LET'S CLEAN HOUSE.

Spring is here, and with it the desire to have our homes be much pleasanter to live in. It is a habit of throwing things away that we get into. We get into the habit of feeling resentful about certain conditions in our life. We don't do anything to change these conditions, we just let ourselves mull bitterly over the hardship or the unpleasantness or the injustice. The habit of resentment doesn't do the slightest good and it does harm. Let's just take it and throw it in the furnace and burn it up one of these Spring days. The house will be so much cleaner to take care of when we have gotten rid of it.

Then there are a lot of worn out pieces of furniture in the attic or tucked away in the closets that we would really be ashamed to have anyone see. What a wonderful bonfire they would make!

And now that we have made room for something better in the mental house why not bring down from the attic some of those old tender memories and dusty ideals and youthful ambitions that have been pushed way back in the corners behind those worn out prejudices. Why not dust them and clean them, and bring them down stairs and give them the places of honor and prominence that some of those worries and resentments held.

And then let's throw open the windows, especially those that give toward the East, and let in the sun and air and see if our House of Life is not a better place to live in.

Harbor Grace Notes.

The passing of Mrs. Jane Sheppard, widow of the late Mr. W. H. Sheppard, was learned by relatives here through a message received during the week past. Death took place at Montreal, where deceased had been residing with her son Leonard, since leaving this town some two years ago. The end came after a short illness. Her demise will be regretted by her friends here. She leaves behind six sons, Albert, Walter and Leonard in Montreal, Kenneth of British Columbia, and John and Edward of this town. Mrs. J. French of Montreal, and Mrs. James Yetman of this town are sisters. Mr. Richard Sheppard of Bonne Bay and Mr. Jordan Sheppard of this town are brothers. The body left Montreal on Thursday and will be interred here. Her son, Mr. Leonard Sheppard, we understand, is accompanying the remains. To the bereaved family we offer condolences.

Miss Stella LeDrew who was visiting friends at the city, returned to town during the week.

Mr. W. A. Mann of St. John's was in town to-day.

Schr. Cold Storage, Capt. C. Blackwood, went on Dock on the 11th inst. and came off again to-day.

Schr. Progress, Capt. P. Blackwood, went on dock on the 12th inst. and came off this afternoon.

Schr. P. P. Union, Capt. Wm. Rideout, was docked here on Wednesday of last week, and repairs finished on Saturday.

Schr. Geo. Tibbo, Capt. Badcock, came off dock this afternoon, after having some painting etc. attended.

As the above will show our marine dock has been kept fairly busy during the past couple of weeks and each day has brought several vessels for dockage. This is pleasing to note, as a certain amount of labour can be obtained from this source. We trust the season will be a busy one for our marine dock.—COR.—

THE TRUTH AT LAST.

The truth concerning Reuben Rice has never been put across; men thought because he beat his wife he was a total loss. He was a man who earned his bread in labor's honest sweat, and for long years his neighbors said he was a good sate bet. His wife he treated like a queen; he treated her too well; and in her course the cause is seen of trouble that befell. With too much idle time on hand, she fooled with this and that; once she was drummer in the band, again, an acrobat. She studied boxing in the school that old Jeff Dempsey ran, till she could whip a kicking mule, and paralyze a man. And being anxious to display the skill she had acquired, she soaked poor Reuben every day until she made him tired. At first he smited a sickly grin when his Miranda Rose would await him lightly on the chin or buff him on the nose. At first she held herself in check, dealt friendly short arm jerks, and when she hit him in the neck it didn't jar his works. But soon she gave him all she had, haymakers and repeat, and when she hit his liver pad she'd lift him off his feet. And it was then that Reuben's ire, long dormant, filled his breast; he smote her like a house adze, and knocked her galley west. And people say he is no good; his every act they roast; they do not know how long he stood, the household whipping post. And half the time we do not know the facts when we arise and call down judgment, doom and woe on other human guys.

WALT MATON

Wife and children. Day by day as every phrase to say. Spoken everywhere, lightly on the air. And children left behind— the way of humankind, words and children hear shame and hurt and care. What reporters find, and children left behind, by rail or sea. This ancient tragedy, the man, child of the good story this is penned. Ask children what they know, and upon their lips, upon their lips, upon their lips. Ask your druggist and he will tell you what D.D.D. Prescription has accomplished in your own neighborhood. Your money back unless the first bottle relieves you.

Calendars Out of It.

A novel scheme to do without calendars is proposed by a British mathematician, who proposes to cut the solar year of 365 1/4 days (that's what we allow it at present—365 days, and once in four 365) to 364 every year. This year of 364 will be broken up into four quarters, each of ninety-one days. The quarters will again be divided into three months, the first two in each to have thirty days, and the last thirty-one.

Chronic Constipation

Relieved Without the Use of Laxatives. Nujol is a lubricant—not a medicine or laxative—so cannot gripe. When you are constipated, there is not enough lubricant produced by your system to keep the food waste soft. Doctors prescribe Nujol because its action is so close to this natural lubricant. Try it today.

Famous Light Cruisers Placed on Sale List.

Completed by the Fairfield Shipbuilding Company, at Govan, during the first few years after the outbreak of war, and sent direct from the Clyde into the war zone, the light cruiser Undaunted, with took part with four destroyers of the L type in sinking four German torpedo boats of the Dutch coast in October, 1914, was this week paid off at Sheerness and placed on the sale list. The Undaunted took part in most of the engagements in the North Sea during the war. The light cruiser belongs to the Arethusa type, and with the paying off of her sister cruisers, Royalist, and Phaeton for sale, this famous class of light cruiser will disappear entirely from the Navy List, with the exception of the Anona, which is serving under the Canadian Government.

Household Notes.

If green vegetables are cooked uncovered they will keep their color better. If you have to take young beet plants use the plants pulled for greens. Cold meat loaf makes excellent sandwiches for the Sunday night supper.

ECZEMA

You are the only person who can cure your eczema. It is a disease of the skin, and it is caused by a germ. The germ is called the eczema germ, and it is found in the skin of every person who has eczema. The germ is very small, and it is very hard to see. It is very hard to kill, and it is very hard to get rid of. The only way to get rid of it is to use the eczema cream.

Eczema Tortured Her on Face and Hands

HERE IS A VERY RECENT CURE IN NEWFOUNDLAND.

From September, 1920, I was a sufferer from eczema of the face and hands. I tried one doctor and the remedy he gave me would take the fire out of it but that's all. I could not even wash my face and hands, and to tell the truth I was tortured. After trying a good many remedies I said I would send to my druggist and get a bottle of D.D.D. on hearing so much about it, and I used it, one bottle two weeks and now I can use water to my face and every part of it has disappeared from my hands.

You can certainly publish this letter as my friends know it to be a real fact.

Yours truly, MRS. JAMES RYAN, Princeton, B.B., Newfoundland.

Ask your druggist and he will tell you what D.D.D. Prescription has accomplished in your own neighborhood. Your money back unless the first bottle relieves you.
