**CABLE NEWS.**

**LONDON, Aug. 13.**

(Canadian Press Despatch from Reuters, Ld.)—The glorious record of the Canadian cavalry and motor

brigade is vividly described in a despatch from Roland Hill, the official correspondent of the Canadian military with the Canadian forces in the west.

These Canadian brigades played their own brilliant part in the victory. One section of Canadian cavalry was under a splendid young officer from Regina had the task of getting in touch with the French cavalry. After

had had a hard fighting they met not from Quenneville and smilingly answered: "You are late, chief," the Canadian officer said, looking at his watch. "Not at all," replied the

Frenchman, "it is you who are late; you are early." I saw the

members and the Canadian picture of the battle of the Boche at the night of the 12th. They were slaughtered

in all directions, two being actually cut down over a machine gun

which they were firing. The Canadian cavalry were rushing far ahead of the

main attack on a little wooded knoll where they had a short view of a

Western battalion charging into the line who had escaped the horsemen,

and were ready to go back and catch up in the rear, but it was not necessary explained a cavalry subaltern

of the Boches that battalion did not kill one held up their hands. The motor

machine gun brigade flanked our cavalry and kept the Boches on the right

from rallying. The same old armor-plated cars that helped save Amiens were

on the home roads again. The motor company captured a machine gun

quarters. They even found and destroyed distress signals which the

Boches might have used. We could then spare men to take all the prisoners

back. We beckoned them to beat up our advancing infantry, said a

strathcona officer. They dashed try tricks because our armored cars

and machine posts were all along the road. Another squadron from Cana-

lian branch south and circled. Fre- taking about 200 Hun prisoners

though afterwards it transpired were still a strong garrison hold- ing in the big day came, and the

French later had considerable trouble taking the village. Although we

outlooked it they dashed up side roads and enfiladed the enemy as he

went over the sky line. Their lor- almost kept pace with them and

the ammunition was unloaded.

**"CANTON" Account Registers!**

Merchants everywhere realize that to be successful, and to get best results from their business, they must do the largest possible volume of business with the least help. This is the reason why so many Computing Scales, Cash Registers, Oil Tanks, Meat Slicers, Cheese Cutters, etc., are being sold.

These specialties are expensive and it pays to buy the best made. Bookkeeping in any business is an expensive proposition. Any system which will make bookkeeping easier and avoid mistakes is of great value. Many Account Registers of various styles have been placed on the market, they have proven very valuable in saving time and avoiding mistakes. It was found however that in order to be of real value, any account register must be kept in a fireproof cabinet.

At present the market is flooded with so-called "fireproof" cabinets containing Account Registers. The walls of most of these cabinets are so thin, they cannot possibly resist an ordinary fire. Some of them have glass covers which are easily broken. Some have different compartments requiring transfer of accounts from one compartment to the other, all of which takes time.

The "Canton" Register has recently been placed on the market which overcomes most of these difficulties. It consists of a strong, well-made metal cabinet. The walls are made of special heat-resisting material, and are double, with one inch air space between; this gives much better fire protection. It contains receptacles in which may be filed account slips or in which a separate book may be kept for each customer. No index is required and only one writing is necessary. These cabinets are made in different sizes. For instance, our one hundred account cabinet contains space for one hundred steady customers, also for an equal number of transient or occasional customers. This cabinet occupies a counter space of 12 1/2 by 20 inches and is 2 1/2 inches high. They are built in six sizes of following prices delivered to your store:-

100 account 22 inches \$127.00

200 " 24 " \$156.00

300 " 26 " \$185.00

400 " 28 " \$214.00

500 " 30 " \$243.00

600 " 32 " \$272.00

To give an idea of the substantial construction of these registers we might state that our 200 Account Register weighs about 255 lbs. This Register was patented November 1917, 1918, and is the last word in fireproof cabinet construction. Any standard pads or sale book can be used.

If you are interested in the simplest and safest Account Register on the market, write or wire.

## To-Day's Messages.

**11.30 A. M.**

**ALL SHOULD CONSERVE.**

**LONDON, To-day.**

(Canadian Press Despatch from Reuters, Ld.)—Food Controller Clynnes, informed the Newspaper Men to-day that the existing supplies of food in the British Isles, whether home grown or imported, ought not to be taken by the people as a guarantee of absolute permanent security. Economy of every kind was so direct a contribution to shipping resources, he pointed out that waste or even failure to make sacrifices was at best a thoughtless offence against the national safety, the food difficulties of the world, Mr. Clynnes said, were increasing, despite every effort to avoid them, and Great Britain could not altogether escape some share thereof. The yield of the British harvest, this year, Mr. Clynnes remarked, would be a disappointment to Germany.

**STAR AIR MAN CAPTURED.**

**LONDON, To-day.**

(Canadian Press Despatch from Reuters, Ld.)—Reuters's correspondent at the British Army Headquarters cables that this evening the remains of both sides continue to exploit the glorious weather to the fullest degree. There are numerous aerial combats between constant heights, tactics employed by us. Our mastery of the air is so complete that it is difficult for the Huns to cross our lines in daylight. 1 hour Lieut. Dillie, one of the Star airmen of the Richthofen Circus, was forced to land behind our lines. It is claimed he brought down thirty-one of our machines.

**RECORDS BEING KEPT.**

**LONDON, To-day.**

(Canadian Press Despatch from Reuters, Ld.)—Premier Borden, on opening to-day the exhibition of war specimens collected by the Canadian Army Medical Corps, remarked that the British Army Hospitals were keeping the most careful records of age and sex of the soldiers who were sent to the front. He was assured that these would be of the greatest service in the future to medical science. It was he added, gratifying to know that the Canadian medical officers, backed by the Canadian Government, were assisting in this work.

**1.00 P. M.**

**AIR RAIDS ON GERMANY.**

**LONDON, Aug. 14.**

A record number of air raids were made into Germany territory during the night of the 13th/14th inst. The total is said authoritatively to be 96. The bombs dropped amounted to 81 tons.

**CONSCRIPTING RUSSIANS.**

**LONDON, Aug. 14.**

A despatch to the Daily Mail from Vladivostok, dated Sunday, says the Germans already are conscripting Russians to augment their ranks. It is stated that at least 100,000 Russians are being taken by the Czech-Slovaks, says the despatch. German flying columns are impressing Russian soldiers from 15 to 45 years of age are bringing these who disobey the mobilization army before Germanized revolutionary tribunals, which condemn them to death. The conscription of Russian soldiers by the German company and platoon commanders and are stiffened by twenty Germans or Magyars to every sixty Russians.

**DUEL WITH SUB.**

**AN ATLANTIC PORT, Aug. 14.**

The members of an American transport's crew arriving here this evening gave accounts of a duel Tuesday afternoon between the naval gunners of their ally and German submarine, which attacked their ship three hundred miles off the American coast. About eight shots were exchanged. As the transport, under full steam, drew away the submarine ceased firing.

**GERMANS BECOMING NERVOUS.**

**WITH THE BRITISH ARMY IN FRANCE, Aug. 14.**

(By the A.P.)—In the battle area between Fouguescourt and Roye, the enemy appears to be in a fairly strong position in the old trenches behind the rusty wire erected prior to July, 1918. This area is strongly garrisoned. However, there are no immediate signs of a counter offensive here or elsewhere. The enemy seems to have accepted defeat preferring not to attempt any operations which might cost him heavy losses. It is believed that the Germans themselves are somewhat nervous according to the talk of prisoners, which may or may not be correct. At least five and probably more enemy divisions were withdrawn from the fight in an exhausted condition. There have been only a few real developments on the British front in the past few hours. The Australians have cleared the enemy from Cateau Wood just south of Bray, straightening their line at the River and eliminating an enemy strong point. South-east of Bois-Louis-St. Marie, south of Arras, the Germans attempted a raid on the Allied positions. Four men were killed and one was killed and the others wounded. The Germans have not desisted from the practice of leaving man traps in the territory from which they have been cleared. The body of a British officer was found in Aveluy Wood had a German grenade attached to the wrist in such a manner that it would have exploded had the body been moved.

**INSTANT POSTUM**

**1.30 P. M.**

**SAFEGUARDING THE GOLD.**

**AMSTERDAM, To-day.**

(Wireless Press)—Soviet troops have begun to evacuate Moscow. The gold reserves which had been in the basement of the Kremlin already have been removed to an unknown Palace.

**FRENCH HANNIBALING ENEMY.**

**PARIS, Aug. 15.**

Both sides are giving strength for a resumption of heavy fighting. That, however, does not prevent the French from hammering away at the Lassigny-Noyon line, and steadily struggling onward through gas choked woods. General Humbert's men have carried Albocourt which barred the road running towards Noyon, between Thiescourt Ridge and the Oise, and protected the Germans in Ourcamp salient. The enemy in the Thiescourt position has been severely shaken by the attacks of General Humbert's left, is reported to be showing signs of giving away.

**NEW MUN COMMANDER.**

**PARIS, Aug. 15.**

General Hans Von Boehm, the German untried specialist, has been appointed to the supreme command on the Somme front. The newspapers believe that this change in the German command is highly significant. The German withdrawal north of Albert is looked upon as the first application of his tactics.

**73,000 PRISONERS.**

**PARIS, Aug. 15.**

Just four weeks ago to-day the residents of Paris were awakened by the sounds of such a cannonade as they never had heard before. It was General Mangin's "counter preparation" against the great German attack, which the enemy believed was to bring him to the gates of Paris in a surprise

tempered with joy the morning papers outline the great change that one short month has brought. The enemy who was at the gates of Amiens, Rheims and Compiègne has been soundly beaten and outgeneraled at every point.

His initiative has been taken from him by the military genius of Marshal Foch. The German command, it is said, has transferred the direction of operations to General Von Boehm, a special in retreats. Allied troops have captured 73,000 prisoners and 1,700 guns. This is a greater number than the Allies have taken in four weeks since the beginning of the war.

**ARTILLERY DUEL CONTINUES.**

**PARIS, Aug. 15.**

The violent artillery duel continued during last night, according to a statement from the War Office to-day. A German raid in Champagne failed.

**Hr. Grace Notes.**

Farmers are after the scalp of the man in Harbor Grace who sold new potatoes a few days ago for 25 cents a bushel. It is said that the man was 50 cents per gallon was the rate charged when flour was \$5.00 per barrel, before the war, but not now. Some- body certainly has a dream which brought him away back before the war.

The Patriotic concert given at Coughlin Hall last night was a grand success. The hall was crowded, the performers did well, and quite a sum was realized. We have not heard the amount.

Pte William Martin, son of Mr. Alfred Martin, of the Forestry Battalion, who was a prisoner of war in Germany, and exchanged, arrived home by last night's train. It was not known he was coming last night, or no doubt many would have been at the station to welcome the wounded hero.

Mr. Gerald Doyle, of St. John's, is in town taking charge of Strapp's Pharmacy, which the proprietor, Mr. E. Freeman, is taking a well earned holiday.

Mr. Frank Davis, Manager of the Branch Bank of Nova Scotia, at Bar- geo, was in town for a few days on a visit to his home folk. He left for home by yesterday's train.

Miss Gertrude Strong is in town on a visit to her sister, Mrs. J. Fynn. Miss Strong is a teacher, and before coming here spent part of her vacation with another sister, Mrs. W. LeDrew, on Bell Island.

**CORRESPONDENT.**

Mr. Grace, Aug. 14th, 1918.

**Train Movements.**

Yesterday's west bound arrived at Port aux Basques at 7:25 p.m. yesterday.

Yesterday's west bound left Quarry at 6:25 a.m.

Yesterday's east bound left Arnold's Cove at 8:45 a.m.

To-day's east bound has not reported since leaving Port aux Basques, on account of wire trouble.

The shore train arrived on time.

The Trepassey train arrived on time.

**Holyrood Welcomes Returner Hero.**

Early this week the young ladies of Holyrood turned out to welcome home one of the Blue Puttee boys, Quartermaster of the body of a British officer, found in Aveluy Wood had a German grenade attached to the wrist in such a manner that it would have exploded had the body been moved.

## Distinguished Unionists Coming.

On the 22nd inst. two distinguished Unionists are coming to St. John's, and the local labor unions are inviting workers in kind to turn out and give them a big reception. The visitors are Mr. Baston, General Organizer of the Federation of Labor, and Mr. Moore, General Organizer of the Carpenters and Joiners' Union. Mr. Moore comes here every year and this time extended an invitation to Mr. Baston to accompany him to enquire into labor questions in this country.

**Narrow Escape.**

This morning, when coming into LeMarchant Road from Parade Street, a young man on a bicycle had a very narrow escape from serious injury. The wheels of the bicycle caught in an old street car track that lies embedded in the road and he was pitched over the handle bars, falling on his head. Those that witnessed the accident thought that the rider's neck was broken, so great was the force with which he struck the ground. He, however, escaped with minor injuries. These falls undoubtedly should be covered in as they continually offer a means of accidents.

**Here and There.**

**FISH ARRIVAL.**—A schooner with 500 qts. of fish has arrived at Harbor Grace.

**BEARNS now selling Large, Dry, Floury, New Potatoes at less than 60 cents gallon.—11**

Owing to the weather the Baseball Game set down for this evening has been postponed.

**IN AID OF NEW CHURCH.**—The Star R. R. and B. Committee are making preparations to hold an excursion to Holyrood in aid of Fr. Finn's new church.

**POLICE COURT.**—There was only one case before court this morning, that of a Bell Island domestic, who was charged with stealing \$135.00. The case was postponed.

**EXPRESS PASSENGERS.**—The following passengers are on the incoming express:—R. M. Denkenhoff and wife, Mrs. W. McCarthy, Mrs. E. Brain, Mrs. G. E. Teall, Mrs. M. P. Cashin, J. W. Morris, Naval Reservists H. Warren, E. Seward, A. Saggis, S. Warren.

**NEW HOSTEL.**—The old C. of E. Orphanage, Military Road, is now being altered and renovated so as to accommodate the boarders of Bishop Field College. We understand this will be great improvement to the old hostel quarters and will be under the charge of Rev. H. L. Pike, L.T.H.

**MARRIAGE.**

On the 14th inst., at the Methodist Parsonage, Cochrane Street, by the Rev. Dr. Bond, Alice M. Lambert to Herbert M. Walsh
