OFFICIAL.

LONDON, Oct. 19.
The Governor, Newfoundland:
France reports enemy attacks near
Souchez frustrated; elsewhere rec-
iprocal bombardments.

Russia reports the enemy driven
across the River Aa, near Riga. In
the southern area were Russian suc-
cesses at various points. Over three
thousand men and many machine
guns were captured.

General Sir C. Munro has been ap-
pointed Commander of the Mediter-
ranean Expeditionary Force, in suc-
cession to General Hamilton. Gen-
eral Birdwood will command tempo-
rarily, pending General Munro's arri-
val.

PREMIER ASQUITH ILL.

LONDON, Oct. 19.
Premier Asquith has suddenly be-
come ill, and his state of health will
require withdrawal from public ac-
tivities at least for a few days. Be-
fore 1 o'clock the following bulletin
was issued at Downing Street: The
Premier is suffering from an attack
of gastric intestinal catarrh, which
will necessitate a few days of com-
plete rest. Earlier in the day Asquith
attended meetings of the war commit-
tee and the cabinet, both of them held
in his official residence.

LLOYD GEORGE ASSUMES LEADERSHIP.

LONDON, Oct. 19.
In Premier Asquith's absence,
Lloyd George led in the Commons
this afternoon. He steered off all
proposals of what the Government
considered awkward questions. "It
is impossible," was his reply to urgent
requests for statements regarding
the situation in the Dardanelles, and
as to Italian co-operation in Serbia.
Lloyd George was only able to say
that methods whereby Italy can most
effectively co-operate in helping Ser-
bia in the common cause were under
discussion among the Allies. Sir Ed-
ward Carson, whose resignation as
Attorney General was announced yester-
day, did not put in an appearance.
No explanation was made of his re-
tirement. The House was crowded,
owing to expectation of developments
in the political arena, and excitement
over the expected refusal of the Gov-

ANXIETY OVER THE CABINET.

LONDON, Oct. 19.
Britain is awaiting anxiously whe-
ther the Cabinet ministers will be
able to compose their differences or
continue the grave work of swapping
horses in midstream. The military
difficulties which confront the Allies
have taken a position of secondary
importance for the time being. The
Cabinet has been holding long and
frequent meetings since the Balkan
crisis developed. Both newspapers
and politicians agree that vital dif-
ferences of opinion have arisen over
the conscription issue, and the Near
East question. In the meantime the
newspapers are carrying on bitter de-
bate and exchanging accusations of
lack of patriotism and of placing par-
ty and private interests above those
of country.

BRITISH PRISONERS IN GERMANY

LONDON, Oct. 19.
Twenty-five thousand was the offi-
cial answer in the Commons to-day
to a request for information as to the
total number of British prisoners of
war in Germany.

SPIES SENTENCED.

LONDON, Oct. 19.
Two prisoners, charged with es-
pionage, and tried by court-martial in
London, were both found guilty. One
was sentenced to death, and the other
to five years' penal servitude. The
Press Bureau of the War Office an-
nounced to-day. The prisoner sen-
tenced to death was executed this
morning.

GERMAN ATTACKS REPULSED.

PARIS, Oct. 19.
German attacks with hand gren-
ades last night to the northeast of
Souchez, were completely repulsed by
French forces, according to a French
official statement given out to-day.

BULGARIANS LOSE HEAVILY.

PARIS, Oct. 19.
Heavy losses for the Bulgarians in
the fighting which preceded the cap-
ture by the Allies of Strumitza are re-
ported in a despatch from Salonika
to Milan. It is asserted that the en-
tire balance of the Bulgarians were
annihilated by the Franco-Serbian
forces. British, as well as French
troops, the despatch says, took an im-
portant part in the engagement north-
west of Derran near the Vardar Riv-
er, and at Valanov. In the north-
eastern sector of the latter point the
Bulgarians made a counter attack,
but subsequently fled across the fron-
tier pursued by Serbians.

DEDEAGHATCH BOMBARDED.

NEW YORK, Oct. 19.
A News Agency despatch from Lon-
don, published here this afternoon,
says that it is officially announced
here to-day that Dedegatch, the
strongly fortified Bulgarian port on
the Aegean Sea, was being bombarded
by the Allied Fleet, twelve miles
across the open gulf from Enos, and
that if the bombardment is being
staged by the Allied fleet, it is prob-
able that a movement to take the city
by land has been started by the An-
glo-French forces which landed at
Enos yesterday.

BULGARIAN TROOPS OCCUPY VRANYA.

WASHINGTON, Oct. 19.
The capture by the Bulgarian rail-
roads at Vranja, on the Serbian rail-
road, between Nish and Salonika,
Greece, is reported officially to-day
by the Bulgarian Legation here. Occu-
pation of the railroad at Vranja cuts
off all rail communication between
the Serbian capital and the source of
supplies abroad. According to the
legation's advice, four forces of troops
are operating against Serbia, and
with Vranja occupied, and the rail-
road northward to Nish in operation,
the officials of the Legation were of
opinion that a large army would be
before the capital within three days.

ALLIED TROOPS FOR SERBIA.

ATHENS, Oct. 19.
British and French troops continue
to disembark at Salonika. The num-
ber of those troops is so large that it
is impossible to forward them all
properly by rail to Serbia. Some
troops are making forced marches
through Greek territory in the direc-
tion of Serbia.

OCCUPANTS OF ZEPPELIN KILLED

LONDON, Oct. 19.
A London firm of glass manufac-

turers, which has a plant at Mau-
beuge, in France, received the follow-
ing cable message to-day: "The chim-
ney of our Maubeuge works has been
destroyed by a Zeppelin dashing into
it. All the occupants of the Zeppelin
were killed."

RECOGNIZES CARRANZA.

WASHINGTON, Oct. 19.
Formal recognition by the States
of a de facto government in Mexico,
with General Carranza as chief of the
executive, was accomplished at noon
to-day, by the delivery to General
Carranza's representative, Eliseo Ar-
redondo, at the Mexican embassy, of a
letter from Secretary of State Lan-
sing.
