall board and Bishopric is the only Wall Board that has them. They make it rigid and substantial and prevent it from working, cracking or pulling away at the joints.

INVESTIGATE.

Whether you intend to build or remodel, don't overlook this opportunity to get a better house—at lower cost—in less time—by using Bishopric Wall Board. Ask your dealer for information. Write or phone for sample and descriptive circulars to

G. I. ANDERSON,  
AGENT.

## APPLES, APPLES, etc.

Now in stock:

- 100 barrels Choice Winter Keeping Apples; also, Black and Mixed Oats. And to arrive Thursday: 50 kegs Green Grapes, 50 cases Onions. Prices Right.

BURT & LAWRENCE, 14 New Gower Street.

Box—245.

Tel.—750.

## GOOD ADVICE.

It is necessary to always have a bottle of good Brandy at hand.

What Brandy will you buy?

The medicinal Brandy "Santor" is not a properly so-called medicine, but it has been selected from amongst the best known growths for their effective principles, and it is distilled so as to develop its tonic and digestive qualities. It is really the FAMILY BRANDY, which name the public has, for a long time, bestowed on it.

The celebrated French physician, DR. PHARZELLE, Inspector-in-chief of the Great Medical Services, says: "The medicinal Brandy 'Santor' is eminently an easy digestive drink, remarkable for its tonifying and reinvigorating properties."

Ask for Medicinal Brandy Santor from your liquor dealer; he has it.

DIRECTIONS.

- Against weakness and bad digestion: a liquor glass at each meal.
- Against Cold, Influenza: take as a hot drink, viz: one ounce and a half of Brandy, one ounce of hot water, with a little sugar.
- Against summer complaints: use with chopped ice, or cold water.

A. PERODEAU & Co.,  
Cognac (France).
